The Council then adjourned.

FRED W. SMITH,
President Pro Tem.

JOHN A SCHMID,
City Clerk.

BOARD of Education, Secretary's Office No 50 Miami avenue, Detroit, Mich July 30, 1900.

Sealed proposals will be received at this office until 5 o'clock p m city time Tuesday, Aug 7 1900, for furnishing all the material and labor necessary in the erection of a 16-room school building in the vicinity of Morrell and Fort streets, and for furnishing all the material, labor machinery and appliances for a system of heating and ventilation apparatus in the

plans and specifications, which may be seen at the office of the supervisor of the board, room 1, this building.

Proposals must be upon a form to be obtained in the office of the Supervisor, and no proposal will be considered unless accompanied with a certified check in the sum of 6 per cent of the amount of the proposal, said check to be made payable to the order of the Board of Education, and to be forfeited to said board if the bidder fails to enter into contract (form of which may be seen in this office) within five days after notice of the acceptance of proposal. Bidders will be required to give on their proposals the names, if any, of their sub-contractors.

No proposal will be accepted from any person or firm who are in arrears to this board upon a debt or contracts, or who is in default as surety or otherwise, upon any obligation to said board.

The right to reject any or all proposals or to waive any defects in proposals is expressly reserved.

L. H. CHAMBERLIN,
Secretary.

BOARD OF PUBLIC WORKS,

Detroit, Mich., Aug 6, 1900.

PROPOSALS FOR PAVING STREETS.

Sealed proposals will be received at the office of the Board of Public Works, Detroit, Mich., until Monday, Aug 13, 1900, at 11 o'clock a. m., local time, at which time and place they will be opened for furnishing all the labor and materials and grading, paving, etc., the streets named below, within the limits mentioned, in the City of Detroit, with the style of pavement stated.

TOLEDO AVENUE. From the west curb line of Scotten avenue, to the east curb line of Livernois avenue, 40 feet wide (less double tracks), with cedar blocks on concrete foundation and Medina curbstone.

Following are the estimates in detail of the work to be done on the above paving job:

TOLEDO AVENUE.

Assessment Estimates.

Excavation, 3349 cubic yards.
Curbstone, new straight, 3870 08 lineal feet.
Paving, cedar block, 10631 68 square yards.
Concreting under paving, 10631 56 square yards.
Concreting under and behind curb, 3517 cubic yards.
At the junction of pavement with car track the contractor will fill void under rail heads with cement mortar, without extra charge, 7578 lineal feet of rail, if required.

City Estimates.

Excavation 500 cubic yards.
Curbstone, new straight, 402 80 lineal feet.
Curbstone, circular, 162 81 lineal feet in 5 Medina circles 15 feet radius, 1 Medina circle 15 feet radius.
Paving, cedar blocks, 1629 70 square yards.
Concrete, under paving, 1629 70 square yards.
Concreting under and behind curb, 15 61 cubic yards.
Retaining plank, 65 34 lineal feet.
At the junction of pavement with car track the contractor will fill void under rail heads with cement mortar, without extra charge 1167 84 lineal feet of rail, if required.

The time to be set in the contracts for the completion of the above paving jobs shall be as follows:

Toledo avenue ... Oct. 31, 1900.

Should the Common Council fail to confirm any of the above on or before Aug. 31, 1900, the date of completion shall be extended to cover any delay in confirmation beyond that date.

Said streets and avenues to be paved according to the specifications for cedar block on concrete, adopted by the Common Council March 16, 1900, also to the estimates of the City Engineer, as above, and the Charter and ordinances of the City of Detroit.

For the above work bidders will state the price per cubic yard for excavation, price per lineal foot for curbing, price per square yard for paving or concreting, and price per lineal foot for retaining plank or stone, etc.

Bids will only be received for the entire of the work or material for any street or section of street as per quantities stated in the estimates, and the bid will be accepted which is the lowest on aggregating the above details regardless of any error of exactness of footings made by the bidders.

Each bidder must deposit with his bid inclosed in a separate envelope a certified bank check payable to the order of the Board of Public Works of the City of Detroit as follows:

[redacted] $[redacted]

Which sum will be forfeited to the City of Detroit in case the bidder refuses or neglects to enter into contract for the work subject to confirmation by the Common Council, within five days after acceptance of his tender by the Board of Public Works. Checks deposited with rejected bids will be returned to the bidder on demand.

The bidder whose tender is accepted will be required to furnish with his contract an approved surety bond to the City of Detroit, in the sum of 50 per cent of the contract price for the work conditioned on the true and faithful performance of his part of the contract.

No bids will be accepted from any person or firm who is in arrears to the City of Detroit upon debt or contract, or who is in default as surety or otherwise upon any obligation to said city.

Upon the proper execution of the contract bond the amount deposited with the bid will be returned to the contractor.

Printed specifications in detail for the above work are on file in the office of the Board and copies thereof may be had on application to the Secretary.

The Board of Public Works expressly reserves the right to reject any or all proposals.

(2330) J. W. MILLIKEN,
President Board of Public Works.

COMMON COUNCIL

(OFFICIAL.)

Detroit, Tuesday, Sept 18, 1900

The Council met and was called to order by the President, Hon Robert Barrie

Nays—Ald McGraw -1

The ordinance was then placed on the order of third reading

The title to the ordinance was read a third time

Ald Coots moved to amend section 6. by inserting after the word "four" in the nineteenth line thereof, the following "Or less than two and one-half," which motion prevailed.

The ordinance as amended was then adopted as follows

Yeas—Ald Atkinson, Beamer, Bleil, Coots Delmel, Fracher Grunow, Haarer Hansjosten Hilger Houghton Joy, Knauss, Koenig Lemke McGraw McGuire, Marx Mayhew, Miller Moeller, Peoples Schneider Smith, Snow, Tossy, Weibel, Weller, Wildman and the President—30.

Nays None

The title to the ordinance was confirmed

SAME

Ald Koenig moved to take from the table an ordinance laid over Sept 11, 1900, entitled "An Ordinance to amend section 1 of chapter 122 of the Revised Ordinances of 1895, as amended by an ordinance approved June 2, 1896, and as further amended by an ordinance approved May 25, 1897, and as further amended by an ordinance approved June 25, 1900 (fire limits), which motion did not prevail

Unfinished Business.

Ald McGraw moved to take from the table a resolution laid over Sept 11, 1900 instructing Controller to draw warrant in favor of John A. Lambrecht for $15 50, being a refund of tax, which motion prevailed

Ald McGraw then moved the adoption of the resolution, which motion did not prevail as follows

Yeas Ald Fracher, Grunow, Joy, Koenig Lemke McGraw Mayhew, Miller, Moeller Peoples Snow Weibel, Wildman and the President 14

Nays Ald Atkinson Beamer, Bleil, Coots Delmel, Haarer, Hansjosten, Hilger, Houghton, Knauss McGuire, Marx Schneider Smith, Tossy and Weller—16

SAME

Ald Bleil moved to take from the table a resolution vetoed by the Mayor and laid over Sept 4, 1900 confirming contract with H Frederick & Co for paving Toledo avenue between Scotten and Livernois avenues, with cedar [illegible] concrete, which motion prevailed as follows

Yeas Ald Beamer Bleil, Coots, Delmel Fracher Grunow Haarer, Hansjosten Joy Knauss Koenig, McGraw Marx Mayhew Miller Moeller Peoples Smith Weibel, Wildman and the President—21

Nays—Ald Atkinson Hilger Houghton, Lemke, McGuire, Schneider, Snow,

Ald Bleil then moved the adoption of the resolution, notwithstanding the veto of the Mayor. Pending a vote on the question the following was read out of order.

COMMUNICATION.

From the Board of Public Works.

To the Honorable the Common Council

Gentlemen In answer to the resolution adopted at the last meeting of your honorable body requesting the Board of Public Works to report any available funds in its possession which could be used for the purpose of paving between the street railway tracks on Toledo avenue, from Scotten to Livernois the Board begs leave to state that there are no funds available for the purpose mentioned. Also, that under an opinion received from the Corporation Counsel the only legal manner of providing funds for paving between said tracks is by assessment upon the abutting property owners in the same manner as would be necessary in paving the other portions of the street

Respectfully submitted,
J W MILLEN
President

Accepted and placed on file

Ald Merrell and Reinhardt entered and took their seats

Then the motion of Ald Bleil did not prevail as follows

Yeas Ald Beamer Bleil, Deimel Fracher, Grunow, Hearer, Hansjosten, Joy Knauss Koenig McGraw Marx Mayhew Merrell, Miller Moeller Peoples Reinhardt Smith Wethel Wildmar and the President 22

Nays Ald Atkinson Coons Hilliger Houghton Lemke McGuire Schneider Snow Tussy, and Wesler 10

From the Corporation Counsel.

To the Honorable the Common Council

Gentlemen—After the consolidation of the several street railway companies, it was claimed that the service on some of the lines of the Detroit Railway had been manipulated in order to force the public to the payment of the higher rates of fare, and in 1897 Mr Flowers filed a bill against the several railway companies to test the validity of the consolidation

Answers were put in but nothing further has been done in that case Upon inquiry, I am informed that after the filing of this bill the service contemplated by the franchise to the Detroit Railway was resumed and has since been continued If such is the fact the suit might as well be discontinued, but I hesitate to do so without your authority

I suggest that the matter be referred to the proper committee for examination and report, and I await your instructions after the coming in of such report

Yours very truly,
JOHN W McGRATH
Chief Assistant Corporation Counsel.

To the Honorable the Common Council:

Gentlemen — Your Committee on Streets to whom was referred the communication from the Board of Public Works, submitting proposals for the paving of Twenty-ninth street, from Michigan avenue to Buchanan street, and Thirty-fourth street, from Michigan avenue to Buchanan street, respectfully report that we have carefully considered the matter and beg leave to state that your committee feel that the bids submitted are entirely too high to give them any further consideration. Further than this, we might also state that the property-owners on the street are almost unanimously opposed to the proposed paving this year.

Your committee therefore recommend that the resolutions confirming the contracts entered into by the Board of Public Works for the paving of the aforesaid streets be indefinitely postponed

Sewers.

To the Honorable the Common Council

Gentlemen Your Committee on Sewers, to whom was referred the communication from the Board of Public Works relative to the matter of allowing the Russel Wheel & Foundry Co and the American Radiator Co to connect with and drain their premises into the public sewer in Chene street, also the communication from Henry J Eikhoff Assistant Factory Inspector in reference to the unsanitary condition of the aforesaid factories, respectfully report that we have given the subject our most careful consideration and beg leave to state that we can see no objection in this particular instance to allowing these factories to connect with and drain their premises into our public sewer in Chene street They employ in the neighborhood of six hundred whose homes are located in the city under the existing circumstances the sanitary condition of these properties is in a deplorable shape and detrimental to the health of employes The closets [illegible] which are not connected with any sewer and although the firms have exerted considerable effort to keep them in as good a condition as possible, the large number of employes renders such efforts practically futile The City Engineer has informed the Board that the capacity of the sewer is [illegible] that such waste water from these premises would be beneficial in the matter of flushing the sewer

We therefore, recommend that their request be granted and that the [illegible] offered by Ald Koch at a session held on the 11th inst (J C C 745), be adopted

Charter and City Legislation.

To the Honorable the Common Council

Gentlemen—Your Committee, to which was referred the resolutions requesting this committee to consider the advisability of amending the charter of the City of Detroit, respectfully report that we have carefully considered the same and beg leave to submit the following report

In regard to the resolutions offered by Ald. Smith and McGuire, asking that a change be made in the matter of building sidewalks and the mode of assessment, we beg leave to state that we believe it would be to the best interests of the city to adopt the method outlined in the resolution offered by Ald Smith, which is, in brief, that the first cost of construction be paid by the abutting property owner, and thereafter to be kept in repair and maintained by the city Further than this we would suggest that the materials be defined, making it compulsory to lay either a stone, cement or concrete walk, and the time of payment be fixed at a reasonable period, payable in two parts

We also indorse the resolution offered by Ald Beamer to have a bill prepared for the next session of the Legislature, providing that the city shall pay one-fourth of the cost of all new paving other than that of cedar block.

We also indorse the resolution offered by Ald Atkinson to have a bill prepared that will allow no conveyance of real estate located within the corporate limits of Detroit to be recorded until there is first attached a certificate from our assessing officers that they have noted on their books the change of ownership with address of new owner, as we believe that this will save considerable annoyance to the Assessors in assessing property, as well as be beneficial to the city's interest.

As to the resolution offered by Ald. Hilger, asking that a bill be prepared as will enable the City of Detroit to issue bonds for the purpose of constructing another bridge connecting Belle Isle with the main land, your committee are unanimous in the opinion that it is an absolute necessity that another bridge be built to Belle Isle, whether it is substituted in place of the present one or built further up towards the center of the island It must be acknowledged that the present bridge is wholly inadequate to supply our present demands and the sooner the proper legislation is secured for a new bridge the better it will be for the citizens of our city.

Your committee therefore recommend that the Corporation Counsel be requested to prepare the several bills above outlined and urge upon the next legislature the necessity and importance of legislation to that end

Respectfully submitted,

FRED W SMITH,
M W. M'GUIRE
MICHAEL MILLER

Special.

To the Honorable the Common Council

Gentlemen Your special Committee on Streets and Board of Public Works appointed to visit St Louis and Buffalo relative to the matter of investigating asphalt plants there to deal, beg leave to submit the following re-

Some time since when bids were advertised for and the same were received by the Board of Public Works, it was found that only two bids had been submitted, being from Messrs Hetherington & Breiner of Indianapolis, Ind., and Schillinger Bros. Chicago, Ill., the last named being a portable plant. Your committee thought it advisable to visit the Chicago plant inasmuch as it was on the way to St Louis. Your committee upon arrival in Chicago visited the portable plant of Schillinger Bros., but upon examination found it to be an old inferior machine, not large enough in our estimation to do repair work in Detroit. We were informed by City Engineer Whitlock that Schillinger Bros. never did any asphalt paving for the city of Chicago, but recently received contracts for some alleys upon which work has not been commenced. Their principal work was that of building asphalt cellar floors in breweries, etc.

While there we also visited the plant of J. J. Duffy & Co., which was built by Messrs. Hetherington & Breiner, which is considered a modern and up-to-date plant, somewhat larger than the same plant but upon by the same firm in Detroit. They also had a very large portable plant which was modern in every detail and used for making binder.

In St Louis, we found an asphalt plant consisting of four kettles 5 feet wide, 10 feet long, and 18 inches deep, built on a brick foundation, heated by wood or coal which we consider is entirely to small for our use. These kettles are roughly built and located under ordinary sheds. This plant cannot and would not supply our demands, as St Louis has only 12 miles of asphalt against 20 miles in Detroit. Further we might state that there is no fixed method for mixing and proportioning the ingredients used in the manufacture th roof. This plant in St Louis is maintained and operated exclusively by the city, and may be termed a municipal plant.

We next visited the city of Buffalo where we visited the plant of the Barber company but which was not in operation at the time. It is practically the same as the plant now located on Sullivan avenue in this city, although slightly larger. We also visited the plant of the Alcatraz company, which is operated by Contractor Burgard but this was in about the same condition as the St. Louis plant, hence we gave it no further consideration. The plant of the German Rock Asphalt & Cement Co., designed by Mr. Pemberthy, formerly of Detroit, is the largest plant we saw during our entire trip, and the only one of its size which was modern and up to date in every detail. Mr. Hershbeck of Detroit was very courteous to the committee showing and explaining every detail and giving any other information that he thought would be of any value.

Your committee after summing up all the information received beg leave to make the following suggestions.

First: If it is the intention of the council to only repair all the asphalt streets in the city we would suggest that a medium size portable plant be purchased such as is used by the J. J. Duffy Co. In closing recommendations mentioned. This size plant might also permit a small portion of new paving.

Second: That if such a plant is purchased, it will require the services of an expert to superintend the construction of the plant, mixing of material, etc.

Third: If the Council intends that the city shall do its own repairing and repaving it would be well to purchase a stationary plant, and if found practicable and economical a portable plant could be purchased for repair work, and the stationary plant used for repaving and new paving.

It therefore, remains for the Council to decide what they may deem the best course to pursue.

Respectfully submitted,
WM. F. MOELLER
MICHAEL MILLER,
JOSEPH MERRELL.

Special.

To the Honorable the Common Council.

Gentlemen: Your Special Committee on Streets and Parks and Boulevards to whom was referred the communication from the Board of Public Works relative to the petition of the Bicentennial Memorial Association, Executive Committee, for the erection of a portion of Woodward avenue immediately south of Jefferson avenue, 30x50 feet, for the purpose of erecting a memorial in celebration of the two hundredth anniversary of the founding of the City of Detroit, respectfully report that we have carefully considered the matter and beg leave to state that if the Street Railway Company is willing to remove the tracks and run a track in each side of the proposed monument said track to be no more than four feet distant from that part of the street to be used, your committee are in favor of granting said committee permission to occupy a space 30x50 feet. We would also state further that notice must be given with the consent of council stating that no part of the expense of removing said tracks shall be paid by the city. We therefore offer the following resolution:

Respectfully submitted,
JOSEPH MERRELL,
HENRY J. MARX,
J. P. SCHNEIDER.

Garfield avenue	Oct 15, 190
Maybury Grand avenue	Oct 31 190

Should the Common Council fail to confirm any of the above on or before Aug 28, 1900, the date of completion shall be extended to cover any delay in confirmation beyond that date

Said streets and avenues to be paved according to the specifications for sheet asphalt on concrete, adopted by the Common Council April 16, 1900, and cedar block on concrete, adopted by the Common Council March 16, 1900, also to the estimates of the City Engineer, as above, and the Charter and ordinances of the City of Detroit

For the above work bidders will state the price per cubic yard for excavation, price per lineal foot for curbing, price per square yard for paving of concreting, and price per lineal foot for retaining plank or stone, etc

Bids will only be received for the entire of the work or material for any street or section of street as per quantities stated in the estimates, and the bid will be accepted which is the lowest on aggregating the above detail, regardless of any error of extension or footings made by the bidders

Each bidder must deposit with his bid inclosed in a separate envelope a certified bank check, payable to the order of the Board of Public Works of the City of Detroit, as follows

Kirby avenue	$ [illegible]
Field avenue	[illegible]
Garfield avenue	[illegible]
Maybury Grand avenue	[illegible]

Which sum will be forfeited to the City of Detroit in case the bidder refuses or neglects to enter into contract for the work subject to confirmation by the Common Council, within five days after acceptance of his tender by the Board of Public Works. Checks deposited with rejected bids will be returned to the bidder on demand

The bidder whose tender is accepted will be required to furnish with his contract an approved surety bond to the City of Detroit in the sum of [illegible] per cent for asphalt and [illegible] per cent for cedar block of the contract price for the work, conditioned on the faithful performance of his part of the contract

No bids will be accepted from any person or firm who is in arrears to the City of Detroit upon debt or contract or who is in default as surety or otherwise upon any obligation to said city

On the proper execution of the contract bond the amount deposited with the tender will be returned to the contractor

Printed specifications in detail for the above work are on file in the office of the Board, and copies thereof may be had on application to the Secretary

The Board of Public Works expressly reserves the right to reject any or all proposals.

COMMON COUNCIL

(OFFICIAL.)

Detroit, Tuesday, Sept. 25, 1900.

The Council met and was called to order by the President, Hon. Robert [illegible].

Present—Ald. Atkinson, Beamer, Bleil, Coots, Fracher, Grunow, Haarer, Hansjosten, Helger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Weibel, Wildman and the President.

There being a quorum present the Council was declared to be in session.

The journal of the last session was approved.

Ald. Coots was excused.

Ald. Tossy entered and took his seat.

Reconsideration.

Previous notice having been filed with the Clerk, Ald. Bleil moved to reconsider the vote by which a resolution instructing the Controller to draw warrant in favor of John A. Lambrecht for $15 50, being a refund of tax, was not adopted at the last session, which motion prevailed as follows:

Yeas—Ald. Atkinson, Bleil, Fracher, Grunow, Haarer, Hansjosten, Helger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Miller, Moeller, Peoples, Reinhardt, Schneider, Snow, Steiger, Weibel, Wildman and the President—25.

Nays—Ald. Beamer, Marx, Merrell, Smith and Tossy—5.

The resolution was then laid on the table.

Unfinished Business.

Ald. Joy moved to take from the table a report of the Committee on Franchises, also minority report of the same committee, laid over Sept. 11, 1900, relative to an ordinance granting permission to the Detroit Citizens' Street Railway Co. to construct track on Second street south of Jefferson avenue, which motion prevailed.

Third Reading of Ordinance.

The Clerk then continued the reading of the above mentioned ordinance.

Ald. Joy then moved the adoption of the ordinance above referred to, as amended at session of Aug. 7th.

Ald. Smith moved as a further amendment to the ordinance the adoption of section 1-A, offered at session of Aug. [illegible].

Ald. Miller moved as an amendment to the amendment that the matter be again laid on the table, which motion prevailed as follows:

Yeas—Ald. Bleil, Fracher, Hansjosten, Helger, Knauss, Koenig, Lemke, McGuire, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel and Wildman—20.

Nays—Ald. Atkinson, Beamer, Grunow, Haarer, Houghton, Joy, Koch, [illegible]

Ordinance.

Unanimous consent being granted, the following was presented by Ald. Peoples:

An ordinance to amend section 1 of an ordinance entitled "An ordinance to regulate the speed of street railway cars within the corporate limits of the city of Detroit," approved Aug. 15, 1900, as amended by an ordinance approved April 1, 1900.

Referred to the Committee on Ordinances.

Ald. Grunow was excused.

Unfinished Business.

Ald. Merrell moved to take from the table a resolution laid over Sept. 18, 1900, granting permission to the Bicentennial Memorial Association Executive Committee to erect monument in Woodward avenue south of Jefferson, et [illegible], which motion prevailed.

Ald. Merrell moved the adoption of the resolution.

Petition.

Pending a vote on the question, the following was presented:

BY ALD. JOY.

Of James Joy, Henry B. Joy and Richard P. Joy, trustees, et al., remonstrating against construction of Bicentennial Memorial to Woodward avenue south of Jefferson avenue.

Referred to the Committees on Streets and Parks and Boulevards.

Ald. Merrell then withdrew his motion and the resolution was then referred back to the Committee on Streets and Parks and Boulevards.

Resolution.

Unanimous consent being granted the following was offered:

By Ald. Moeller:

Resolved, That assessment roll No. 562 for paving Clark avenue, assessment roll No. 567 for paving Grandmond avenue, and assessment roll No. 568 for paving Bagley avenue, confirmed by the Common Council at a session held July 17th, last (J. C. C. 574-5), be and the same are hereby rescinded.

Adopted as follows:

Yeas—Ald. Atkinson, Beamer, Bleil, Fracher, Haarer, Hansjosten, Helger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Wildman and the President—29.

Respectfully,
F A BLADES,
Controller

Accepted and referred to Committee on Claims and Accounts

FROM THE SAME

To the Honorable the Common Council.

Gentlemen -On September 11th, 1900 John W Gladson resigned his position as Weighmaster of the Eastern District said resignation to take effect September 15th 1900

The City Auditor has reported to me that he has examined the books of said John W Gladson and has found them correct, and the money accounted for

The same session of your honorable body in which Mr Gladson resigned, you appointed Mr Frederick Schoerer as Weighmaster of the Eastern District

The American Bonding & Trust Co having furnished the bond for Mr Gladson and the city having paid for the same for one year the company cancelled the bond of Mr Gladson and issued for Mr Frederick Schoerer a bond for the unexpired time of Mr Gladson's bond

I recommend that this communication be referred to the Committee on Ways and Means

Respectfully,
F A BLADES
Controller

Accepted and recommendation concurred in.

From the Corporation Counsel.

To the Honorable the Common Council.

Gentlemen—I have the honor to inform you that on the 7th day of September 1900 a petition for writ of mandamus and order to show cause was received from the Michigan Telephone Co. Their action was against James Millen, Marshall H Godfrey and Herman F Kallman constituting the Board of Public Works and to gain permission to construct conduit in the alley south of Michigan avenue between Third and Fourth streets On Sept 13 Judge White denied the petition without costs.

On Sept 13 1900 The Detroit City Gas Company commenced action against the Board of Public Commissioners, claiming $3,000 damages

Very respectfully
T E TARSNEY
Corporation Counsel

Accepted and placed on file

FROM THE SAME

To the Honorable the Common Council

Gentlemen in the cases of Ralph Phelps Sr vs the City of Detroit involving a claim for alleged damages to Mr Phelps property [illegible] the tracks of the railway track on Fourteenth avenue [illegible] been submitted by Mr Phelps to the department for the settlement of the matters involved in such [illegible]

I respectfully recommend that the matter be referred to the proper committee of your body that the same may be considered

Very respectfully yours,
T E TARSNEY
Corporation Counsel

Accepted and referred to the Committee on Streets

From the Board of Public Works.

To the Honorable the Common Council

Gentlemen - The Board of Public Works to whom was referred the petition of Lottie Wolf [illegible] et al for the paving of Garfield avenue from St Antoine to Hastings, respectfully reports. That the petitioners are the owners of the greater number of feet frontage of real estate abutting on the street proposed to be improved. The Board therefore recommends that the prayer of petitioners be granted and that the street named with the limits stated be paved with cedar block on concrete foundation 26 feet wide

It is estimated that the cost of this improvement will be as follows

Garfield avenue, from the east curb line of St Antoine to the west curb line of Hastings [illegible]

Respectfully submitted
J W MILLEN,
H KALLMAN
MARSHALL H GODFREY

Accepted and by unanimous consent Ald Moeller offered the following.

Gentlemen—Four weeks ago tonight

communication to your honorable body, in reference to the Grand Army Memorial and Market Building stating in detail several matters in connection with the building which should be arranged before the structure was turned over to the civil authorities. The communication was referred to the Committee on Public Buildings. The Board is not aware that any meeting of the Committee has been held. The building is now completed and in shape to be turned over. The Board is holding the last estimate, O. K'd by the architect, in this office, until the Committee on Public Buildings have their meeting and dispose of some of the important matters touched upon in our communication of Aug. 25th, which must be done before the financial part of the contract is cleaned up. Inasmuch as the Grand Army Building matter has been hanging fire a long time, and the Board is anxious to get it off its hands in proper shape, would suggest that the Committee get together as soon as possible and arrange matters so that the Board may turn over the final estimate to the Council at its next meeting, and the building to its rightful owners.

Respectfully submitted,
J. W. MILLEN,

Gentlemen—In accordance with the resolution adopted by your honorable body the Board of Public Works advertised for proposals for furnishing materials for paving streets, under the per diem plan, as follows: Frederick street, from the east curb line of Russell street to the west curb line of Riopelle street, Harper avenue from the east curb line of Hastings street to the west curb line of Russell street, with cedar blocks on concrete foundation.

There were four bidders on the different materials, three bidding in one class of material each and one bidding on all the different materials required.

John Archer bid on paving cement, $5 per ton. Truman H. Newberry bid on crushed stone at $1.65 per ton. Currie & Conn bid on cedar paving blocks 38 cents per yard.

Geo. E. Currie bid on all the different materials that were advertised for as follows: Medina curb 54 cents per lineal foot, cedar blocks 38 cents per square yard, tar, $15 per ton, gravel, $1.40 per cubic yard, top dressing 70 cents per cubic yard, cement, 50 cents per barrel, sand, 70 cents per cubic yard, trimmed stone $1.8 per cubic yard, Medina circles 64 cents per lineal foot, retaining plank, 8 cents per lineal foot.

The Board of Public Works herewith submits these proposals for your favorable consideration for such disposition as may be deemed best.

Respectfully submitted,
J. W. MILLEN,
President.

Gentlemen—Referring to the report of the Special Committee on Streets and Board of Public Works [illegible] to visit St. Louis and Buffalo for the purpose of acquiring information as to the asphalt plants there [illegible] beg leave to state that I do not agree with the views of said committee relative to the purchase of a portable asphalt plant.

In the above named cities the plants are located on the outskirts and a portable plant is used for repairs. The residents and particularly the business men would protest against the smoke, street and dust occasioned by a plant of this kind.

The St. Louis asphalt plant has been in use several years. The first year when it consisted of only two kettles 5x10 feet the city saved $[illegible]. Last year the plant was increased to four kettles, and it is now [illegible] for resurfacing.

The entire cost of this plant, including the [illegible] was only $8,000. The cost of paving 41 cents per square yard for mixed old and fresh asphalt, and 57 cents per square yard for clear asphalt, while [illegible] two years ago [illegible] per square yard and now pays $[illegible] of about $2,000 per year.

Should asphalt such as is operated and maintained by the city of St. Louis be too small to supply our demands more and larger kettles might be used and the [illegible] would save in the neighborhood of $[illegible] per year.

Respectfully submitted,
B. KALLMAN.

This appointment is made to fill the vacancy caused by the resignation of H. Walter Reidy.

Very respectfully,
EDWARD F. KRUSCH,
Secretary.

Accepted and placed on file.

From the Public Lighting Commission.

To the Honorable the Common Council:

Gentlemen—At a meeting of this Commission held the 20th inst., I was directed to notify your honorable body that the "Welcome" sign and decorative lights on the City Hall cause a heavy overload for our transformers in the building, and that on nights when the Council is in session or the building is used extensively this overload rises up as high as fifty per cent over the capacity of the transformers. This overloading is liable, at any time, to cause the machines to break down, thus putting the City Hall in darkness until new ones can be installed or the old ones repaired.

If this extensive outside illumination is continued it will be necessary, in order to guard against breakdowns to install two new transformers at a cost of about $520. For this work the Commission has no appropriation and is therefore, unable to make the repairs.

I have the honor to be,
Yours very respectfully,
A. S. GRIN,
Secretary.

Accepted and referred to the Committee on Public Lighting and Public Buildings.

From the Clerk.

That he presented such portion of the proceedings of the last session as is required by the Charter to be so presented, to his honor the Mayor for approval on the 19th and 21st inst., and that they were approved on the 21st and 24th inst. by the Mayor and Acting Mayor respectively.

Also, that he presented a resolution confirming certain contracts for constructing that of lateral sewers which was adopted at the session of 11th inst., upon which notice of reconsideration was filed and which the Council at session of 18th inst. divided and executed thereon certain contracts and readopted the resolution, which was approved by the Mayor on the 21st inst.

Also, that he presented to the Mayor for approval an ordinance entitled "An Ordinance to amend An ordinance to regulate the use of hackneys, trucks and similar vehicles and to provide the manner in which all vehicles of every description shall be drawn or propelled through the streets." Approved January 4th, 1896, which was approved by the Acting Mayor on the 24th inst.

Accepted and placed on file.

Also, that Frederick Schueler has filed official bond as Weighmaster, $1,000.

Referred to the Committee on Ways and Means.

Also, that the following named persons [illegible] for consenting that he is prepared to [illegible] trafficking in liquor: Otto Hulk and Charles F. Taepke.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen — Your Committee on Claims and Accounts, to whom was referred the petition of Frank J. Dingeman, for payment of money alleged to be due him for constructing an arch, respectfully report that we have carefully considered the matter and beg leave to state that in September, 1889, the Board of Public Works entered into a contract with one Michael Cunningham to construct an illuminated arch on Woodward avenue, which was authorized by the Common Council, that it is a well known fact that the constructing of said arch ended in a fizzle by reason of the fact that said Cunningham was unable, through incompetency, to perform the work properly within the required time, that Cunningham sublet the construction of the wooden work of said arch to the petitioner for the sum of $150, of which your petitioner never received a cent, nor did said Cunningham receive more than the $150 given him by the Board of Public Works to proceed with said work. The petitioner shows that he fulfilled his part of the contract according to the plans and specifications furnished him, nothing remaining undone in so far as his part of the work was concerned. Your committee are aware that the city is not legally liable for any of these bills, but feel that we are morally and would therefore recommend that the petitioner be paid the sum of $50 in full payment for his part of the work and herewith offer the following resolution:

Respectfully submitted,
JOHN C. BLEIL,
EDWARD WILDMAN,
RICHARD P. JOY,
BASIL A. LEMKE,
M. W. McGUIRE.

Accepted, and on leave the following resolution was offered:

By Ald. Bleil:

Resolved, That the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of Frank J. Dingeman for the sum of $50.00 in payment of his part of the work performed in the matter of constructing the arch across Woodward avenue in September, 1889, upon presentation of a proper receipt therefor.

Objected to and laid on the table.

Gentlemen Your Committee on Taxes to whom was referred the petition of F B Dickerson for the refunding of a personal tax, respectfully report that we have carefully considered the matter, and beg leave to state the petitioner made a serious blunder in making up his statement by inserting the figures $5,000 00 under question 2, "Personal Property that to be as stock owned by me under the laws of any other state or country" The petitioner is unable to account for the mistake because he does not own a dollar's worth of stock in any corporations under any other laws than this state Your committee feels that he should be refunded the taxes upon said amount, it having been clearly shown that the error was unintentionally committed We therefore recommend that the prayer of the petitioner be granted and herewith offer the following resolution

To the Honorable the Common Council.

Gentlemen Your Committee on Street Openings to whom was referred the resolution of Ald Wildman relative to a vacation in the alley in block bounded by Fort Ecorse Seventh and Eighth streets respectfully report that we have given the matter our careful consideration and beg leave to state that upon investigation we find from the records that the strip of land in question being 15 feet wide was platted as an alley which plat was recorded June 15, 1869 liber 1 of plats page 87 and that though a petition was filed by one D. M Richardson for a vacation there of the petition was denied hence the alley has never been vacated That the quitclaim deed of William Benson by Geo S Benson his attorney in fact, to Geo H Hammond and the warranty deed of Geo H Hammond and wife to Jas D Standish can have no effect to pass the title to this alley

We are advised by the Corporation Counsel that the portion of the building standing on the southeast corner of Eighth street and the alley hereinbefore described, which projects beyond lot 8 of the above subdivision is built upon land dedicated to the public and never vacated and the owner of the building is therefore a trespasser unprotected by any prescriptive rights the building having been erected less than 15 years

Such being the facts your committee recommend that the Board of Public Works be instructed to remove the obstructions in said alley removed and thereafter offer the following resolution

Gentlemen Your Committee on Street Openings to whom was referred

the resolution of Ald Atkinson requesting this committee to consider the advisability of opening a street through the property bounded by Fort street, Summit and McKinstry avenues and the Wabash Railroad, respectfully report that we have carefully considered the matter, and beg leave to state that your committee can see no public necessity for ordering a street to be opened through the above described premises. If granted, a street opened through this property would have no outlet or beginning other than through this one block and such a move we consider unwise. Further than that we firmly believe that it could not be shown in court that it was a public necessity. We therefore recommend that the resolution be indefinitely postponed.

Gentlemen: Your Committee on Street Openings, to whom was referred the petition of Frank X. Kolb et al, for the vacation of an alley between Crane and Holcomb avenues north of Kolb avenue, respectfully report that we have carefully considered the matter and beg leave to state that the petitioners are the owners of all the lots facing on the south side of Kolb avenue between Crane and Holcomb avenues that when said property was platted it provided for a 16 foot alley 8 feet of which was given by the petitioners that the petitioners are now desirous of making a change in said plat, and ask that the alley 8 feet in width lying in the rear of lots 2, 3, 4 and part of lot 5, be vacated and in return therefor, they will deed to the city an alley 18 feet in width off the easterly part of lot 5 of said property. Your committee can see no objection to the proposed change inasmuch as all the interested parties are satisfied therewith and therefore, recommend that the prayer of the petitioners be granted provided they deed to the city the 18 foot alley hereinbefore referred to, and said deed is accepted by the Committee on Ways and Means and approved by the Common Council, and we herewith offer the following resolution.

Resolved, That all that part of an alley 8 feet wide of Kolb & Mottard's subdivision of lots 21 and 22 of Abbott Crane subdivision of P. C. 611 and the easterly 53.91 feet of P. Provided, Said petitioners deed to the city of Detroit the westerly 18 feet of lot 5 of Kolb & Mottard's subdivision of lots 21 and 22 of Abbott Crane's subdivision of P. To the Honorable the Common Council

Gentlemen: Your Committee on Street Openings, to whom was referred the petition of B. E. Hamlin and others for the vacation of Clay avenue from Woodward avenue to Oakland avenue and converting the said street into a 20-foot alley from Oakland avenue to a point 200 feet east of Woodward avenue beg leave to report that we have carefully considered the matter and have held public meetings for the purpose of ascertaining the views of the residents upon Smith avenue and Chandler avenue, streets immediately north and south of Clay avenue, and also of citizens living in the immediate vicinity of Clay avenue. We find that houses have been built upon Smith avenue and Chandler avenue with rear lots running back to Clay avenue which street is thus practically converted into an alley which has become a convenient place for the dumpage of refuse making it both unsanitary and unsightly, and we are satisfied that there is no necessity for this street and that public interest demand that the same should be converted into an alley.

The original street was 66 feet wide and by encroachments the street is now 36.50 feet wide at Woodward avenue and 61.50 feet wide at Oakland avenue.

It being the policy of the Common Council to allow no alleys to open on Woodward avenue, we would recommend that the proposed alley should stop 200 feet east of Woodward avenue, thereby connecting with an alley 20 feet wide already opened, with outlets both in Smith and Chandler avenues.

By reducing this street to a 20-foot alley, the abutting property owners with lots running back from Chandler and Smith avenues would acquire and from 18 ft. feet to 20.75 feet in depth which would be added to their lots while the owners upon Woodward avenue would acquire land 36.50 feet in width and 200 feet in depth.

Your Committee is of the opinion that this land which would be acquired by those abutting owners is of considerable value and that the property of the abutting owners and the property of the residents in the immediate vicinity would be greatly enhanced in value by the vacation of this unsightly street which if it remains in its present condition will undoubtedly be built up with cheap and undesirable houses. The value of the property being thus increased the city will receive a greater return from taxes. While the city will not be benefited in the receipt of additional taxes the petitioners possessing this additional land will be benefited to a large extent and for this reason we recommend that as a condition for the conversion of this street into an alley 20 feet wide the property owners benefited by this change shall be required to pay for the grading of paving in Woodward avenue in front of Clay avenue, which it is

proposed to close, and also that they purchase the easterly 8.5 feet of lot 10 of Chandler ave to subdivision Park Lot 5 of the subdivision of Section 57 1,00 acre tract and also the westerly 24.65 feet of Lot 11, of said last mentioned subdivision and dedicate the same to the city as a continuation of John R street We believe that it is only a question of time when John R street must be opened through this block and it is but fair that the owners of property to be benefited by the conversion of Clay avenue from a street into an alley should do this much in return for the benefits received thus relieving the city from the payment of its portion of the expense of opening John R street in the future

It will also be necessary to reserve the right to maintain and repair existing public sewers and water pipes in the portion of said street to be vacated

We therefore beg leave to offer the following resolution

JOHN J STEGER
LOUIS F FRAUER

FROM THE SAME

To the Honorable the Common Council.

Gentlemen—In reply to an advertisement asking for proposals for an asphalt [illegible] the Board of Public Works received two bids from Hetherington & Berner for [illegible] and [illegible] of $7 45 and another for $10 00 the latter exceeding the amount allowed for the purpose by the Board of Estimate. The Board believes that the bid of $7 45 should be accepted as it provides for a [illegible] which will have a [illegible] of between [illegible] and [illegible] square yards of pavement kept in repair at a cost of [illegible] per square yard per year. The contract for repairing will be more expensive to the next few years when the [illegible] will be so great that the cost of repairing will probably pay for [illegible] times over.

From the Commissioners of Parks and Boulevards.

To the Honorable the Common Council:

Gentlemen: In reply to the resolution of Ald McGuire with reference to the money expended upon Owen Park by the Commissioner of Parks and Boulevards, would say that under the conditions of the deed, there shall be expended in care improvement and ornamentation for the first three years, beginning Jan 1 1894 the sum of $1000 per annum and during the next 15 years, the sum of $500 per annum, therefore the city would be required to spend from Jan 1 1894 to Dec 31 1909, the sum of $9000

The books of this Commission show that up to Jan 1, 1894, there was spent on improvement the sum of $6,487 6 as follows.

1895	$ 668 35	to Dec 31
1896	257 68	to Dec 31
1897	210 10	to June 30
1898	3 099 28	to June 30
1899	850 87	to June 30
1900	1 000 00	to June 30
1900	750 89	to Sept 25
Total	$ 6 487 6	

In addition to this amount we have the balance of the appropriation for the present fiscal year of $1 1 on hand to be spent in the improvement

In addition to this there has been spent on the meadows and care of the park since 1895, the sum of $1611 78 of which town Park Co had to pay $ to store of the lakes filling etc out of the

By Ald. Atkinson:

Resolved, That the Committee on Street Openings be and is requested to consider the advisability of opening Albert street westerly over the D., L. & N. railway tracks to Hammond avenue, at east. Albert street being the only street running westerly to such tracks north of Buchanan street. These tracks are but little used except for storage of freight cars, which effectively prevent the rapidly increasing number of people in that section from use of what would often be a convenient route for travel, the fact that tracks are put to almost no other use would tend also to keep down cost of opening, compared to probable future cost.

Referred to the Committee on Street Openings.

REPORTS OF COMMITTEES

Ordinances

To the Honorable the Common Council,

Gentlemen—Your Committee on Ordinances, to whom was referred the report of the Committee on Public Lighting an ordinance entitled "An Ordinance to regulate the use of wires for telegraph telephone and electric lighting and all other service wires in the city of Detroit," respectfully report that we have carefully considered the same and beg leave to say that we are of the opinion that such an ordinance as has been presented by said committee will be of great benefit to the city if adopted. It will save thousands of dollars to the lighting companies and the city and at the same time preserve our streets as they should be preserved. It is a well known fact that in the congested districts of the city the streets are now almost entirely occupied by water mains, gas mains, and conduits of all descriptions, and if this system as applied it will undoubtedly be done away with in time and [illegible] that are now lying their beauty [illegible] the fact that all wires will be run through one set of ducts

We therefore recommend that the ordinance presented at a meeting held on the 11th inst of [illegible] be adopted

Respectfully submitted

From the Mayor.

To the Honorable the Common Council

Gentlemen I herewith return without approval, that portion of the proceedings of your honorable body adopted at the session held Oct 2 containing a resolution held over from the session of Sept 25 instructing the City Controller to draw his warrant in favor of John A Lambrecht for $16 54 being a refund of taxes levied on the property of said Lambrecht

An interview with the assessors develops the fact that the property of Mr Lambrecht was assessed according to the best judgment of the board or of the individual assessor by whom this assessment was made that other property in the immediate neighborhood was raised in value beyond estimates heretofore made and for the reason that in the judgment of the assessors the value of the property had increased, or the estimates in some cases as heretofore fixed were less than they should have been and for these reasons were increased to the estimated values of other properties in the neighborhood

There does not appear to have been any mistake made in the matter of this assessment The question of excess value is a matter of judgment, and arises in the assessment of all property In some cases which have come before me, and which were acted upon by your honorable body where manifest error was committed in the matter of assessment, I have not hesitated in joining with your honorable body in correcting errors as a matter of justice and right But in this case I am asked to approve a proceeding where after a lapse of months beyond the time when a review on the part of the taxpayer has ended, and upon a matter which is clearly within the discretion of the board of assessors the board of review and your honorable body sitting as a board of appeals to intervene and reverse a judgment already passed and confirmed If this proceeding of your honorable body is allowed to stand the door will be opened for every person who thinks he has been assessed a little or much more than he ought to have been to ask for a review although the law provides ample opportunity for a review a privilege which the party did not avail himself of, but who now comes forward, when such a proceeding will jeopardize the collection of taxes, and do great harm to other taxpayers

Although the amount involved here is small, the principle is as applicable as though the amount were larger and the door may be opened to those who, having failed to take the opportunity the law provides, will insist upon a further review and especially where it is admitted that no mistake has been made, but only an error of judgment as to values It will be difficult to find a case where all persons would agree as to the exact value of property and it is therefore ordained of law that where the assessors the Board of Review and your honorable body finally confirm the tax rolls all the discretion allowed under the law is exercised, and your action final

For these reasons, and to prevent a dangerous precedent being established, I have returned without approval the proceedings of your honorable body and request a reconsideration thereof

Respectfully submitted

WILLIAM C MAYBURY

Mayor

Accepted and on motion of Ald McGraw the vote by which the resolution was adopted was reconsidered as follows.

Yeas Ald Atkinson Benner Bell Coats Delmot Fincher Graham Hearer Hartjoster Hillger Hughton Krauss Koch Koenig Lemke McGraw McGuire Marx Merrel Miller Moeller Pengelly Reinhardt Schreiber Smith, Sh w Stelger Tracy Walker Weider Wildman and the President 32.

F. A. BLADES
City Clerk.

Accepted and referred to the Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council

Gentlemen: Your honorable body by resolution adopted Aug. 14 directed the Public Lighting Commission to instal Electric lights at the Knights of Pythias Pavilion during the progress of the Pythian Encampment this week. The resolution stating that the expense should be incurred [illegible] and to be paid out of the money previously appropriated for decorating and decorating Woodward avenue amounting to $2,000.

This appropriation of $2,000 was hardly sufficient to pay the bills contracted for the decoration of the avenue, and I have not sufficient money on hand to pay the bill received from the Public Lighting Commission for the work of the gentlemen which amounts

to $286.39, the present balance in the fund is 35 cents and it will be necessary to make some special appropriation to pay the bill for this work.

Respectfully,
F. A. BLADES,
Controller.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your honorable body by resolution adopted Aug. 7, directed the Board of Public Works to enter into a contract with the Michigan Electric Company for furnishing and installing electric light fixtures in the G. A. R. Memorial Building for the sum of $478.

You did not, however, make any appropriation for this work nor did you provide from where the money was to come. The work has been completed and I have received through the Board of Public Works a bill from the Michigan Electric Company for $478.

Will you therefore direct me from what fund it shall be paid as there is not sufficient money left of the original appropriation for the building to pay this bill.

Respectfully,
F. A. BLADES,
Controller.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—The early completion of all the contracts made for repaving streets this year requires at this time the entire appropriation made for this purpose for the current fiscal year.

There remains uncollected of the appropriation $45,673.10 and I would recommend that the Controller be directed to transfer a sum not to exceed this amount from the Deficiency Fund for the purpose of meeting the sums due and unpaid on the completed contracts.

Respectfully,
F. A. BLADES,
Controller.

Accepted and leave being granted the following was offered:

By Ald. Coots:

Resolved, That the Controller be and is hereby directed to advance from the Deficiency Fund to the Repaving Fund an amount equal to the taxes due said fund and remaining uncollected for the fiscal year ending June 30, 1901, said sum not to exceed $45,673.10.

Adopted as follows:

Yeas—Ald. Atkinson, Beamer, Biell, Coots, Deimel, Fischer, Grimm, Haarer, Hansjosten, Hilger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, Meliore, Marx, Merrel, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steger, Tossy, Weibel, Weller, Wiedman and the President—32.

Nays—None.

From the Corporation Counsel.

To the Honorable the Common Council.

Gentlemen—In compliance with the resolution of Ald. Moeller adopted at the last session of your honorable body requesting information why mandamus proceedings had not been commenced against the Water Board to compel them to turn over to the City Treasurer the money received from the Controller which was collected upon certain water main assessments.

I have the honor to inform you that a motion for rehearing in said cause was presented to the Supreme Court on July 31, 1901, and is still pending. As soon as the court hands down its opinion, should it result in a denial of the motion, appropriate proceedings will be commenced by this department.

Very respectfully,
T. E. TARSNEY,
Corporation Counsel.

Accepted and referred to Committees on Streets and Judiciary.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—In reply to the inquiry of your honorable body, as contained in the resolution of Ald. McGuire as to the condition of the proceedings in the case of the opening of Erskine street, I have the honor to say that the case is ready for trial and is set for November 15, 1901, when it will be tried.

Very respectfully,
A. B. HALL,
Assistant Corporation Counsel.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I have the honor to inform you that on the 8th day of October, 1900, Frank Drexler, administrator of the estate of Frank J. Drexler, commenced suit against the city of Detroit by declaration in trespass on the case, claiming $5,000 damages for injuries to Frank J. Drexler, alleged to have been received while working on wagon at Belle Isle Park.

Very respectfully,
T. E. TARSNEY,
Corporation Counsel.

Accepted and placed on file.

From the Board of Public Works.

To the Honorable the Common Council.

Gentlemen—In reply to a notice from this office the following proposals for paving [illegible] streets were received:

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the communication from the Board of Public Works submitting proposals for the paving of alleys No. 36 and 38, respectfully report that we have given the same our careful consideration and beg leave to state that we are of the opinion that the bids submitted are too high, but inasmuch as the property owners in both cases are very anxious for the pavement, the first mentioned having stated so verbally to the committee upon its visit to the premises and the other being a petition for paving, we recommend that the resolution offered by Ald. Moeller at a session held on the 24 inst. (J. C. C. 816), confirming the contracts, be adopted.

Respectfully submitted,
WM. F. MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted.

On motion of Ald. Moeller, the resolution confirming the contract entered into by the Board with Geo. W. Winchester for the paving of alley No. 36, with block brick on concrete foundation, was then adopted as follows:

Yeas—Ald. Atkinson, Beamer, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President—30.

Nays—None.

On motion of Ald. Moeller, the resolution confirming the contract entered into by the Board with Thomas Sheehan for the paving of alley No. 38, with block brick on concrete foundation, was then adopted as follows:

Yeas—Ald. Atkinson, Beamer, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President—30.

Public Buildings.

To the Honorable the Common Council:

Gentlemen—Your Committee on Public Buildings, to whom was referred the resolution offered by Ald. Koenig instructing the Board of Public Works to advertise for proposals for kalsomining the offices and court rooms in the Municipal Court building respectfully report that we have investigated the necessity thereof, and beg leave to state that the building is in a pretty bad shape in its present condition. It is absolutely necessary that this work be done at once, and therefore recommend that the resolution offered by Ald. Koenig at a session held on the 2d inst. (J. C. C. 826), be adopted.

Respectfully submitted,
JOS. H. HANSJOSTEN.
WM. KOENIG.

Accepted and recommendation concurred in as follows:

Yeas—Ald. Atkinson, Beamer, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President—30.

Sewers.

To the Honorable the Common Council:

Gentlemen—Your Committee on Sewers, to whom was referred the petition of Mrs. J. H. Edwards, asking to be reimbursed for money expended by her in the matter of repairing a lateral sewer, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of lot 38 north side of Arndt street, between Chene street and Jos. Campau avenue, that some weeks ago she notified the Board of Public Works that she was unable to obtain proper drainage from her property into the lateral sewer in the rear of her premises, whereupon she was informed by said Board that they believed that the trouble existed in the arm and not in the lateral sewer and that she should have the same dug up; that the petitioner complied with the request but found upon examination that the trouble was not in the arm but in the lateral sewer itself; that she then caused the lateral sewer in the rear of her premises to be dug up and found that all of said trouble was caused by the fact that the lateral sewer had caved in.

The petitioner's expense in locating the trouble was $6, and your committee

tee feel that inasmuch as it was the lateral sewer that was defective and not the arm, that the city should reimburse the amount expended as it would have had to have the work done had not the petitioner done it We submitted the matter to the President of the Board of Public Works and he says that it is no more than proper that she be reimbursed with the amount expended We therefore recommend that the petitioner be paid the sum of $10 from the Public Sewer fund and herewith offer the following resolution

Taxes.

To the Honorable the Common Council

Gentlemen Your Committee on Taxes to whom was referred the petition of C Payment for the cancellation of a mortgage tax, respectfully report that we have carefully considered the matter, and beg leave to state that the petitioner was the owner of a certain mortgage of $300 which was discharged on Feb 12, 1885 that through a clerical error in locking up the mortgages in the Register of Deeds office said mortgage was placed against the petitioner which is accounted for by the fact that the party entering the mortgage started to enter it upon a certain liber, and after copying about half of it thereon he stopped and wrote the word 'void' in very small letters and then rec[illegible] the instrument further on in the same book where it shows when it was discharged

We therefore recommend that the petitioner be refunded the taxes upon said mortgage and herewith offer the following resolution

Gentlemen Your Committee on Taxes, to whom was referred the petition of Detroit Candy Co [illegible] for the refunding of a tax, respectfully report that we have carefully considered the matter and beg leave to state that the Detroit Candy Co, Ltd., is assessed upon a valuation of $3,000 at No 311 Gratiot avenue, also upon a valuation of $2,400 at 889 Beaufait avenue, that they filed a statement with the Board of Assessors in March last showing their assessable property to be $2,400 at 3 which statement was filed and accepted by said Board, that on account of the secretary of said concern signing his own address on said statement the Board thought they had missed this company being under the name of the Detroit Candy Mfg. Co., Ltd., and therefore placed an assessment of $3,000 against them, that upon looking the matter up we find that it is one and the same concern and that the assessment of $2,400 as appears upon their statement should stand and the taxes upon the assessment of $3,000 should be refunded

We therefore recommend that the petitioners be refunded the taxes upon said valuation last mentioned and herewith offer the following resolution

Ordinance.

Unanimous consent being granted the following was presented by Ald. Haarer:

AN ORDINANCE to regulate street railways and to require street cars to be equipped with fenders and wheel guards:

It is hereby ordained by the people of the city of Detroit:

Section 1. That all persons, associations or corporations now, or hereafter owning or operating street railways in the City of Detroit, shall provide all their cars now or hereafter in use, with fenders designed to catch and sustain any human being who may be in the way of such car, and shall also provide and equip all of their street cars with front and rear wheel guards; such fenders and wheel guards to be of a design which the Board of Public Works shall have certified in writing meets the approval of such board; all such cars shall be equipped with such fenders and wheel guards on or before July 1, 1901, and such fenders and guards shall be placed on all of such cars in use thereafter.

Sec. 2. It shall be the duty of the Board of Public Works to examine and pass upon all designs of such fenders and guards submitted to such board by any person, association or corporation owning or operating any street railway within the City of Detroit, and give written certificate to such applicant of the approval or disapproval of such designs by said board.

Sec. 3. Any person, or corporation, or employe of any person or corporation operating any street cars in the City of Detroit after July 1, 1901, not equipped with fenders and guards as hereinbefore provided shall, upon conviction thereof be fined not less than fifty ($50) dollars, nor more than two hundred (200) dollars for each and every offense, and every day's violation of the provisions of this ordinance shall constitute a separate offense, and in addition to such fine such offender may be imprisoned in the Detroit House of Correction for a period not exceeding ninety (90) days for each offense.

Sec. 4. This ordinance shall take effect and be in force from and after its passage and publication.

Read twice by title, ordered printed and laid on the table.

Liquor Bonds.

To the Honorable the Common Council:

Gentlemen—Your Committee on Liquor Bonds respectively report that we have carefully examined the same and find that the bonds have been certified as correct in form by the Corporation Counsel, we therefore recommend that the bonds as reported by the City Clerk on the 9th day of October, 1900, be and are hereby accepted and approved.

Whereas, The number of serious street railway accidents in the city is increasing to an alarming degree, and in the opinion of many citizens, some of the more recent cases might not have been so fatal if the cars running on our streets had been equipped with proper appliances for rescuing those unfortunate persons who happened to fall underneath the cars, and,

Whereas It is the sense of the Common Council that every precaution should be taken to prevent accident as well as to save human life when accidents occur,

Resolved, That the Committee on Ordinances be and it is hereby instructed to prepare and submit to this Council an ordinance requiring all street cars to be provided with and to carry jack screws iron bars or some other suitable instrument or device for the purpose of lifting and raising cars in cases of accident, to the end that speedy and effective assistance may be rendered when necessary.

Referred to the Committee on Ordinances.

The Council then adjourned until Friday Oct 12, 1900, at 10 o'clock in the forenoon.

Which sum will be forfeited to the City of Detroit in case the bidder refuses or neglects to enter into contract for the work subject to confirmation by the Common Council, within five days after acceptance of his tender by the Board of Public Works. Checks deposited with rejected bids will be returned to the bidder on demand.

The bidder whose tender is accepted will be required to furnish with his contract an approved surety bond to the City of Detroit in the sum of 20 per cent of the contract price for the work, conditioned on the full and faithful performance of his part of the contract.

No bids will be accepted from any person or firm who is in arrears to the City of Detroit upon debt or contract, or who is in default as surety or otherwise upon any obligation to said city.

On the proper execution of the contract bond the amount deposited with the tender will be returned to the contractor.

Printed specifications in detail for the above work are on file in the office of the board, and copies thereof may be had on application to the Secretary.

The Board of Public Works expressly reserves the right to reject any or all bids.

Gentlemen—The appropriation made by the Common Council August last (4) for water for hartford street during the current fiscal year (1) of the G Harper Hospital Grace Hospital or St Mary's Hospital, these institutions having been taken off the free list by the Water Board

Last week, I was called upon by Mr C. A Black of Harper Hospital, and asked why Harper Hospital with the other two hospitals had been taken off the list, and in reply I referred him to the communication of the Water Board on the subject of free water, which I transmitted to your honorable body on June 26th, and also your action thereon

During my absence today, Mr. J. L. Hudson vice-president of Harper Hospital called at my office and stated that he had been delegated by the three hospitals to bring the matter to the attention of your honorable body to the end that the three hospitals might be furnished with free water as heretofore Both he and Mr Black submitted figures to show that the hospitals furnished a very large amount of free treatment, and that in consideration of so doing, they should be furnished water without expense to them At the suggestion of Mr Hudson, I send this communication to bring the matter to the attention of your honorable body to the end that conference may be had with the representatives of the hospitals and the Water Board and the Committee on Ways and Means to consider the question of furnishing free water to these institutions

I recommend that this communication be referred to the Committee on Ways and Means

Respectfully,
F. A. BLADES,

Gentlemen—The Board of Public Works respectfully report that the paving of Kirby avenue, under the contract confirmed the 28th day of August, 1901, is fully completed from the asphalt pavement at Woodward avenue to the west curb line of John R. street.

The pavement is of asphalt on concrete and has been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said avenue as follows:

For intersections, etc., being the whole amount of work as far as completed	$256 10
For cost of advertising blanks and Inspector's salary	6 00
Total amount	$262 10

Respectfully, etc.,
J. W. MILLEN,
President.

Accepted, and by unanimous consent, Ald. Moeller offered the following:

Whereas, It appears from a communication from the Board of Public Works that the paving as per contract confirmed the 28th day of August, 1901, on Kirby avenue from the asphalt pavement at Woodward avenue to the west curb line of John R. street, has been fully completed, and

Whereas, Said avenue has been examined by the Board of Public Works and the paving of said avenue has been found to have been done in accordance with the contract and specifications for the same, therefore

Resolved, First, That the said paving within the limits above mentioned be and is hereby accepted.

Resolved, Second, That the City Controller be, and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said avenue, to the amount of $256 10, the same being the full amount due the contractors from the city for paving said intersections, etc., and for the sum of $6 00, the same being the cost of advertising blanks and Inspector's salary.

Resolved, Third, That the City Controller be, and he is hereby directed to prepare street paving bonds for the unpaid portion of parts 1, 2, 3 and 4 of said assessment rolls in accordance with the provisions of an act of the Legislature entitled "An act relative to the issue of street paving bonds," approved June 3, 1887, and as amended, approved May 3, 1893, such bonds to bear interest at the rate of 4 per cent per annum.

Gentlemen—At the last meeting of your honorable body there was referred to the Board of Public Works a petition from Brown Bros. et al., for the construction of a main sewer in State street, extending from Griswold street to Cass street. The Board has looked into the matter carefully, and is of the opinion that the proposed public sewer is an absolute necessity. In that neighborhood there is now in process of erection a number of large buildings for which there is not sufficient drainage. The estimated cost of the proposed sewer is $5,560, which can be provided out of the public sewer fund. The Board recommends that the prayer of the petitioners be granted, and asks permission to advertise for proposals for constructing the sewer.

Respectfully submitted,
J. W. MILLEN,
H. KALLMAN,
MARSHALL H. GODFREY.

Accepted and leave being granted, the following resolution was offered:

By Ald. Koch:

Resolved, That the Board of Public Works be and is hereby instructed to advertise for proposals for constructing a main sewer in State street, extending from Griswold street to Cass street.

To the Honorable the Common Council

Gentlemen—I desire to call your attention at this time, when winter is approaching to the condition of the prisoners waiting room at the Municipal Building This room is entirely devoid of any heating apparatus whatever and is in the basement of the building, which is naturally damp and chilly A great many unfortunate people are confined therein, and in the severely cold weather of winter it seems almost barbarous to confine them in such a place for the length of time they are compelled to wait there

The individual members of your body have in times past, shown con-

siderable solicitude for your constituents' welfare when they have been arrested, and it seems to me that this matter should receive prompt action at your hands. A great many innocent people are sometimes put in this place while awaiting the determination of their cases, and it is humiliating enough to undergo a wrongful arrest without being stabled in a barn in addition. Then, too, the guilty are entitled to be treated like the human beings they are, and as many of them are none too warmly clad, it is in my judgment, a great wrong on the part of the city to treat them in this manner.

I call your attention to the fact that this court is more than self-sustaining, and a large share of the money received comes from the ones who are receiving this treatment at your hands. I urge upon you the absolute necessity of this matter, and the urgency of immediate action.

I have the honor to be,

Yours truly,
JOHN B. WHELAN,
Police Justice.

I most heartily concur in the above.

To the Honorable the Common Council

Gentlemen – Your Committee on Claims and Accounts to whom was referred the communication from the Board of Public Works submitting the names of the parties having claims in connection with the erection of the Oddfellows arch across Woodward avenue, in 1890, respectfully report that representatives of the Clark Electric Company and Frederick Bamford Company appeared before this committee and asked that their bills, as presented, be allowed. The details of this matter were fully set forth in a report made by this committee relative to the claim of Frank J Dingeman, which was presented at a session held on 5th ult (J C C 790) Your committee therefore beg leave to state that inasmuch as one claim has been allowed we believe it to be no more than just that these claims be allowed, although the city is not legally liable therefor.

We therefore recommend that the parties hereinbefore mentioned be paid the sum of their respective bills viz Clark Electric Company $110 and the Frederick Bamford Company $134, and we herewith offer the following resolution

Respectfully submitted,

EDWARD WILDMAN,
RICHARD P. JOY,
M. W. M'GUIRE
BASIL A. LEMKE.

To the Honorable the Common Council:

Gentlemen—A number of rooms in the Municipal Court building are sadly in need of re-calcimining and additional heat is needed in the basement of same building. The work of calcimining will cost about $300 and the heating about $200, a total of $500. The public building fund cannot stand for this amount at this time. There is no question but this work should be done. These figures are submitted at the request of several aldermen of the Board, suggests that this communication be re-

ferred to the Committee on Public Buildings.

Respectfully submitted,
J. W. MILLEN,

To the Honorable the Common Council:

Gentlemen—We desire to report that the 17 voting machines belonging to the city and which were returned to this company for certain alterations, have been rebuilt in a manner which we know will give entire satisfaction and are now ready for delivery.

We are informed that the laws of the state of Michigan will not permit the use of the machines at the ensuing election, we would suggest that you permit the machines to remain in storage at our factory, to be delivered in time for use at coming spring election. We will store the machines free of charge, requiring the city to pay insurance on same only.

We would further inform your honorable body that one of the machines is now on exhibition in the lower corridor of the city hall, where same can be inspected should you desire so to do.

Very respectfully,
THE UNITED STATES VOTING MACHINE CO.,
Per DAN'L B. PLATT,
Vice-President.

Accepted, and leave being granted, the following resolution was offered:

By Ald Grunow:

Resolved, That the United States Voting Machine Co. be and they are hereby permitted to store the 17 voting machines belonging to the city of Detroit, in their warehouse or factory until directed to forward the same for use at the coming spring election. Provided, however, that the said company make no charge other than for insurance at current rates on account of storing said machines.

Streets

To the Honorable the Common Council

Gentlemen—Your Committee on Streets to whom was referred the petition of James Armstrong for compensation for grading Francis street, beg leave to report to your honorable body that this is the fourth petition filed by your petitioner in regard to this matter, three of which have previously been denied Your committee looked over the premises and feel satisfied that whatever improvements were made were for his sole benefit and for no one else He had to have a proper entrance to get to his premises hence he hit upon this scheme

Your committee desire to express most emphatically the fact that we do not believe that the city desires to shirk its duty in providing proper thoroughfares for the welfare and benefit of the public but we do believe that the taxpayers most strenuously object to paying money out of the public treasury to any individual as compensation for services rendered where the improvement was made solely for the benefit of his own premises, without authority from the Common Council or the Board of Public Works

It is true that affidavits have been filed by Messrs McNamara and Dowdle that Mr Armstrong was instructed by former Commissioner McGrath to complete the work of grading said Francis street but your committee do not feel satisfied that is sufficient evidence to warrant the payment of any money There was no contract entered into by the Board of Public Works with Mr Armstrong at that time for the performance of this work nor was there any advertisement for proposals for doing the same and further than this the minutes of the board show no such order ever granted to the petitioner We submitted the matter to the board and are informed that in so far as they are concerned having given the matter thorough investigation that they take no stock whatever in these Rip Van Winkle claims which opinion is concurred in by your committee

Such being the facts we recommend that the prayer of the petitioner be denied

Respectfully submitted,

COMMON COUNCIL

(OFFICIAL.)

Detroit, Tuesday, Oct 30 1900

The Council was called to order by the President Hon Robert Barrie

Present Ald Atkinson, Beamer, Coots Fracher Grunow Haarer, Hilger Hougl on Joy Knauss, Koch, Koenig Lemke, McGraw Moore Murrell, Miller, Moeller, Reinhardt Schneider, Steiger, Tossy, Weibe., Weiler and the President.

There being a quorum present the Council was declared to be in session

The journal of the last session was approved

Reconsideration.

By Ald. Koch

Resolved, By the Common Council of the City of Detroit, that it is deemed necessary to construct vitrified crock lateral sewers in the following alleys, to wit:

In alley in block bounded by Baldwin, Van Dyke, Granger and Hendrie,

In alley between Wabash and Thirteenth street, north of Piquette avenue,

In alley in block bounded by Wesson Junction Norton and Otis,

In alley in block bounded by Brush, Beaubien Palmer and Hendrie,

And it is hereby declared that this action is had under sections 42 and 43 of chapter 7, title 1 of the charter of 1893, authorizing the Common Council to direct and regulate the construction of lateral sewers or drains for the purpose of more effectively draining all lots or cellars, yards and sinks within the limits of said city whenever in their opinion the same shall be necessary.

Resolved That for the purpose of assessment for defraying and paying the cost of said vitrified crock lateral sewers the lots and parcels of real estate within the limits of each of said alleys and abutting thereon, through which each of said lateral sewers is ordered to be constructed, as set forth and described in the plat thereof submitted by the Board of Public Works shall be, and the same is hereby constituted and declared to be one local assessment district for the lateral sewer so constructed

Resolved That the City Engineer be and he is hereby ordered and directed to make an assessment on the lots and parcels of real estate within the limits of each of said lateral sewers and abutting thereon according to the benefit said lots and parcels of real estate shall receive from said improvement

Resolved That the Board of Public Works be and is hereby ordered to advertise five times for proposals for constructing said lateral sewers

To the Honorable the Common Council:

Gentlemen During the past season in advertising for proposals for the paving and repaving of alleys with vitrified brick contractors have declined to bid and the alleys have not been paved and a readvertisement has usually brought about the same result This condition of affairs is brought about by the fact that in the paving and repaving of alleys the contractor receives his money only at such times as the assessments levied for the work are paid in by property owners to the Receiver of Taxes Until contractors feel satisfied that they will receive their money within a reasonable time they will, as a rule, refuse to bid and the consequence is that the business sanitary alleys in the down-town district that ought to be paved, remain unpaved

The desire of the Board of Public Works is that the matter of the pay

Claims and Accounts

To the Honorable the Common Council

Gentlemen Your Committee on Claims and Accounts to whom was referred the Comptroller's list of allowed accounts of Oct 30 1900 respectfully report that we have examined the

ing and repaving of alleys be placed in the same position as the paving of streets which are taken care of by the issue of street paving bonds, the contractor receiving his money as soon as the work is completed and passed upon by the Board of Public Works and Common Council.

This, of course, is a matter which would involve the amendment of the charter and therefore devolves upon the state legislature. An act relative to the issue of street paving bonds, approved June 22d, 1887, amended May 3d 1893, is the act under which money is paid to contractors for paving streets at the present time; and the amending of this act so as to include the paving and repaving of alleys would bring about the much needed reform.

The Board of Public Works respectfully asks that the Committee on City and Charter Legislation take this suggestion under advisement, and that this communication be referred to said committee.

Respectfully submitted,
J. W. MILLEN,
President.

Public Buildings.

To the Honorable the Common Council

Gentlemen—Your Committee on Public Buildings to whom was referred the resolution of Ald. Tossy reimbursing Dock Boyden the amount of money expended by him for office and telephone rent since he has been appointed official chimney sweep of the city of Detroit respectfully report that we have carefully considered the matter and beg leave to state that we are of the opinion that said Boyden is entitled to some consideration. We feel that although he retains all the fees collected by him he should be provided with proper quarters and telephone service. A former Committee on Public Buildings was requested to provide quarters for him, but for some reason or another they failed to accomplish it. Hence he had to rent an office if he desired to properly fulfill the duties of his office. The expenses incurred by him so far are but very small, and we feel that he should be granted the same privilege as that which is accorded all other appointees or officials of the city.

We therefore, recommend that he be paid the sum of $16 being at the following ratio. Rent of office, $8 per month for 2 months; rent of telephone, $92 for two years and four months and we herewith offer the following resolution:

Accepted, and referred to the Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—The General Road Fund and Road District No 4 Fund are exhausted, and the balances in several of the remaining road district funds are very low

I therefore recommend that a transfer be made from the Deficiency Fund to these several funds for the balance remaining uncollected on the several appropriations for 1900, as provided by the City Charter

Respectfully,
F A BLADES,
Controller

Accepted and leave being granted, the following was offered by Ald Coots:

Resolved That the City Controller be and is hereby instructed to transfer from the Deficiency Fund to the General Road Fund and to each of the seventeen road district funds, an amount equal to the amount of taxes uncollected on the appropriations for these funds for 1900

FROM THE SAME.

To the Honorable the Common Council

Gentlemen—Aug. 15, the Board of Public Works sent out notices to the different boards and commissions that Maybury Grand avenue, between the Grand Trunk railway and Grand River avenue, was about to be paved, and that all work in connection with water and gas connections or other excavation in the roadway should be plastered with in advance of the work of the contractor. The Board of Water Commissioners received a notice of this character. Bids were opened for the paving of the street, and contract let and after its confirmation by the Common Council, the contractor proceeded with his work. After the work of paving the thoroughfare was well under way, the concrete and all the major portion of the street, and on Oct. 30, the Water Board turned in a large gang of men and commenced tearing up the concrete, to do some work in connection with their water main. If this work had been done at the time the Water Board was notified to do such work or within any reasonable time thereafter, no trouble would have occurred, and why a lapse of 10 weeks should occur after the notice being given and then a gang of men put to work destroying the property of the contractor, is a difficult matter to understand. To say the least such a proceeding coming with a seeming bad taste, and is nothing less than an insult to the Common Council itself as well as to the Board of Public Works. As a result of the action of the Water Board, the contractor for the street who has given a bond for the faithful performance of his work, has, through his attorneys filed a claim with this board for damages.

Immediately after the tearing up of the street by the Water Board, a communication was addressed to the Water

poration Counsel, setting forth the facts in detail and asking for an opinion on the matter—particularly as to the jurisdiction of the Board of Public Works in the streets and alleys. A lengthy opinion was received, intended to convey, in short, that the Water Board had precedence over the Board of Public Works in excavating in streets and alleys, and replacing the pavements thus disturbed.

Under section 8 of the act creating the Board of Public Works, that board is given jurisdiction over all streets and alleys, and on the strength of this section has always believed that they had precedence over any other board or commission. The condition of affairs on Maybury Grand avenue is, indeed, serious, and the board believes the right thing to do is to communicate the facts to the Council. The Commissioners are frank in saying that while none of them are lawyers, they still believe that the charter gives them precedence over any other board in the city in the matters of tearing up streets and alleys and replacing pavement that has been disturbed, and that the Corporation Counsel is in error in his opinion. Should this sort of procedure on the part of the Water Board continue, it is hard to predict where the trouble may end. At all events, it is a charter matter, and the commissioners are of the opinion that some steps should be taken that will effectually define the powers of the respective boards in this important matter, and would respectfully suggest that this communication be referred to the Committees on Charter and City Legislation and Judiciary.

Respectfully submitted,

J. W. MILLEN,
President.

Accepted and referred to the Committee on Judiciary.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Two bursts occurred to the water mains at the corner of Twenty-seventh and Buchanan, one Oct. 28, the other Nov 4. The result is that the cedar blocks in the pavement there are torn up for half a block around. The Water Board has repaired the pipe, but nothing has been done to the pavement. The Board of Public Works sent a communication to the Water Board, asking them if they were going to replace the pavement, and if not, if they would give the Board of Public Works an order to do the work. No reply has been received to our communication. By telephone today the board has been informed that the Corporation Counsel has decided that, inasmuch as the break was not the result of any negligence on the part of the Water Board or its employes, that they should not be required to replace the pavement. The street is barricaded at the present time, and will remain so until it is made safe for pedestrians and vehicles. No money having been allowed the Board of Public Works for repairing pavements for the Water Board, we would respectfully ask what action to take in this matter. Inasmuch as this question pertains to the streets, the Board would suggest that this communication be referred to the Committee on Streets.

Respectfully submitted,

J. W. MILLEN,
President.

Accepted and referred to the Committee on Judiciary.

From the Board of Assessors.

To the Honorable the Common Council:

Gentlemen—We herewith transmit to your honorable body Assessment Roll No. 189, for grading and repaving the alley (No. 30) in block bounded by Farrar street, Miami avenue, Gratiot avenue and Wilcox street, from the north curb line of Gratiot avenue to the south curb line of Wilcox street.

To the Honorable the Common Council:

Gentlemen The undersigned respectfully reports that pursuant to the law he did on the first day of May, A D 1900 advertise a notice in the daily newspaper published by the printer of the city once a week for four successive weeks, a list of lands, tenements, hereditaments or premises and the names if known of the owners or occupants of or parties in interest in the same and the amount of unpaid taxes for the year 1899 due thereon and notifying such parties in interest that if default be made in making any such payments of the amount due, that such real estate would be sold as provided by law at public auction at the office of the Receiver of Taxes in the city hall of the City of Detroit, state of Michigan on the first day of June, A. D 1900 commencing at the hour of 9 o'clock in the forenoon of that day and that such sale shall be continued from day to day (Sundays excepted) until all were sold and caused said list with said notice thereto attached to be posted in three public places in each of the seventeen wards (17) of said city and that he procured the affidavits of such publication and posting of said notices and list and filed the same in his office

That, in compliance with such notice he on the first day of June as aforesaid and at the time and place mentioned in said notice commenced the sale of real estate and continued the same from day to day, Sundays excepted, until the 12th day of June A D 1900 when such sale was finally concluded and closed by him and the terms for which each lot or parcel of land were sold and the names of the purchasers of the same are herewith submitted

To the Honorable the Common Council:

Gentlemen In reply to the resolution of Ald McGraw dated Oct 7, relative to crossing over the south road-

way on the Boulevard from Woodward avenue to Second avenue would say that the same was read to the Commissioners of Parks and Boulevards at their last session held Nov 2 and by their action I am directed to inform you that in accordance with the law creating the Commissioners of Parks and Boulevards teaming would be permitted on the Boulevard provided there were no other way to go I was also directed to state to you that teaming on the Boulevard could be obviated largely if your honorable body would cause to be posted signs at the intersection of Woodward and Piquette, Piquette and John R street, John R and Milwaukee and Milwaukee and Woodward directing teamsters to go that way thus the route on the Boulevard would be obviated and a much shorter haul gained

The Commissioners of Parks and Boulevards humbly pray that you cause these signs to be put up.

Markets

To the Honorable the Common Council.

Gentlemen—Your Committee on Markets, to whom was referred the petition of Marcellus Gleason et al asking for an adjustment of the rents paid by them in the matter of the old Central Market stalls beg leave to submit the following report:

In 1892 it appears that the Common Council decided to abandon the market premises as a market, but for some time following there was litigation between the stall holders, lessees and the city as to their respective rights Finally in 1894 the Common Council adopted a resolution (J C C 363-1894), by which they authorized the Controller to settle with the stall holders upon the basis of 60 per cent of the rental under contract The Controller had some negotiations with the stall holders and according to his report (J C C 629-1894) he accepted from Messrs William Wreford, John Glynn, George Beck, William B. Thompson and Fitzpatrick Bros., amounts aggregating $2,611 which amount was 60 per cent of the rental value of the stalls under their contract, but he accepted this amount with the distinct understanding that the stall holders reserved all legal rights to be determined by any future litigation between the city and other stall holders who did not contribute to this fund and therefore did not settle their differences with the city

Later by resolution (J C C 639-1894) the Common Council directed the Controller to place all amounts now in his hands received from delinquent tenants of the recent Central Market so called, to the credit of the Contingent Fund. This resolution was passed in compliance with the report of the Controller as reported on page 625, recommending that these moneys be transferred from the Poor Fund to the Contingent Fund so as to leave the matter of the market rents subject to such action as may thereafter be taken

Subsequent to this, and in the year 1894, suits were begun by the city against Marcellus Gleason and two others of the stall keepers for the recovery of full amount of rents due under their contract with the city. By stipulation it was agreed to try one of these suits, which should determine all of them. It was selected to try the suit against Marcellus Gleason. This suit was tried in the Circuit Court of Wayne County and a judgment rendered under the ruling of the court that the full amount was due, viz., $431.

This case was appealed by the defendant to the Supreme Court of the State of Michigan, and there the judgment of the Circuit Court was reversed, and the case sent back to the Circuit Court for a new trial. Upon the second trial, the city recovered a judgment under the instructions of the court upon the quantum meruit for $150, which included the interest from the date of judgment. The city did not appeal this case, because it had been determined upon the principles laid down by the Supreme Court in the former trial of the same case.

This judgment of $150 with interest to date of judgment represents the full value of the stalls for the time occupied as determined by law. Some of these stalls rented for $35 a month and some for $30, but for the purpose of this settlement they may be conceded to be all of equal value, as the Gleason judgment was upon a contract for $35 a month, and the city cannot lose anything by compromising upon the same basis with a tenant holding under a $30 lease.

It now appears that there are tenants who have never paid anything to the city, but who are subject to suit and liable to recovery upon the same basis as was recovered against Marcellus Gleason. There must also be taken into consideration the tenants who paid their money without a lawsuit brought by the city, but under protest.

The Corporation Counsel suggests, after a most thorough examination of the subject as a basis of settlement that the tenants who paid their money under protest be refunded the difference between the amounts severally paid, and the amounts awarded against Marcellus Gleason, with interest at the rate received by the city for money deposited by the city in the several banks; also that the tenants who have not paid anything into the city, be required to pay upon the same basis as the judgment awarded against Marcellus Gleason, with legal interest from the date they vacated the market, namely Jan. 1, 1894.

The following is a statement of the several amounts paid by the several tenants, the amount due per judgment of court, etc.:

	Amount paid.	Amt. due per judg't court.	Interest at 2½ p. c.	Amt. to be refund.
Wm. B. Thompson	$399 00	$107 00	$ 43 80	$ 335 80
John Glynn	342 00	107 00	35 25	270 25

W. Wreford	399 00	107 00	43 80	335 80
W. Wreford	342 00	107 00	35 25	270 25
Fitzpatrick Bros.	300 00	107 00	35 25	270 25
Fitzpatrick Bros.	42 00			
E. W. Grobbel	342 00	107 00	35 25	270 25
A. Petz	399 00	107 00	43 80	335 80
John Loosemore	399 00	107 00	43 80	335 80
Thomas Barlum	399 00	107 00	43 80	335 80
John Barlum	342 00	107 00	35 25	270 25
Total	$5516 45			$3,399 45

Your committee disagrees with the suggestion of the Corporation Counsel as to the basis of settlement. We believe that the several parties interested will gladly accept pro rata the money paid under protest without interest.

Such being the facts, we recommend that the City Controller be instructed to refund to the several parties hereinbefore mentioned the difference between the amount paid, and the amount due per judgment of court, as is shown in the above schedule, and we herewith offer the following resolution:

Respectfully submitted,

OLIVER H. GRUNOW
OTTO REINHARDT

Accepted, and on leave the following resolution was offered:

By Ald. Grunow:

Resolved, That the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of the several parties hereinafter mentioned for such an amount as may appear opposite their respective names, to wit:

RESOLUTIONS

By Canvasser Lowry.

Whereas It is manifest that the Board of City Canvassers as now constituted by law is too large to properly and carefully perform the duties which devolves upon it and

Whereas A similar Board of County Canvassers was abolished by act of the legislature for the reason above mentioned and a law providing for a smaller Board was enacted which has been proven to be everything that is desired in such a Board, therefore

Resolved That the Corporation Counsel be requested to prepare and cause to be submitted to the next legislature a bill providing for a Board of City Canvassers similar to that of the Board of County Canvassers

The resolution was indefinitely postponed.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council:

Gentlemen I herewith transmit to your Honorable body a communication from Commissioner Thomas Barlow,

tendering his resignation as a member of the Board of Poor Commissioners of the City of Detroit.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted.

The following is the resignation:

Honorable William C Maybury, Mayor of the City of Detroit:

Dear Sir—I hereby tender you my resignation as a member of the Board of Poor Commissioners.

Very respectfully yours,
THOMAS BARLUM.

The resignation was accepted as follows:

Yeas—Ald. Atkinson, Beamer, Biehl, Coots, Deimel, Fracher, Grunow, Haarer, Hanajosten, Hilger, Houghton, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Wildman and the President—30.

Nays—None

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I hereby nominate and respectfully request your honorable body to appoint John S. Quinn a member of the Board of Poor Commissioners of the City of Detroit, to succeed Thomas Barlum, resigned, the term of said nominee to expire on the 30th day of June, 1903.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and laid on the table.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I respectfully invite the attention of your honorable body to the accompanying communication from B. F. Gilkison, secretary of the League of American Municipalities. The coming convention of the league takes place at the city of Charleston, S. C., on Dec. 12, 13, 14 and 15, ensuing.

It is plainly evident that if the city of Detroit is to be represented in this important convention steps should immediately be taken to appoint delegates from your honorable body and from other officers of the city government, to the end that accommodations may be secured for the delegation, and arrangements for transportation made at the earliest date possible.

I would recommend that the subject matter be referred to a special committee for such action as may seem meet and proper in the premises.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted, and referred to the Committee on Ways and Means.

From the Controller.

To the Honorable the Common Council:

F A BLADES,
Controller

Accepted and referred to the Committee on Claims and accounts

FROM THE SAME

To the Honorable the Common Council:

Gentlemen—On July 17 (Page 574, C C Proceedings) you directed me to advertise for proposals for the renting of the stores in the Grand Army Memorial and Market Building.

I have delayed such advertisement for two reasons, first that the city did not have the possession of said building, there being sundry matters in controversy between the city and the contractors, and further because the renting of said stores or rooms would have to be subject to such rules and regulations as the Common Council might decide upon that would clearly demonstrate that said rooms or stores should be used for market purposes.

As there is now a prospect that the contract will be closed up by Nov. 17 and the city be in possession of said building, I think the time has come when an advertisement should be made.

And here arises some interesting questions. The first is: What supervision or regulations will the Common Council adopt to preserve the market feature of the use of said stores? Again, I think there should be provided in the advertisement that the whole of the ground floor should be rented to one party for one year with the privilege of five years and at the end of five years, the city of Detroit will have a right to put a new rating on the property as to rent. But the party who has put in his money and built up a business should be entitled to some consideration and have the refusal of the property on some basis of equity. Then, I think the city would get a better price for the property from the start than they would if the party renting first might be obliged to leave at the end of a short term.

It is possible that my thoughts on this subject might not strike the Council favorably and some modifications may be suggested.

I therefore recommend that this communication be referred to the committee on Markets to report on a plan of renting said building.

Respectfully,
F A BLADES,
Controller.

Accepted and leave being granted the following resolution was offered:

By Ald Grunow:

Resolved, That the Controller be and is hereby directed to advertise for 30 days for bids for the renting of the three rooms or stores on the ground floor of what is known as the Grand Army Memorial and Market building situated on the corners of Grand River avenue, Cass avenue and Adams avenue the terms to be that said stores are to be used for market purposes and under such rules and regulations as the Common Council shall adopt before the execution of a lease of said property.

The time of the lease shall be for one year with the privilege of five years, the rent payable quarterly in advance on the expiration of five years, the city having the right to fix the value of rent for another term of five years, shall after having fixed the value of the rent of said stores offer the same to the party having leased and occupied the place before, and said lessee shall have the refusal of said premises for not to exceed 10 days at the price fixed by the Common Council who, if the proposition of the city of Detroit is not accepted in writing the city may proceed to advertise for bids for the lease of same property for one year with the privilege of five years as in the first renting.

The bids for the renting of said property shall be by one person for all of the space on the three floors.

Referred to the Committee on Markets.

From the Corporation Counsel.

To the Honorable the Common Council:

Gentlemen—The resolution offered by Ald. Weber asking the opinion of me as to whether the Detroit, Grand Haven & Milwaukee Railroad Co. has the right to close the Jay street crossing [illegible] to me.

I am advised that no attempt has been made to close said crossing and the attorneys for the railroad have assured me that they claim no such right.

Some time ago a complaint was made that the railroad company had constructed a spur track from some point in Jay street, by virtue of the right of way of the railroad company, of the tracks in the right of way. On examination I found that they had done so but they afterwards removed the tracks to a point within their right of way and were therefore not liable to any proceedings. I have the honor to remain,

Very respectfully,
JOHN W McGRATH,
Chief Assistant Corporation Counsel.

Accepted and placed on file.

FROM THE SAME:

To the Honorable the Common Council:

Gentlemen—On Sept. 5, 1900, a verdict was awarded to the [illegible] Market declaring the necessity of opening Belvidere avenue from Jefferson avenue to Mack avenue, which already exists, and damages were awarded as respondents to the amount of $ 7 75.

The jury made an evident mistake in awarding damages to [illegible] Hamburgh and Polydore Marra

The Supreme Court of the State of Michigan has decared that in these street openings the jury cannot award damages, for a less amount than the lowest testimony given at the trial. In this case the lowest testimony given for the value of the property owned by Mr Van Slambrook was $187 50, and for that owned by Mr Matyn $187 50, the jury awarded each one of these respondents $37 50 being in each case $50 lower than the lowest testimony

This was a fatal error and had the above named respondents appealed to the Supreme Court that court would undoubtedly have reversed the verdict and put the city to a very large expense for a new trial, besides the costs of the court

There is no provision in the law permitting an amendment to a verdict and I was therefore powerless to correct this error

However I promised the above named respondents that if they would not appeal I would recommend to your honorable body that the difference between the amount of their award and the lowest testimony be made up to them The respondents did not appeal and the verdict in the Belvidere opening is now before your body for confirmation

In compliance with my promise to these respondents I therefore, recommend that you appropriate the sum of $ to be paid out of the street opening fund $50 for Charles L Van Slambrook and $50 for Polydore Matyn

Respectfully submitted

Assistant Corporation Counsel

Accepted and referred to the Committee on Street Openings

FROM THE SAME

To the Honorable the Common Council

Gentlemen The accompanying plat has been referred to this office for an opinion as to the title of the portion of lots 14 15 and 30 extending into Brooklyn avenue

I have the honor to inform your honorable body that the deed given the city by which this portion of Brooklyn avenue was dedicated as a street was not signed by one of the McLaughlin heirs Mrs Matilda King that in the proceedings for the partition of the McLaughlin estate said Matilda King was awarded lots 14 15 and 30 Said lots extend to the center of the street as now dedicated and the city will be obliged to acquire title to this portion of these lots either by dedication or by condemnation proceedings

Very respectfully

From the Public Lighting Commission

To the Honorable the Common Council

Gentlemen: At a session of your honorable body held the 10th ultimo a resolution was passed requesting this Commission to connect its lighting mains to the G A R building, located at the corner of Grand River and Cass avenues, and to light said building for the benefit of the G A R posts who will occupy it

We have carefully considered the costs of running to and connecting with said building and give below our estimate for doing the work

Trenching and filling 135 ft of Third street at 30c	$ 37 50
Trenching and filling 934 ft in alley at 4½ ft	41 30
930 ft of 2½ inch iron pipe, at 20c ft	191 80
4 brick manholes, at $20 each	80 00
Hall's Inspection, 6 days at $2 50 per day	15 00
Replacing 125 ft brick at 60c ft	75 00
2,267 ft Lepox cable at 20c ft	417 20
One 2 K W transformer	250 00
20 ft No 2 R U wire	20 00
Fuses primary and secondary	10 00
Transformer cage	5 00
Lamps etc	43 50
Installing 5 days at $4 50 day for 2 men	22 50
A total of	$1 209 20

There are 350 lamps wired in the building, 80 of which are in the stores on the ground floor, with no provision for separate metering This will require installing two extra circuits at an estimated cost of $75 This cost, added to the above estimate, makes the total cost $1,284 20

We wish to inform your honorable body that this Commission has no fund that is available for this purpose The Board of Estimates granted us funds for operation and maintenance only, nothing for extensions and betterments, and for operation and maintenance the amount allowed us for the fiscal year is $5 250 less than the sum required for the present number of lights on the basis of cost which we per are right for the 18 months preceding the fiscal year We are also installing 50 additional street lights at a cost of about $5 800

By close figuring we expect to meet our operating expenses the above extensions and certain quite extensive repairs and overhauling that seem imperative, out of the appropriation allowed us by the honorable the Board of Estimates but it seems certain we cannot use any of our resources for other purposes without crippling the property or impairing the service If the sum necessary $1 284 20 for doing the work above enumerated can be provided for by your honorable body from your public building fund or from any other source the G A R building will be connected to and equipped by us and the lights turned on without further delay

We understand certain portions of the building are to be used for private purposes stores etc Is it the desire of your honorable body that the Public Lighting Commission shall furnish illumination for such private purposes at the cost of the city and without charge to the tenants?

We wish to state that our present incandescent machinery is overloaded and that it may be impossible in some few instances to keep the building lighted although we will be prepared to take care of it after the installation of our new machinery, which we hope to have in operation by March 1901

Gentlemen—Your Committee on Sewers, to whom was referred the petition of W. S. Badger for permission to pay a sewer assessment without penalty and interest, beg leave to report that the petitioner is the owner of lot 22, R. Hoxie's sub. of lots 544 to 548, inc., of J. W Johnson's sub. of the Porter and Campau farms, W. S. Twenty-fourth street, that a lateral sewer was constructed in the rear of said premises in the year 1892, and the roll therefor confirmed Jan. 17, 1893; that the petitioner did not purchase said property until 1895, hence he was not aware of this assessment remaining unpaid against said property, and would still have been unaware had he not been notified by the City Treasurer that this tax was unpaid, that the original amount of said assessment is $25 39. Your committee recommend that the City Treasurer be instructed to receive the original amount of said assessment with 6 per cent interest added thereto, which is due the contractor, and herewith offer the following resolution.

Charter and City Legislation.

To the Honorable the Common Council

Gentlemen: Your Committee on Charter and City Legislation to whom was referred the communication from the Board of Public Works relative to legislation regulating the paving and repaving of alleys in the City of Detroit respectfully report that we have carefully considered the suggestions made in the communication from the Board and beg leave to state that we are heartily in accord therewith

It is undoubtedly true that under the present system several of our downtown alleys that ought to be paved will remain in an unsanitary condition because of the fact that the contractors, instead of receiving their money upon the completion of the work, are compelled to wait until such time as the abutting property owners are ready to pay hence, it will be seen that something should be done and your committee therefore recommend that the Corporation Counsel be instructed to cause proper bills to be drafted and presented to the Legislature at its next session, providing the right for the city to issue paving bonds in the matter of paving alleys, and in the repaving of alleys, the entire expense to be paid out of the general paving fund

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen: Your Committee on Charter and City Legislation, to whom was referred the resolution of Ald Moeller, relative to considering the advisability of drafting a bill to be presented at the next session of the Legislature granting the City of Detroit the right to issue bonds to construct and operate a telephone system respectfully report that we have carefully considered the matter and that, according to the best judgment of your committee such a step would be unwise, for the following reasons

There is no reason in the opinion of your committee, why the taxpayers of the City of Detroit should assume a liability of hundreds of thousands of dollars for the benefit of 7,000 or 8,000 telephone subscribers, or users of telephones

The municipal ownership and operation of telephones would be entirely different from municipal lighting or water works as the whole people receive the benefit from well lighted streets, and the city water supply is a necessity to every citizen whereas

In the case of municipal telephone system all the taxpayers of the City of Detroit would assume the total liability of the expense of the telephone system for the benefit of comparatively few telephone subscribers and users in case of an annual deficit, which would not be improbable the taxpayers of Detroit would again be called upon to pay the same, thus making the people who do not use telephones pay a part of the expense for those who do, all of which is legislation in the interest of the few at the expense of the many

Again the municipal telephone system could be operated only within the limits of the City of Detroit and would have no connection with lines outside of the city which would be a serious drawback

Your committee is aware of the poor service the present Telephone Company is now and has been giving for some time however as the Company is operating under an exceedingly low ordinance which provides no penalties for poor service at all There is no way to reach them until the ordinance expires 14 years hence

After giving the consideration to this matter your committee feels that it cannot consistently recommend any

bill for the municipal ownership and operation of lighting.

Ways and Means.

To the Honorable the Common Council.

Gentlemen—Your Committee on Ways and Means to whom was referred the report of the Public Building Committee submitting the communication from the Public Lighting Commission relative to connecting its lighting mains to the G. A. R. Building respectfully report that we have carefully considered the matter and beg leave to state that the cost of running to and connecting with said building the wires of the Public Lighting Commission (including the installation of two extra circuits for separate metering), will amount to $1,284.3. Your committee upon investigation find that the commission has no funds available for this purpose, as the Board of Estimates only allowed funds for the operation and maintenance of the plant, and made no provision for extensions and betterments.

We therefore recommend, inasmuch as it is a necessity that the stores and balance of said building be lighted, that the Controller be instructed to place to the credit of the G. A. R. Building fund the sum above mentioned for the purpose of paying said improvements, said expense to be taken out of moneys received from the House of Correction, and herewith offer the following resolution:

Respectfully submitted,
WALTER H. COOTS,
OSCAR B. MARX,
OLIVER H. GRUNOW,
WM. C. HOUGHTON.

Accepted and on leave the following resolution was offered.

By Ald. Coots:

Resolved, That the City Controller be and he is hereby authorized and instructed to take from the moneys in the City Treasury received from the House of Correction, the sum of $1,284.20, and place the same to the credit of the G. A. R. Building fund, for the purpose of paying the expense of running to and connecting the G. A. R. Building with the wires of the Public Lighting Commission, as set forth in the above report.

Special.

To the Honorable the Common Council.

Gentlemen—Your Special Committee appointed to consider the advisability of adopting Standard Time as the official time of the City of Detroit, respectfully report that we have carefully considered the matter and recommend the adoption of Central Standard Time for the following reasons:

Standard Time is the legal time of the state of Michigan by an act passed by the legislature Feb. 16, 1905. It is also the official time of Wayne county and of every city of importance in the United States. Even the smaller cities of the state of Michigan, such as Grand Rapids, East Saginaw, etc., and the larger cities of Toledo, Cleveland, Columbus and Cincinnati all use Standard Time.

Your committee desires to call attention to the use of Standard Time in Cleveland, O., which is 30 minutes slower than local time in that city. As the change in time was very much marked in Cleveland, the factories have not changed the actual hours of labor although they have changed the hands of the clocks, that is, turned the clocks back one half hour. This change of the clocks has resulted in one standard of time in Cleveland and has removed entirely the confusion that was formerly caused by reason of the use of two systems of time.

In our own city where more strangers are entertained in the course of a year than in any two cities of New York, Chicago or cities of the largest class and as our citizens also trade in the numerous cities across the river, it would seem that we should overlook petty differences of opinion and adopt one standard of time and put an end to the confusion resulting from the two systems of time now in use.

In the City of Detroit the public clocks are set 3 minutes apart, Standard Time being 3 minutes slower than local time. The postoffice clock, the clocks on the railway stations, the clocks in the county offices, and the clocks in the hotels and theatres and other clocks are set to Standard Time, whereas the City Hall clock and a few other public clocks are set to local time all of which is confusing to citizens and particularly so to strangers visiting our city as no one knows whether appointments are to be kept by local or Standard time.

Your committee desires to call attention to the following letters from manufacturers in Cleveland, Cincinnati, Columbus, Toledo and Dayton, information which was collected by the courtesy of Henry L. Walker of the city.

FROM DAYTON MANUFACTURING CO.

(Manufacturers of brass goods.)

Dayton, O., Oct. [illegible], 1909.

Dear Sir: Your letter of the 6th inst. just received and will say in answer to Dayton we know what other uses except standard time. We have always like very city had considerable trouble in hanging [illegible] passed an ordinance adopting standard time. This was a matter of years and [illegible] above stated we now use the standard time. A large number of factories our own among them start to work at 6:30. Some of them work and start again at 12:30, making five hours in the morning and five in the afternoon. With us factory we work nine and one-half hours in the morning working 6:30 o'clock, starting at

10 minutes to one and closing down at 5 making 10 hours each day

The difference between sun and standard time with fair city as near as the writer knows is 23 minutes This of course may not be exactly correct. Hoping the information given may be sufficient, and assuring you that we are willing to answer any other questions you may ask in the line we remain,

Respectfully yours

The DAYTON MFG CO.

FROM JEFFERY MANUFACTURING CO.

(Manufacturers of chain, belting mill and mining supplies)

Columbus, O Oct 8, 1900.

Dear Sir We are in receipt of your favor of the 6th inst and are surprised that Detroit is so far in the background on the matter of adopting the universal standard of time keeping It was some eight or ten years ago that the City Council of Columbus passed a resolution making Standard time the universal time of the city and on this account it has gradually been accepted until at the present time there is scarcely any one who runs by what is called city or sun time. The difference between standard and sun time is exactly the same here as in Detroit namely 28 minutes Columbus factories start work at 6 30 close at noon at 12 m and in the evening at 5 or 5 30 according to the number of hours is run that day in that factory There has not been any objection on the part of the working men to the acceptance of this arrangement and it is of such long standing that no one gives it a second thought The objections you speak of it absolutely without reason in Columbus so far as we can see

Respectfully yours,

The JEFFERY MFG CO

R H Jeffery Asst Gen Mgr

FROM THE WM POWELL CO

(Manufacturers of valves and engine trimmings)

Cincinnati O Oct 17, 1900

Dear Sir Your favor of the 13th inst is just at hand and in reply would advise that Cincinnati has been using standard time for several years past When the change was made we started our day at 6 30 a m instead of 7 as formerly but we found it to our disadvantage to keep to this hour Saturday afternoon we quit work at the usual time by adjusting the clocks to the new time so that it was entirely satisfactory So far as we know all the shops in the city quit work at 12 M and we think it is the case all over the city Hall for there is still some talk of changing back to sun time

The difference in time was 25 minutes and was changed by our city hall officials without any trouble

The writer was in Detroit on business the day the change was made and while our clocks all showed sun time which was a great nuisance

Respectfully yours

The WM POWELL CO

FROM THE LIBBEY GLASS CO

Toledo O Oct 1, 1900

Dear Sir -Your favor of the 27th ult at hand and contents noted, and in reply would say that when the change in time was made nearly all of the factories simply commenced work at 6 30 instead of 7 o'clock and closed half an hour earlier at night

My recollection of it is that the change was not submitted to a vote of the people but was passed upon by the Common Council

The difference in time was about the same as it is with you

From our own experience we had no difficulty whatever in making the change we simply started at 6 30 instead of 7 o'clock

We have had no trouble with our workmen getting here on time, and the change was effected without any inconvenience whatever either to our workmen or ourselves

Yours respectfully

S O RICHARDSON, JR.,

President

FROM THE BUCKEYE ELECTRIC CO.

(Manufacturers of Incandescent Electric Lamps)

Cleveland O Oct 1 1900

Dear Sir -Your favor of the 27th ult in reference to the use of standard time and sun time in the manufacturing establishments of Cleveland has been referred to the writer At the time when we changed from sun to standard time the difference was 31 minutes, between the two of course standard time being so much slower The change was made by ordinance passed by the Common Council and not by the vote of the people We as well as most of the plants moved forward the time of starting in the morning from 7 to 6 30 This gives the employees the same time as they have had heretofore during daylight

But all those of enterprising mind have dropped back to the use of the old time That is where they used to open up from six to six o'clock in the evening they now open up to the same time though there was an attempt to put the time forward to about 7 o'clock but they soon found they went back to the old time

The main bulk of the plants here in the city use standard time and we can say this much that most of the people are glad to get back to standard time save a few old duffers who will stick to anything different from what their great grandfathers did or have been used to but to them We have certainly found the change a great advantage in a great many ways as well to the social as in the business part of the city

Hoping the above has answered your inquiries correctly,

Yours respectfully,

The BUCKEYE ELECTRIC CO.,

J R MASSEY Supt

AN ORDINANCE to regulate street railways and to require street cars to be equipped with fenders and wheel guards.

It is hereby ordained by the people of the city of Detroit:

Section 1. That all persons, associations or corporations now or hereafter owning or operating street railways in the City of Detroit, shall provide all their cars now or hereafter in use, with fenders designed to catch and sustain any human being who may be in the way of such car, and shall also provide and equip all of their street cars with front and rear wheel guards; such fenders and wheel guards to be of a design which the Board of Public Works shall have certified in writing meets the approval of such board; all such cars shall be equipped with such fenders and wheel guards on or before April 1, 1901, and such fenders and guards shall be placed on all of such cars in use thereafter.

Sec. 2. It shall be the duty of the Board of Public Works to examine and pass upon all designs of such fenders and guards submitted to such board by any person, association or corporation owning or operating any street railway within the City of Detroit, and give written certificate to such applicant of the approval or disapproval of such designs by said board.

Sec. 3. Any person, or corporation, or employe of any person or corporation operating any street cars in the City of Detroit after April 1, 1901, not equipped with fenders and guards as hereinbefore provided, shall, upon conviction thereof, be fined not less than fifty (50) dollars, nor more than two hundred (200) dollars for each and every offense, and every day's violation of the provisions of this ordinance shall constitute a separate offense, and in addition to such fine such offender may be imprisoned in the Detroit House of Correction for a period not exceeding ninety (90) days for each offense.

Sec. 4. This ordinance shall take effect and be in force from and after its passage and publication.

Approved Oct. 23, 1900.

ROBERT BARRIE,
Acting Mayor.

Attest:
JOHN A. SCHMID,
City Clerk.

BOARD OF EDUCATION, Secretary's Office, Room 2, No. 69 Miami Avenue, Detroit, Oct. 27, 1900.

Sealed proposals will be received at this office until 5 o'clock p. m., city time, Wednesday, Nov. 7, 1900, for furnishing all the material and labor necessary in the erection of a

15-Room School Building

on the site of the Craft school, corner Ash street and Vinewood avenue, and for furnishing all the material, labor, machinery and appliances for a system of heating and ventilating apparatus in the same building, all in accordance with plans and specifications, which may be seen in the office of the supervisor of the board, room 1, this building.

Proposals must be upon a form to be obtained in the office of the supervisor, and no proposal will be consid-

ered unless accompanied by a certified check in the sum of 6 per cent of the amount of the proposal said check to be made payable to the order of the Board of Education, and to be forfeited to said Board if the bidder fails to enter into contract (form of which may be seen in this office), within five days after notice of the acceptance of the proposal. Bidders will be required to give on their proposal the names, if any, of their sub contractors.

No proposal will be accepted from any person or firm who are in arrears to this Board upon a debt or contract, or who is in default as surety or otherwise upon any obligation to said Board.

The right to reject any or all proposals or to waive any defects in proposals is expressly reserved.

L. H. CHAMBERLIN,
Secretary.

Detroit, Mich., Oct. 27, 1900.

BOARD OF PUBLIC WORKS,

Detroit, Nov. 1, 1900.

FOR CONSTRUCTING VITRIFIED CROCK LATERAL SEWERS.

Sealed proposals will be received at the office of the Board of Public Works, Detroit, Mich., until Thursday, Nov. 8, 1900, at 11 o'clock a. m., local time, at which time and place they will be opened, for furnishing all the labor and material except cement and manhole covers, which will be furnished by the city, and laying and finishing complete, together with the back filling according to the plans and specifications on file in this office, vitrified crock lateral sewers in the following described alleys:

No. 1207. In alleys north of Michigan avenue between Livernois and Military avenues.

No. 1211. In alleys between Baldwin and Van Dyke avenues, Granger street and Hendrie avenue.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council:

Gentlemen—I herewith transmit for the consideration of your honorable body the report of the special committee of citizens having in charge the matter of planting vacant property for the use of the city poor. The report is one which reflects great credit upon the gentlemen composing this committee, and the harvest of their labors and enterprise has been abundant.

The committee suggests that the great difficulty is their experience in obtaining land for their use, and I again renew the suggestion made in my message transmitted in the last annual report of this committee, that the question of securing lands to be permanently used for the purposes be taken up for consideration. A special committee of the Common Council was appointed at the time the last report was submitted, and some investigation was made at that time, which I hope will be renewed through a special committee of your honorable body.

I respectfully recommend, therefore, that this report of the agricultural committee be submitted to a special committee of your honorable body for such recommendation as may seem to them meet and proper.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted, and referred to Special Committee to be appointed.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—One of the most important problems with which the municipal government of the city will be compelled to deal in the near future is that which relates to the street railway systems of the city. Some of the franchises of the lines operated by the Detroit Citizens' Street Railway Co. expire in the near future and others at intervals, and the time is near at hand when those in authority should thoroughly consider whether an extension of or new franchises should be granted upon fair and reasonable terms, or whether the city should seek to at least own or own and operate the street railway systems within the corporate limits.

Personally, I favor the ownership and operation of such systems by the public. Others whose judgment is entitled to great respect seem to favor the ownership of the tracks and the leasing thereof upon advantageous terms. Others still entertain the belief that the city ought not to either own or operate such railroads, but should grant franchises to private corporations, requiring of the grantees, however, compensation for the use of the streets. No respectable portion of the community, I believe, now favors the granting of franchises without some compensation for the use of the streets. To those who incline to the ownership and operation of the roads, or the ownership alone, an heretofore apparent insurmountable difficulty of agreeing with the existing owners upon the value of their roads has confronted us. This difficulty, I think, can be easily obviated. While it is true that the supreme court in Attorney-General vs. Pingree have held that the city could not purchase the lines of the street railway named in the act of the legislature then under consideration, it was because such system of street railways lies partly within and partly without the corporate limits, and the court expressly refrained from deciding the important question whether the city under any circumstances may build or buy lines of street railway in its streets, lying within the city limits, and lease them upon such terms as the city authorities shall deem to be for the best interests of the citizens.

Inasmuch as the supreme court of the state has uniformly held that a street railway is not an additional servitude upon the public way but is a means of accelerating public travel therein, I see no reason why the court will not hold that the city had authority to own or lease street railways entirely within its own limits. If so we need not be dependent upon the arbitrary action of the railway companies in fixing the price for their property.

The power of "eminent domain" that is, "that sovereign power vested in the people by which they can for any public purpose take possession of the private property of any individual or corporation upon just compensation paid to him or it" is still a living force. All private interests may be made subservient to the public good or public necessities. It is upon this principle and by the invocation of such power that the government condemns lands for public buildings, that municipalities condemn and take private property for the uses of streets, that railways condemn and take private property for the use of right of way depot grounds etc. and it was by the invocation of this power that the Union Depot Station Co. in Detroit condemned and took the yards and station grounds at the Union station. The property of the street railway companies can be taken under this joint power.

If the legislature were appealed to I take it that with the present trend of public sentiment in favor of municipal ownership of public utilities that it can be induced to pass an act authorizing the city of Detroit to own, or own and operate, to purchase or condemn the property of the railway company upon paying just compensation therefor. Such just compensation should be determined by providing for a jury or commissioners who should be authorized to take testimony upon the question of value and that the determination of such jury or commissioners should be final and conclusive upon all parties in interest.

I therefore respectfully recommend that your honorable body refer this communication to the committee on Charter Amendments, that the matters herein suggested may be considered and if it meets with the approbation of your honorable body to recommend to the state legislature the passage of such a law as is herein outlined.

Respectfully submitted,

WILLIAM C. MAYBURY,
Mayor.

P. A. HARRIS,
Cont'r.

Accepted and referred to committee [illegible] and Associate

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen In accordance with instructions of your honorable body I have entered into a contract with The P Koenig Coal Co for coal for the City Hall and Municipal Buildings for the balance of the fiscal year, ending June 30, 1901, and respectfully request its confirmation.

I recommend the reference of this communication to the Committee on Ways and Means

Respectfully,
F. A BLADES,
Controller

Accepted and recommendation concurred in.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—On the 21st of August, his honor Mayor Maybury, sent a communication to your honorable body, giving a history of Admiral Dewey's flag, the first Admiral's Flag that was flown by Admiral Dewey on the Flagship Olympia at Manila Bay, subject to such recommendations as to the custody of the flag as your honorable body might determine.

On the same day Ald Merrell introduced a resolution directing the Controller to receive from the directors of the Detroit Museum of Art acceptance of the custody of said flag, and such memorandum as should fix the custody of the flag subject to the conditions expressed by Mayor Maybury.

I have to say that on the 17th day of November Mayor Maybury had prepared at his office a memorandum contract between the city of Detroit and the Detroit Museum of Art for the custody of said flag. The contract is signed by the City Controller on behalf of the city and the Detroit Museum of Art by Fred E Farnsworth, secretary, and A H Griffith director. The contract will be placed in the vault of the City Controller for safe keeping, and the public will be gratified to know that they can see the Admiral Dewey Flag as soon as a proper case can be prepared to receive it.

I send this communication more for the purpose of making a record of the disposition of the flag and that it may be known to the public where it is than for any other special purpose.

Respectfully
F A BLADES
Controller

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen In obedience to your instructions I paid to the several parties named in my communication of Oct 30 1900 the sum of $ [illegible] on account of [illegible] for the use of the City of Detroit Grand Army Memorial and Market Building.

And in obedience to your instructions from the Board of Public Works to me as Controller I received over to me as representing the City of Detroit the keys to the Grand Army Memorial and Market Building. On receipt of the keys of said building I addressed a letter to the committee who signed the contract with the city on behalf of the Grand Army Posts, said committee consisting of Wm C Claxton Wm. T Gage, C. C. Chadwick, Carl Engle and Sam B Dixon, notifying them that I had the keys of said building, and asking the pleasure of the Grand Army people as to the time, place and circumstances of the manner they would like to have said keys turned over to them.

This morning, Nov 20 1900, I am advised by them that as soon as the building can be got ready and the furniture placed, it is their desire that there shall be a public celebration of the event, and that said celebration be participated in by the city through its officers, and people to be designated by the Grand Army Posts of the city interested in the building.

I recommend that the Common Council appoint a committee of five to confer with a like committee from the Grand Army Posts, or their present committee as they shall designate, and arrange a program for the formal delivery of the keys of said building to the people for whom the building was erected, and also to fix the time when said function shall occur.

Respectfully,
F A BLADES,
Controller.

Accepted, recommendation concurred in and matter referred to special committee, to be appointed.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen I have from the Board of Water Commissioners the following letter that will explain itself.

Detroit Mich Nov 17 1900

G A R Building City

I am instructed to notify you by order of the Board of Water Commissioners of the City of Detroit that power for running hydraulic elevators will no longer be furnished by this Board and that such changes as may be necessary in your elevator system to comply with the above notice must be made by March 1 1901.

Yours truly,
BENJ F GUINEY
Sec'y

As something will have to be done with the power in the Grand Army Memorial Building, and as the question of providing more for the change in the power will have to be considered I recommend that this communication be referred to the Committee on Ways and Means and Public Buildings.

Respectfully,
F A BLADES,
Controller

Accepted and recommendation concurred in.

From the Corporation Counsel.

To the Honorable the Common Council.

Gentlemen I have the honor to inform you that on the 12th day of November 1900 Cornelius H Robertson commenced suit against the city of Detroit by direction to recover the sum of $5000 damages for alleged injury through fall on defective crossing corner of Thirteenth and Ash streets

On Nov. 19, 1900, Jennie Anderson commenced suit against the City of Detroit by declaration in trespass on the case, claiming $10,000, for alleged injury through fall on defective sidewalk on west side of Griswold street, near State street.

Very respectfully,
TIMOTHY E. TARSNEY,
Corporation Counsel.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I beg leave to report that on Thursday Nov 8, in open court, we consented to the entering of a judgment in favor of Michael Fandrel, against the City of Detroit, in the sum of $1,200, without costs to either party. We did this because we had no defense, and it was the best settlement we could bring about.

In investigating this case, we asked Dr. Walker to make an examination of Mr. Fandrel; this he did, and reported that Mr. Fandrel was crippled for life, that his injuries were of such a character that he would never recover from them.

Under these circumstances we thought it best to settle the case, fearing that Mr Fandrel would unquestionably receive a much higher verdict than the one we consented to. I have the honor to remain,

Respectfully,
P. J. M. HALLY,
Assistant Corporation Counsel.

Accepted and referred to the Committee on Claims and Accounts.

From the Board of Public Works.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully report that the repaving of alley No. 25, in block bounded by Randolph, Brush, Monroe and Macomb streets, under the contract confirmed the 24th day of June, 1900, is fully completed from the north line of Monroe avenue to the south curb line of Macomb street, and easterly from north and south alley to west line of Brush street.

The pavement is of brick on concrete and has been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said avenue as follows:

For intersections, etc., being the whole amount of work as far as completed $87 25
For cost of advertising, blanks and inspector's salary..... 5 00

Total amount $92 25

Respectfully, etc.,
J. W. MILLEN,
President.

Accepted, and by unanimous consent, Ald. Moeller offered the following:

Whereas, It appears from a communication from the Board of Public Works that the paving as per contract confirmed the 24th day of June, 1900, on alley No. 25, in block bounded by Randolph, Brush, Monroe and Macomb, from the north line of Monroe avenue to the south curb line of Macomb street, and easterly from north and south alley to west line of Brush street, has been fully completed; and

Whereas, Said alley has been examined by the Board of Public Works and the paving of said alley has been found to have been done in accordance with the contract and specifications for the same, therefore

Resolved, First, That the said paving within the limits above mentioned be, and is hereby accepted.

Resolved, Second, That the City Controller be, and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said alley, to the amount of $87 25, the same being the full amount due the contractors from the city for paving said intersections, etc., and for the sum of $5 00, the same being the cost of advertising, blanks and inspector's salary.

Adopted as follows:

Yeas—Ald. Atkinson, Benner, Biehl, Coots, Delmel, Fischer, Grunow, Haarer, Hanajosten, Hilliger, Houghton, Joy, Koch, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—31.

FROM THE SAME.

To the Honorable the Common Council

Gentlemen—July 25, 1894, Charles Apel paid an assessment of $13 20, for connecting lot 2, Apel's sub. of part of lots 24, 25 and 26, of Newbold's sub. of the eastern part of p. c. 678, between Mack and Gratiot avenues, into the public sewer in Field avenue, between Forest and Gratiot avenues.

A lateral sewer has since been constructed adjacent to said lot, and the property subjected to the usual assessment for constructing same, which has been paid to the Receiver of Taxes. The amount paid by Mr. Apel for connection with the public sewer was credited to the public sewer fund and passed into the city treasury. The Board of Public Works now asks that the Controller be instructed to draw his warrant on the City Treasurer in favor of Mr. Charles Apel, for the sum of $13 20, on delivery by him of the receipt from the Board of Public Works for the same; the money to be taken from the public sewer fund.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and leave being granted, the following resolution was offered:

By Ald. Koch:

Resolved, That the City Controller be and is hereby instructed to draw his warrant on the City Treasurer, in favor of Chas. avenue Estimated cost, $1 20 per lineal foot.

Respectfully submitted,
J. W. MILLEN,
MARSHALL H. GODFREY.

Accepted, and leave being granted, the following resolution was offered:

By Ald. Koch:

Resolved, By the Common Council of the City of Detroit, that it is deemed necessary to construct vitrified crock lateral sewers in the following alleys, to wit:

In alley north of Brandon avenue and west of Hubbard avenue;

In alley in block bounded by Scotten, LaSalle, Herbert and Warren;

In alley in block bounded by Newland, Fischer and Mack to north line of lot 51, north of Sylvester;

In alley in block bounded by Morrell, Ferdinand, Christiancy and Dix.

In alley between Sixteenth and Fifteenth streets, south of Milwaukee.

And it is hereby declared that this action is had under sections 42 and 43 of chapter 7, title 1, of the charter of 1893, authorizing the Common Council to direct and regulate the construction of lateral sewers or drains for the purpose of more effectively draining all lots or cellars, yards and sinks within the limits of said city, whenever in their opinion the same shall be necessary.

Resolved, That for the purpose of assessment for defraying and paying the cost of said vitrified crock lateral sewers, the lots and parcels of real estate within the limits of each of said alleys and abutting thereon, through which each of said lateral sewers is ordered to be constructed, as set forth and described in the plat thereof submitted by the Board of Public Works, shall be, and the same is hereby constituted and declared to be one local assessment district for the lateral sewer so constructed.

Resolved, That the City Engineer be and he is hereby ordered and directed to make an assessment on the lots and parcels of real estate within the limits of each of said lateral sewers and abutting thereon, according to the benefit said lots and parcels of real estate shall receive from said improvement.

Resolved, That the Board of Public Works be, and is hereby ordered to advertise five times for proposals for constructing said lateral sewers.

Referred to the Committee on Sewers.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully reports that lateral sewers Nos. 1199 and 1201, heretofore ordered constructed, have been fully completed according to contracts and specifications therefor, and that all parties interested have been duly notified as required by ordinance, and the Board herewith transmits assessment rolls Nos. 6271 and 6270, for constructing said sewers, and respectfully asks their approval and confirmation

Respectfully submitted,
J. W. MILLEN,
President.

out cedar streets, much higher than in 1909 and much more work to be performed as evidenced by the resolutions of Aldermen and requests of property owners all over the city, the board has found the amount allowed to be inadequate to carry on what was absolutely necessary to be done as well as care for the contingencies that are bound to arise in the care of the streets, alleys and public places of a great and growing city like Detroit. As a consequence the balance in the fund is not sufficient to take care of the necessities to the end of the fiscal year, and the Commissioners ask that a transfer be made from some other fund, in the shape of a loan, to the amount of $5,000.

Bills from the Detroit Electric Railway, now in court, amounting to $35,046.96, and the Board of Water Commissioners amounting to $2,224.08, are due the general road fund and if collected would tide the fund over to the end of the fiscal year and no loan would be necessary.

In connection herewith the suggestion is offered that the matter be submitted to the Committees on Ways and Means and Streets or to any other committee as your honorable body may deem best to whom the board would be glad to present detailed statements of expenditures showing how the money was disbursed, where the work was performed as well as the contents of storage yards and the condition of the books of the office.

Gentlemen: Your Committee on Street Openings, to whom was referred the communication from Assistant Corporation Counsel A. B. Hall relative to two errors made by the City in the matter of opening Belvidere avenue from Jefferson to Mack avenues, respectfully report that we have considered the same and beg leave to state that it is to the city's best interests to pay the difference between the awards and the lowest value placed thereon, as appears in the testimony, viz. $50 each because of the fact that had the respondents appealed to the Supreme Court that court would undoubtedly have reversed the decision of the lower court, and put the city to an exceedingly large expense for a new trial, besides the costs of the court.

Your committee therefore recommend that the Controller be instructed to draw his warrant in favor of the respondents viz., Chas. L. Van Slambrook and Polydore Matyn for the sum of $50 each in full settlement of all claims that they may have against the City of Detroit in the matter of the aforesaid opening and we herewith offer the following resolution:

F A BLADES
Controller

Accepted and referred to Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council

Gentlemen: It seems to me that your attention should be called at this time to the disposition of garbage from and after the 30th day of June 1901.

The present contract expires at that time. There is a provision of the present contract for the purchase of the garbage plant which the city may wish to consider.

Three years ago, when the present contract was made, it was said that the time was too short for the city to consider the garbage question. It was then expressed as a wish that the Contractor would call the attention of the Council to the matter at an early date.

There is also some legal questions pending between the Controller and the Detroit Sanitary Works on the subject of the amount to be paid the Sanitary Works for the collection of garbage for the first year of the present contract, there being a discrepancy between the amount allowed by the Council and the Board of Estimates

for that year, and the amount named in the contract

There is also the matter of rebate on garbage to be paid by the Sanitary Works to the city for excess of garbage of 15 000 tons, that will have to be adjusted by the Common Council

I think that by calling attention to this matter at this time it will give ample time for determining whether the city desires to purchase a garbage plant and if so, to have estimates made for the money, and also, if not to purchase or build a plant, to determine on the most economical way of disposing of garbage

The data collected on this subject can be turned over to the Committee of the new Council in January and the proper action had

I recommend that this communication be referred to the Committee on Health.

Respectfully,
F. A. BLADES,
Controller

Accepted, and recommendation concurred in

From the Corporation Counsel.

for that year, and the amount named in the contract.

There is also the matter of rebate on garbage to be paid by the Sanitary Works to the city for excess of garbage of 15,000 tons, that will have to be adjusted by the Common Council.

I think that by calling attention to this matter at this time it will give ample time for determining whether the city desires to purchase a garbage plant, and if so, to have estimates made for the money, and also, if not to purchase or build a plant, to determine on the most economical way of disposing of garbage.

The data collected on this subject can be turned over to the Committee of the new Council in January and the proper action had.

I recommend that this communication be referred to the Committee on Health.

Respectfully,
F. A. BLADES,
Controller.

From the Public Lighting Commission.

To the Honorable the Common Council.

Gentlemen—We beg to call your attention to the fact that this Commission has recently drawn in underground cables for its street lighting circuits in the western half of the city and for some of the circuits in eastern half of the city, and that we intend to take down the large Norway pole line running west from the lighting plant along Atwater, Shelby, Woodbridge, Second, Larned and Third streets, the poles being in very bad condition and in danger of falling in the first storm. On these poles as well as on the pole lines running east from the station, are strung, under agreements made some years ago, the feeder wires belonging to the Detroit Citizens' Street Railway Co. and the Detroit Electric Railway. These are large heavy, insulated copper conductors averaging over an inch in diameter, and on some of the poles there are four or more of these feeders. This Commission on May 17 last gave the street railway companies the required six months' notice of termination of agreements for the use of these poles and requested them to vacate the poles. The notice of termination of agreements expired on Nov. 17 last but the feeders have not been removed from the poles as requested.

On account of the narrow sidewalks along the route of these poles the feeder wires are strung very close to the buildings, and are not only a menace on account of their weight on the poles and the danger of bringing down the pole line but have been known to take fire on account of trouble. The feeders along this line are not a necessity to operate any street car line along their route.

If it is the intent of your honorable body to keep all overhead wires outside the "underground" district, we would suggest that you either order the street railway companies to go through the "underground district in conduits, or that they take their feed wires up Riopelle or Rivard streets, where they already have some feeders strung and around the district in that way to the car lines fed by these wires, thus clearing the down town streets.

The Corporation Counsel having certified this Commission that these feeders are within the jurisdiction of your honorable body we take this opportunity of calling your attention to the present condition.

We have the honor to be,
Yours very respectfully,

To the Honorable the Common Council

Gentlemen Your Committee on Claims and Accounts to whom was

ferred the communication from the Corporation Counsel relative to the judgment of $1,250 entered in favor of Michael Pandrel, against the City of Detroit, which was consented to in open court on Nov 8th inst., respectfully report that we have carefully considered same and recommend upon the advice of the Corporation Counsel that the said sum be paid and we herewith offer the following resolution.

Respectfully submitted,
JOHN C. BLEIL,
EDWARD WILDMAN,
RICHARD P. JOY,
BASIL A. LEMKE,
M. W. McGUIRE.

Accepted, and on leave the following resolution was offered.

By Ald. Bleil.

Resolved, That the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of Michael Pandrel for the sum of $1,250, being the amount of a judgment obtained by said Pandrel against the City of Detroit by consent of the Corporation Counsel, upon presentation of a receipt in full for all claims for damages that he may have against the City by reason of said injuries.

Adopted as follows:

Yeas—Ald. Bleil, Coots, Delmel, Fracher, Grunow, Haarer, Hanajosten, Hilger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—32.

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the petition of Mrs. George Gourley, asking for the cancellation of a certain sidewalk assessment, respectfully report that we have given the matter our careful consideration and upon investigation find that the petitioner is the owner of a certain lot, situated on the south side of Ivy place, between Grand River avenue and Twenty-third street; that a sidewalk was constructed in front of said premises by the Board of Public Works, in December, 1894 that the petitioner paid for said walk on Jan. 15, 1895, but for some reason or other said assessment remained upon books as unpaid, that the petitioner presented her receipt before the committee to substantiate her testimony, which was found to be correct. The money therefore was paid directly to the Board of Public Works office.

Such being the facts, we recommend that the City Treasurer be instructed to cancel said assessment upon his books, and we herewith offer the following resolution.

Respectfully submitted,
WM. F. MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted, and on leave the following resolution was offered:

By Ald. Moeller.

Resolved, That the City Treasurer be and he is hereby authorized and instructed to cancel the sale against lot 7, block 3, of sub of o. l. 2, 3 and 4; also the resub. of blocks 1, 2, 3 and 17, s., r. 11 e., s. s. Ivy place, between Grand River avenue and Twenty-third street, for the construction of a sidewalk, upon presentation of the proper receipt, showing that said assessment has been paid.

Adopted as follows:

Public Buildings.

To the Honorable the Common Council:

Gentlemen—Your Committee on Public Buildings, to whom was referred the communication from the Board of Public Works submitting proposals for the kalsomining and heating of the rooms in the Municipal Court building, respectfully report that we have carefully considered the matter and beg leave to state that J. A. DeTar is the lowest bidder for kalsomining said building, and that W. J. Basler & Co. are the lowest bidders for installing the heating apparatus. We therefore recommend that the contracts entered into by the Board of Public Works with the above mentioned parties be approved and confirmed, and we herewith offer the following resolutions:

Respectfully submitted,
JOS. H. HANAJOSTEN,
WM. KOENIG,
J. T. MAYHEW.

Accepted and on leave the following resolutions were offered:

By Ald. Hanajosten.

Resolved, That the contract entered into by the Board of Public Works with J. A. DeTar, for kalsomining the Municipal Court building, according to the specifications in their office, be and the same is hereby approved and confirmed, the expense thereof to be paid out of the public building fund.

Charter and City Legislation.

To the Honorable the Common Council

Gentlemen Your Committee on Charter and City Legislation to whom was referred back the report relative to the paving and repaving of alleys in the City of Detroit respectfully report that we have carefully considered the same, and beg leave to state that we are still under the impression that such legislation as contained in our former report is necessary with the exception that on the repaving of alleys bonds should be issued the same as for the paving of alleys instead of paying the expense out of the general road fund and your committee therefore recommend that the Corporation Counsel be requested to prepare bills and present them at the next session of the legislature providing the right for the city to

issue paving bonds for the paving and repaving of alleys so that the contractors will receive their moneys upon the completion of the work, but that the expense of paving or repaving be assessed against the abutting property owners.

Respectfully submitted,
RICHARD P. JOY,
FRED W. SMITH,
MICHAEL MILLER,
M. W. M'GUIRE,
ALOIS A. DEIMEL.

Accepted and adopted.

Special.

To the Honorable the Common Council:

Gentlemen—Your Special Committee appointed to consider the advisability of having suitable medals prepared and presented to the soldiers who went to the front from the City of Detroit in the recent Spanish-American war, respectfully report that we have given the matter our most careful consideration, and beg leave to state that we are of the opinion that a suitable medal should be presented to every individual who took part in the recent war with Spain, whether he enlisted in the regular army, or was a member of the Michigan National Guard, which afterward was mustered in by the United States government, also the Naval Reserves. We believe that the City of Detroit should reward them for the heroic work they performed, whether they participated in actual battle or not they tendered their services most heartily to defend the American Flag.

Your committee beg leave to say that it had designs prepared and obtained prices thereon, but inasmuch as the expense of said medals will exceed the charter provision of $200, we believe it best to instruct the Controller to advertise for proposals and designs for medals suitable for the occasion, and report the same to this council when received for its further consideration, and we herewith offer the following resolution:

Respectfully submitted,
WM. KOENIG,
RICHARD P. JOY,
F. F. SNOW,

Accepted, and on leave the following resolution was offered:

By Ald Koenig:

Resolved, That the City Controller be, and he is hereby authorized and instructed to advertise for proposals and designs for medals to present to the soldiers of the city of Detroit, numbering about 1,500 (more or less), for the militia, and 300 (more or less) for the Naval Reserves, said medals to be of bronze metal, each medal inclosed in a separate box, and to have engraved thereon the name of the individual to whom it is to be presented, a list of names of which will be presented upon the acceptance of the contract.

Adopted as follows:

Yeas—Ald. Bell, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilliger, Houghton, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President —32.

Ordinance.

Unanimous consent being granted, the following was presented by Ald Smith

AN ORDINANCE to provide for the operation of street cars on Mack avenue in the city of Detroit

Whereas, It is evident that the service now given by the Detroit Citizens Street Railway Company upon its lines of street railway on Mack avenue is wholly inadequate and that the public convenience requires that the cars upon said line shall be run and operated more frequently

It is hereby ordained by the people of the city of Detroit,

Section 1 That from and after the taking effect of this ordinance it shall be the duty of the Detroit Citizens Street Railway Company its successors and assigns, to furnish and provide sufficient cars to

that the cars thereon shall be run and operated, in both directions, as follows, namely: From 6 o'clock a. m. to 8 o'clock a. m., and from 5 o'clock p. m. to 7 o'clock p. m., four minutes apart; and from 11 o'clock p. m. until 12 o'clock midnight, eight minutes apart, and between 7 o'clock a. m. and 5 o'clock p. m., six minutes apart.

Sec. 2. For each and every day on which the Detroit Citizens' Street Railway Company, its successors and assigns, shall refuse or neglect to provide the service herein ordered, said company may be complained of as for a distinct offense, and punished as hereinafter provided.

Sec. 3. Any violations or failure to comply with the provisions and requirements of this ordinance shall be punished by a fine of not to exceed three hundred ($300) dollars, and said fine when so imposed may be recovered from the person or corporation so convicted in an action at law in the proper court.

Sec. 4. This ordinance shall take immediate effect.

Read twice by title, ordered printed and referred to Committee on Ordinances.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council:

Gentlemen—I herewith transmit a communication received from the Health Officer, regarding the dangers to be apprehended by the spread of contagion through the careless handling of infected clothing in laundries and other depositories.

I respectfully recommend that the communication hereto appended be referred to the committee on charter and city legislation, for such suggestion regarding methods of inspection or licensing as may prevent the evil to which the Health Officer refers.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and referred to Committee on Ordinances.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—In a communication received from the City Controller, my attention is called to the fact that the county officers now occupying rooms in the city hall will probably be removed to the county building, now nearing completion, in the summer or early fall of 1901. When the rooms now occupied by the county officers are vacated in the city hall it is more than probable that all city officers and commissions now occupying rented quarters can be accommodated in the city's building, thereby curtailing expense and making the transaction of public business with said officers and commissions more convenient than at present. To accomplish this purpose some, if not all, of the rooms to be vacated, will require remodeling, and this will involve both time and expense. It seems to me that at this time there should be considered not alone the matter of remodeling rooms to suit the convenience of city officers in the transaction of their business, but the larger question of the remodeling of the building itself is well worth careful and early consideration. The matter of plans for this purpose and the expense to be borne should be taken up at once, in order that whatever data is required for submission to the incoming council may be prepared and estimates submitted for the consideration of the board of estimates, at its ensuing session. When we consider the work to be done and the many suggestions that will have to be considered, and an agreement reached as to what course to be pursued, we must admit that there is no time to be lost.

I would therefore respectfully suggest that the subject matter of this communication be referred to the special committee of your honorable body or to the committee on public buildings, in order that the work before us may be instituted at once.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and referred to Committee on Public Buildings.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I would respectfully suggest to your honorable body that the further work of accomplishing by agreement the total separation of railroad and street grades in our city be continued until a plan has been adopted which will insure a complete separation of grades within a reasonable time, and if possible without litigation.

The special committee appointed by your honorable body in co-operation with all the members of the Common Council has accomplished much in the initiation of the work as now being prosecuted on Woodward avenue. The agreement under which the separation on Woodward avenue was accomplished provides for the payment of total expense involved in the separation by the railroad companies and all property damages to be taken care of by the city. This seems to be an equitable and just distribution of the burden, and has been acceded to by the unanimous vote of your honorable body, and approved by the judgment of the public.

At the time when the agreement was signed for the separation of grades on Woodward avenue, a strong intimation was thrown out by the representatives of the railroad companies that similar agreements to that entered into might be made for all street crossings between Milwaukee Junction, so called, and West Detroit. It might be well to take up this proposal for immediate consideration, and if deemed for the best interests of the city, and if the conditions elsewhere do not differ from those existing at the Woodward avenue crossing, it may be wise to bind the bargain now, fixing a limit of time when the work between the points mentioned shall be fully completed. The space between the Milwaukee Junction and the river, or the Brush Street depot, on the east side, and between West Detroit and the Michigan Central depot on the west side, may involve conditions materially different from those

involved in the points first named, and it is possible that a similar contract might not be just to either party

The fact that the questions are more complicated on the east and west sides raises no reason why they should not be solved in some just way and the difficulties whatever they may be must be met sooner or later, as the separation of grades at all points about the city becomes more and more vital with each passing year The increased traffic upon the railroads as well as the increasing population of our city both alike urgently call for a consideration of this subject, in all its bearings

The existing statute under which provision is made for the enforcement of grade crossings is not, in my judgment fair or just to the city and if at any time or at any point the city is to be put to the necessity of instituting litigation in order to enforce its rights, that law should be so amended as to do more exact justice than is accomplished by the provisions of the present act

The whole subject matter, however, is one that should be persistently followed until the complete accomplishment of the work is assured I am impelled to urge immediate action on the part of your honorable body, because members of the present Council are, by careful personal investigation, better prepared to pass upon the questions involved than the members of a new Council possibly could be, without an equal amount of experience and study I am confident that at least the separation of grades between Milwaukee Junction and West Detroit can be concluded under an agreement to be executed now and if difficulties arise in other parts of the work that require further enabling legislation the city would be in a position to ask for that measure of power which the difficulties of the situation may suggest

Respectfully submitted

WILLIAM C MAYBURY,
Mayor.

F. A. BLADES,
Controller.

Accepted and referred to the Committee on Claims and Accounts.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—The lease from the city of Detroit to the county of Wayne for offices in the City Hall expires Jan 1, 1901. I have notified the County Auditors and have from them a request that the present lease from the city to the county be extended from month to month until they are ready to move into the new County Building, probably about the first of October next, not before.

I recommend that the Common Council concur in this request.

I also recommend that this communication, with the correspondence incident thereto, be referred to the Committee on Public Buildings.

Respectfully,
F. A. BLADES,
Controller.

Accepted and recommendation concurred in.

From the Corporation Counsel.

To the Honorable the Common Council

Gentlemen—In accordance with your instructions I herewith submit proper resolutions for opening Harvey avenue.

Respectfully,
A. B. HALL,
Asst. Corporation Counsel.

Accepted.

The following is the resolution:

By Ald. McGraw.

Resolved, That it be and is hereby declared by the Common Council of the City of Detroit, that it is necessary to make in said city, the following described improvement and the same is for the use and benefit of the public, viz:

Opening Harvey avenue 60 feet wide, from Junction avenue to Morrell street, where not already opened as a public street or highway.

That they deem it necessary to take private property for the purpose of making such improvement, which property is situated in said city of Detroit and is bounded and described as follows:

The southerly eight and sixty hundredths (8.60-100) feet of lot thirty-one (31) subdivision of lot 10 of the subdivision of private claim No. 30.

Also lot thirty-two (32), last mentioned subdivision.

Also the northerly one and forty-hundredths (1.40-100) feet of lot thirty-three (33), last mentioned subdivision.

And the Corporation Counsel be and is hereby directed to institute the necessary proceedings in behalf of the city of Detroit, to carry out the objects of this resolution in regard to taking private property by said city.

Adopted as follows:

Yeas—Ald. Atkinson, Biehl, Coots, Deimel, Fracker, Grunow, Haarer, Hansjosten, Hilger, Houghton, Joy, Krauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President—32.

Nays—None.

To the Honorable the Common Council:

Gentlemen—A discrepancy having been discovered in the frontage of lots

for the paving of a street whereby there is a difference between the books of the Assessors office, the deeds belonging to the parties interested and the City Engineer's survey we would respectfully ask to have the matter referred to the proper committee for the purpose of adjusting the difficulty

Very respectfully
THE BOARD OF ASSESSORS,
By BENJ GUINEY
President

Accepted and referred to the Committee on Streets.

From the Board of Public Works.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully report that the repavings of alley No. 8 the alley west of Griswold, between Jefferson and Woodbridge under the contract confirmed the 5th day of September, 1899, is fully completed from west curb line of Griswold street to the end of alley.

The pavement is of brick on concrete and has been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for repaving said alley as follows

For intersections etc being the whole amount of work as far as completed	$47 16
For cost of advertising, blanks and Inspector's salary	4 00
Total amount	$51 16

Respectfully etc.,
J. W. MILLEN
President

Accepted and by unanimous consent Ald Moeller offered the following

Whereas, It appears from a communication from the Board of Public Works that the repaving as per contract confirmed the 5th day of September, 1899 on alley No. 8, the alley west of Griswold street between Jefferson and Woodbridge, from the west curb line of Griswold street to the end of alley, has been fully completed, and

Whereas Said alley has been examined by the Board of Public Works, and the repaving of said alley has been found to have been done in accordance with the contract and specifications for the same, therefore,

Resolved, First, That the said paving within the limits above mentioned be, and is hereby accepted

Resolved Second That the City Controller be, and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said alley to the amount of $47.16, the same being the final amount due the contractors from the city for paving said intersections etc., and for the sum of $4.00 the same being the cost of advertising, blanks, and inspector's salary.

Adopted as follows:

FROM THE SAME

To the Honorable the Common Council

Gentlemen—The Fort street bridge over the railroad tracks is in such a condition that it needs immediate attention to make it safe for street cars, vehicles and pedestrians. In the Board's yards there is sufficient lumber on hand for the purpose. It is estimated that the labor will cost about $250 and inasmuch as the money allowed for repairs to bridges has been exhausted and the work on the Fort street bridge is absolutely necessary the Board requests that some arrangement be made at once whereby funds can be provided to take care of this contingency.

Respectfully submitted
J. W. MILLEN,
H. KALLMAN

Accepted and leave being granted, the following resolution was offered By Ald Coots:

Resolved That the Controller be and he is hereby instructed to take from the moneys in the city treasury received from the House of Correction the sum of $250, and place the same to the credit of the General Road Fund, for the purpose of paying the pay rolls for labor for repairing Fort street bridge.

Adopted as follows:

Yeas—Ald Atkinson, Bleil, Coots Delmel, Fracher, Grunow, Hauser, Hansjosten, Hilger, Houghton, Joy, Krause, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tobey, Wubel, Weller, Wildman and the President—32.

Nays—None.

Suspension of Rules.

On motion of Ald Coots rule 8 was suspended.

Reconsideration.

Ald Coots moved to reconsider the vote whereby the immediately foregoing resolution was adopted.

Ald. Miller moved that the motion of Ald Coots be laid on the table which motion prevailed.

The regular order was resumed.

FROM THE SAME

To the Honorable the Common Council:

Gentlemen Spitaley Bros., Contractors for the G. A. R. Building, have written the Board asking for a release of the personal bond given at the time the contract was made. When the Board communicated to the Council that the building had been completed and asked that the final estimate be paid it should also have asked the release of the bond. If your honorable body will so direct the Board will return the bond.

Respectfully submitted
J. W. MILLEN,
President

Accepted and leave being granted the following resolution was offered By Ald Hansjosten:

Resolved That inasmuch as the G. A. R. Memorial and Market building has been completed and turned over to the city that the Board of Public Works be hereby directed to return

the personal bond of the contractors, Messrs. Spitzley Bros.

Adopted as follows

Yeas—Aid Atkinson, Bleil, Coots, Deimel, Fracher, Grunow, Haarer, Hansjosten, Hilliger, Houghton., Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weiler, Wildman and the President, 32.

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the petition of the Detroit Citizens' Street Railway Co., for permission to erect a booth, 2x3x6, neatly constructed and painted, near the corner of Woodward and Grand River avenues, respectfully report that we have carefully considered the matter and beg leave to state that said company desires permission to erect said booth for the protection of the man there stationed to operate the switch at said intersection and remove the pole formerly used for operating by an electric switch. Your committee have investigated the subject and can see no harm in allowing said company to erect said booth, inasmuch as it is solely for the protection of the individual who is to operate the switch.

We therefore recommend that they be granted said permission and herewith offer the following resolution.

Respectfully submitted,
WM. F. MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted, and on leave the following resolution was offered:

By Ald. Moeller:

Resolved, That the Detroit Citizens' Street Railway Co. be and is hereby given permission to erect an ornamental booth on the e. s. Woodward avenue, near the corner of Wilcox street, to be 2 feet wide, 3 feet long and 6 feet high.

Provided, That said work shall be performed under the supervision of the Board of Public Works, and in accordance with plans submitted to and approved by said Board, and provided further, that no rights in the public streets shall be considered waived by this permission, which is granted expressly on the condition that said booth and all obstructions in connection therewith shall be removed at any time when so directed by the Common Council.

Adopted as follows:

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the petition of Mrs. Ann Hart, for permission to pay a paving assessment without penalty and interest, respectfully report that we have given the matter our careful consideration and beg leave to state that the petitioner is the owner of lot 117, block 60, of L. Grandy sub of McDougall farm, north of Gratiot avenue; that part two, for the paving of Mitchell avenue, through an oversight remained unpaid; that the petitioner is now willing to pay the original amount of said paving tax as appears upon the City Treasurer's books, amounting to $23 06; that upon looking up the paving roll we find that this roll is in the same condition as several other rolls that have previously been passed upon by the Corporation Counsel, wherein he recommends that the face value thereof be accepted. We therefore recommend that the City Treasurer be instructed to receive the sum of $23 06 in full payment of said paving tax, and we herewith offer the following resolution.

Respectfully submitted,
WM F MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted, and on leave the following resolution was offered:

By Ald. Moeller:

Resolved, That the City Treasurer be and he is hereby authorized and instructed to receive from Mrs. Ann Hart the sum of $23 06 in full payment of the paving tax (part two) assessed against lot 117, block 60, of L. Grandy sub. of McDougall farm, north of Gra-

Sewers.

To the Honorable the Common Council

Gentlemen — Your Committee on Sewers to whom was referred the petition of Mary N Williams for permission to pay a lateral sewer assessment without penalty and interest, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of the east 109 77 feet of the west 233.35 feet of the north 120.30 feet of the south 380 93 feet of lot 4, of the Leib farm, that a lateral sewer was constructed in the rear of said premises, being in the alley west of Leib street, between Larned and Congress streets and that said property was sold to the city in 1894 for the non-payment of the assessment levied for the construction of said sewer

Your petitioner claims relief upon the ground that she has, from time to time, made inquiries at the office of the City Treasurer and was there informed that there were no taxes or assessments of any kind due against her property, that about ten days ago her attention was called to the tax in question, which, upon investigation, we found that, while there was such an assessment outstanding against her property the same did not appear upon the City Treasurer's books, owing to a clerical error in placing the said assessment against other property than that owned by the petitioner

Messrs Lipbardt & Winterhalter were the contractors for this sewer, and we are informed by them that they are willing to accept the sum of $100 00 in full payment of their interest therein. Your committee believe that the city should lose its portion of interest because of the fact that the mistake occurred through one of its officials

We therefore recommend that the City Treasurer be instructed to receive from Mary N Williams the sum of $100 00 in full payment of the assessment due against said lot for the construction of said sewer and the Controller be instructed to draw his warrant in favor of the City Treasurer for the sum of $5 26 being the amount of penalties and interest due thereon and we herewith offer the following resolution

To the Honorable the Common Council:

Gentlemen — Your Committee on Taxes, to whom was referred the petition of Mary E. Garlick for the refunding of a tax twice paid, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of lot 34, block 1, Scovel's sub. of the w. ½ of frac. sec. 2, T. 2, S. R. 11 E., that through a clerical error in the Receiver of Taxes office the petitioner was given a receipt for lot 34, block 2, of the same sub., upon which the tax had been paid by the owner thereof, hence it will be seen that the same tax has been doubly paid upon the same piece of property; that your petitioner is desirous of receiving back the money paid by her so that she can pay the taxes due upon her own lot, but that she has lost the receipt she obtained from the Receiver of Taxes; that the Receiver of Taxes issued her a certificate, under oath, showing that she paid said tax and lost the original receipt thereof.

We therefore recommend that the City Controller be instructed to refund to her the sum of $5.13, upon presentation of said certificate, and we herewith offer the following resolution.

Gentlemen — Your Committee on Taxes, to whom was referred the petition of the West Side Brewery for the cancellation of a certain tax, respectfully report that we have carefully considered the matter, and find upon investigation that through a clerical error in the Assessors' Office, said brewing company was erroneously assessed upon a valuation of $37,-, which said error is acknowledged by said Board of Assessors.

We therefore recommend that the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of the Receiver of Taxes for the sum of $574 87, in payment of said personal tax, and we herewith offer the following resolution.

Gentlemen — Your Committee on Taxes, to whom was referred the petition of John A. DeGaw asking permission to pay certain taxes without penalty and interest added thereto, respectfully report that we have carefully considered the matter, and beg leave to state that the petitioner is the owner of lots 6 and 7, Secor & Davis's sub of the south 213 feet of outlot 64, St. Aubin farm, that he purchased said lots in 1894, and was informed at that time that all taxes, whether general or special, had been paid, that while recently endeavoring to sell said property he was informed by the City Treasurer that the city taxes for the years 1897 to 1899 inclusive, remain unpaid upon said premises; also the city taxes upon lot 7 for the year 1894, that your petitioner, on account of not being aware of said taxes existing, now asks that he be allowed to pay the face value thereof according to the City Treasurer's books.

Your committee, after carefully looking into the matter, feel that some relief should be granted, and therefore recommend that the petitioner be allowed to pay the original amount of said taxes with 6 per cent interest added thereto, and we herewith offer the following resolution.

Respectfully submitted,
OLIVER H. GRUNOW,

Ald. Grunow moved the adoption of the resolution.

Minority Report

To the Honorable the Common Council.

Gentlemen: Your Committee on Taxes to whom was referred the petition of John A. DeHaw for permission to pay certain City taxes without penalty and interest respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is and has been since 1894 the owner of two lots situated on St. Aubin avenue, that he was under the impression at the time that he made the purchase, that said lots were free from taxes of every kind and that he would not have known that any taxes were due thereon had he not endeavored to sell said property during the past few months that he was notified by the City Treasurer, after making said sale and while trying to procure his certificate thereon, that certain taxes were due upon said property and would have to be paid before his deed could be placed on record.

Your committee is of the opinion, although it seems a hardship to pay the enormous penalty and interest provided for by law that it would be dealing unjustly with the multitude to relieve him from paying the penalty and interest which has accumulated upon those taxes which are still unpaid. If the abstract that he obtained at that time was faulty, then it is the petitioner's duty to hold the abstract maker liable therefor and not ask the city to right a wrong that was not committed by any of its officers. If the petitioner in this instance should be relieved why should not a general rule be made applying to all, so that those who are unacquainted with the conducting of city business can receive the same benefits as those who are appointed.

In view of these facts your committee recommend that the prayer of the petitioner be denied.

Respectfully submitted,
HOMER MORAW.

Whereas, For many years the line of that portion of River street, which lies between the westerly line of the Porter farm, and the easterly line of private claims 47 and 583, has been a matter of doubt; and,

Whereas, Said River street, has been paved, it is desirable and necessary that the northerly and southerly lines of said street should be established; therefore, be it

Resolved, That the northerly line of that portion of River street, lying between the westerly lines of the Porter farm and the easterly line of private claim 47 and 583, be, and is hereby established as lying parallel to and 25 feet northerly from the center of the pavement of said street as now laid; and that the southerly line of said street be and is hereby established as lying parallel to and 25 feet southerly from the center of the pavement of said street as now laid. And, furthermore, be it

Resolved, That all portions of River street, between the westerly line of the Porter farm and the easterly line of private claims 47 and 583, which may have been acquired by the city, either by plat, deed or adverse possession, and which lie outside of the northerly and southerly lines of River street as above described, be and are hereby vacated.

Laid on the table.

SIXTEENTH WARD.

By Ald. Atkinson:

Resolved, That the Committee on Street Openings be and is requested to consider the advisability of opening McKinstry avenue, immediately south of Dix avenue, where not already opened; with more particular care given to the possibility that it has already become a public street by use and that court proceedings may not be necessary.

Adopted.

By Ald. Atkinson:

Resolved, That the Committee on Street Openings be and is requested to consider the advisability of opening Lansing street, immediately south of Dix avenue, where not already opened, paying particular attention to the possibility that the street has been in use as such long enough to make it a highway without formal court proceedings.

F. A. BLADES,
Controller.

Accepted and referred to the Committee on Claims and Accounts.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I herewith transmit with my approval bill of Water Commissioner for water used in the City Hall, Municipal Court Building, Western Hay Market, Eastern and Western Vegetable Markets and the Board of Public Works Eastern and Western Yards from March 15th to September 15th, aggregating $882 10. This bill includes water consumed for the three months ending June 17th, amounting to $206 81, a bill of which was sent to your honorable body without my approval on the 24th of July last, and disallowed on the 1st of August.

My reasons for transmitting this bill without my approval are that the estimate for $800 which I made for this purpose in March last was cut out by the Board of Estimates and there was no money appropriated to pay this bill.

I recommend the reference of this communication to the Committee on Claims and Accounts.

Respectfully,
F. A. BLADES,
Controller.

Accepted and recommendation concurred in.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—The work in this office has increased so much that at times I am embarrassed to know how to get the work of the office done in reasonable time, even after working the whole force overtime.

The case of my messenger who is receiving $25 per month, is entitled to consideration. I have been obliged to use him for clerical and other work, that his experience in the offices qualifies him to do much better than a stranger. I feel that he is entitled to compensation for the work done.

I recommend that I be authorized to put his name on the pay roll for $15 per month for the present fiscal year, including the month of December, 1900 and that the same be paid out of the contingent fund.

I recommend that this communication be referred to the Committee on Ways and Means.

Respectfully,
F. A. BLADES,
Controller.

Accepted and recommendation concurred in.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—On Sept. 18, 1900, you passed a resolution granting one Mr. H. Levy, the privilege of maintaining scales on the Eastern Market at an expense to him of 10 cents per day. My attention was called to this matter by the Market Clerk.

I note that the ordinance, page 774 of Revised Ordinances, provides that a party to maintain scales on the Eastern or Western Market, shall take out a license and pay therefor $25 in advance and give a bond for $100 security for the faithful performance of their duty.

I recommend that this communication be referred to the Committee on Markets.

Respectfully,
F. A. BLADES,
Controller.

Accepted and recommendation concurred in.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—In compliance with a resolution of Ald. Tussy, adopted by your honorable body Oct. 9th, I have the

honor to submit the accompanying statements showing the comparative cost per $1,000 of levying and collecting the general and special taxes in the City of Detroit during the fiscal year ending June 30th, 1900.

These statements have been delayed owing to the work of preparing the annual report and also the great number of expenditures which had to be considered and computed in order that the statements should embrace all expenses of every character incurred in the levying and collection of taxes.

It has been necessary to estimate a number of these items, particularly that of salaries where employes are engaged in other work, as well as that of collecting taxes. These estimates have all been made after consultation with the departments interested, and are, I think, as accurate as can be made.

The report makes little show for the amount of labor expended upon it, but I trust the information contained therein will prove of some value.

An interesting feature of this statement is that the total cost of levying and collecting the general and special taxes, amounting to $81,013 02, is almost covered by the total penalties collected, which aggregate $79,640 77.

Following is the report:

and with John Joynes for sewer
No. 1220. In alley south of Milwaukee avenue, between Sixteenth and Fifteenth streets,
be and the same are hereby approved and confirmed.
Referred to the Committee on Sewers.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works respectfully reports that lateral sewers Nos. 1185 and 1208, heretofore ordered constructed, have been fully completed according to contracts and specifications for the same, and that all parties interested have been duly notified as required by ordinance, and the board herewith transmits assessment rolls Nos. 6277 and 6278 for constructing said sewers, and respectfully asks their approval and confirmation.

Respectfully submitted,
H. KALLMAN,
Vice-President.

Accepted, and leave being granted, the following resolution was offered:
By Ald Koch:

Whereas, It appears from a communication from the Board of Public Works that lateral sewers

No. 1185. In alleys between McClellan and Pennsylvania avenues, Simone street, and Weyhere avenue.

No. 1208. In alleys between Artillery, Dragoon, Cadet and Dix avenues,

Have been fully completed in accordance with the contracts and specifications for the same,

Whereas, No person has appeared to object to assessment rolls Nos. 6277 and 6278, and due notice having been given as required by ordinance;

Resolved, That the laterals above described are hereby accepted, and that said assessment rolls therefor are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Referred to the Committee on Sewers.

From the Board of Assessors.

To the Honorable the Common Council:

Gentlemen—We herewith transmit to your honorable body, Street Opening Assessment Roll No. 117, for defraying a part of the expense and cost of taking private property for the opening, and extending Orleans street from Wilkins street to Forest avenue, where not already opened, 80 feet wide, as a public street and highway. This roll has been prepared pursuant to and in accordance with the resolution adopted by your honorable body Aug. 28, 1900.

The benefits of the whole property included in the taxing district equals the sums assessed thereon, and the lands included in the said assessment district were assessed in proportion to the benefits specially derived by them from such improvement. The notice required by law has been given to the parties in interest, as will appear by the annexed notice and affidavit of publication. We have, therefore, signed the same, and report it to your honorable body, and herewith present the following resolution to that end.

Respectfully,
THE BOARD OF ASSESSORS,
By BENJ. GUINEY,
President.

Accepted, and on leave the following was offered:

By Ald. McGraw:

Resolved, That the Common Council of the City of Detroit do hereby approve and confirm Street Opening Assessment Roll No. 117 for defraying part of the expense and cost of taking private property for the opening and extending Orleans street from Wilkins street to Forest avenue, where not already opened, 80 feet wide, as a public street and highway.

This roll has been prepared pursuant to and in accordance with the resolution adopted by your honorable body Aug. 28, 1900, that the description of the premises and the names of persons contained therein are received as correct, that the lots and parcels of land contained in said assessment roll and the several owners and occupants have been assessed in said roll in proportion to the benefits specially derived by them, and each of them, from the opening and extending of said Orleans street; that the benefits of such improvement to such lots and parcels of land, and the several owners thereof, equals the assessment levied against the property contained in said assessment roll; that the benefits to the whole of property included in the taxing district equals the sum assessed thereon, and that the sums which said assessment roll states to be the amount which each lot or parcel of land should be assessed and pay, be the assessment upon such lot or parcel of land, and be collected from the several persons liable to pay the same according to law, and shall become due and payable within 60 days from the adoption and confirmation of said roll by the Common Council.

Adopted as follows:

Yeas—Ald Atkinson, Bieli, Coots, Delmel, Fracher, Grunow, Haarer, Hanjoeten, Hilgur, Joy, Knaus, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Snow, Steiger, Tousy, Weibel, Wildman and the President Pro Tem.—28.

Nays—None.

From the Board of Commissioners of the City Sinking Fund.

To the Honorable the Common Council

Gentlemen—A meeting of the City Sinking Fund Commissioners was held Dec. 8, 1900, at the Wayne County Savings Bank, the following Commissioners being present: Maybury, Blades, Coots, Marx, Weibel and Thompson.

The City Treasurer delivered to the Commissioners two (2) Public Improvement bonds, ten (10) Wayne

County Building bonds, and forty-eight (48) Street Paving bonds. Said Commissioners proceeded to verify the bonds by number, and, having found them to be correct, deposited them in the strong box.

The Commissioners took from the strong box.

WM B. THOMPSON,
Sec'y Detroit City Sinking Fund Com

Accepted and referred to the Controller

From the City Treasurer.

To the Honorable the Common Council:

Gentlemen—In connection with the refunding of the Special Water Main Assessment, there have been numerous cases where the refund has been denied to people, who, while they may unquestionably be the proper parties, were unable to produce the receipts issued to them at the time of payment by the Receiver of Taxes. I would respectfully request your honorable body to properly instruct me so that I may accept the affidavits of such as have lost their receipts and make the desired refund.

Respectfully submitted,
WM B. THOMPSON,
City Treasurer

Accepted, and leave being granted, the following resolution was offered

By Ald. Moeller,

Resolved, That the City Treasurer be and he is hereby authorized and instructed to make refund in the Special Water Main Assessment to parties being unable to produce receipts issued at time of payment by the Receiver of Taxes, provided that the claimant for the refund make the following affidavit.

I, ... being duly sworn, deposes and says that ..... paid the special assessment amounting to ..... for Water Mains on the following described property ..... to the Receiver of Taxes of the city of Detroit and received a receipt therefor, that your deponent is desirous of having the amount so paid refunded, and to that end has made a diligent search for the receipt, and now verily believes that the receipt is either lost or destroyed, that the money so paid as aforesaid has never been refunded, and further that ..... has never sold or assigned the claim to any other person, and that ..... agrees to deliver the receipt to the City Treasurer of Detroit, should the same ever be found, and also agrees not again to make claim for the amount so paid.

Adopted as follows:

Yeas—Ald. Atkinson, Biehl, Coots, Delmel, Fracher, Grunow, Hanrer, Hansjosten, Hilger, Jay, Kruss, Koch, Koenig, McGraw, McGuire, Marx, Mayhew, Merrett, Miller, Moeller, Reinhardt, Schnider, Snow, Steiger, Tossy, Weibel, Wildman and the President—28.

Nays—Ald. Lemke—1.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—I have to request your honorable body to appoint a special committee of three to meet the Controller and Treasurer, for the purpose of cancelling street paving bonds paid and now in the hands of the City Treasurer.

Respectfully,
WM B. THOMPSON,
City Treasurer

Accepted, and on motion of Ald. McGuire, the chair was requested to appoint special committee.

Judiciary.

To the Honorable the Common Council.

Gentlemen—Your Committee on Judiciary, to whom was referred the communication from the Corporation Counsel relative to a claim presented by Ralph Phelps, Sr., against the City of Detroit, and asking a settlement thereof, respectfully report that we have given the matter our careful consideration, and beg leave to state that we find that the City constructed the so-called Fourteenth street bridge in 1875, and at or about that time Mr Phelps petitioned the City for damages alleged to have been suffered by him because of the erection of this bridge and its approaches in front of his property On the advice of the then Corporation Counsel, the petition was denied In 1894 suit was instituted by Mr Phelps against the City for damages accruing for six years prior to the date of the commencement of the suit. That suit has never been prosecuted to a verdict In 1896, about three years and nine months subsequent to instituting the first suit another suit was begun by Mr Phelps against the City for damages alleged to have accrued between the commencement of the first suit and the commencement of the second suit. By stipulation on the part of Mr Phelps's attorneys and the Corporation Counsel the second suit was tried first Upon a verdict being rendered against the City in the Circuit Court, the case was appealed to the Supreme Court, where a decision was rendered reversing the decision of the lower court and finding that the petitioner is entitled to such damage as should be allowed him by the jury Later the jury found on a retrial that the damage sustained amounted to $466 per year Your committee find, under the decision of the Supreme Court, that the damage to Mr Phelps's property is a continuing one, and hence he can recover as long as said bridge exists; therefore, Mr Phelps would have due him on the basis of $466 per year, as found by the jury, $5 58_ besides his reasonable costs and charges

Your committee feel that it is advisable for the City in view of the decision of the Supreme Court holding that the damage is a continual one to settle the matter on a reasonable basis, and therefore recommend in consideration of a full and complete release to the City from Mr Phelps of all claims of damage past present and future and all claim for costs and other expenses arising out of the litigation in connection therewith, that the City pay Ralph Phelps Sr the sum of $750 and we herewith offer the following resolution

Respectfully submitted,

FRED W SMITH,
LOUIS E TOSSY

Accepted, and on leave the following resolution was offered.

By Ald Tossy

Resolved That the City Controller be and he is hereby authorized and instructed to draw his warrant upon the proper fund in favor of Ralph Phelps Sr for the sum of $750 in full payment and a complete release to the City of all claims of damage past, present and future, and all claims for costs and other expenses arising out of the litigation in connection with the construction of the Fourteenth street bridge, upon receipt from said Ralph Phelps, Sr of a written release and quit-claim to the City of Detroit of and for all damages, costs, and expenses etc, past, present and future, arising out of the construction of the said bridge

Laid on the table.

Franchises.

To the Honorable the Common Council

Gentlemen—Your Committee on Franchises, to whom was referred the ordinance presented by Ald Smith, granting permission to J W Martin to construct, operate and maintain a telephone system in the City of Detroit, respectfully report that we have carefully considered the matter and beg leave to state that there is only one way to get this matter before the people so that everybody may have a copy, and that is by having the ordinance as presented, printed in the proceedings

Your committee therefore recommend that the ordinance herewith presented be printed in the proceedings and referred back to the committee for its further consideration

Respectfully submitted,

FRED W SMITH,
OSCAR B MARX,
WM HILLGER

Accepted

The following is the ordinance:

AN ORDINANCE granting permission to J W Martin et al, to construct, operate and maintain a telephone plant in the City of Detroit.

It is hereby ordained by the people of the City of Detroit

Section 1. Permission is hereby granted to J W Martin, to be by him assigned to the People's Telephone Co of Detroit, to be hereafter organized, his and its successors and assigns, to enter upon the highways, streets, avenues and alleys, in said City of Detroit, and to construct, maintain and erect in, along and over said streets, highways, avenues and alleys, posts poles wires, conduits and other appliances and fixtures for electrical telephone and telegraph purposes subject to all general provision of statute law in force and applicable thereto and to such regulations respecting such highways, streets, avenues and alleys as said Common Council may from time to time enact.

Sec 2 Said J W Martin is hereby granted the right to construct, erect and maintain an electric telephone and telegraph plant in said city of Detroit and to repair, enlarge and extend the same and carry on the business of telegraphing and relating electric telephones

Sec 3 The authority and permission hereby granted are subject to the following terms and conditions

In entering upon any of the streets, avenues or alleys the grantee shall be subject to all general city ordinances applicable and to the rules and regulations of the Board of Public Works of said city as to permits, cost of inspection, repairs to pavements, slide or crosswalks, etc

All wires used by said company in the prosecution of its business which are within what is known as the mile circle shall be placed underground, and for the purpose of laying said wires, the said company is hereby granted the right to tear up the streets, highways, avenues and alleys, within said mile circle under the supervision of the Board of Public Works of said city, the cost of which supervision shall be paid to the city through the Board of Public Works on presentation to the grantee of duly certified bills for the same.

Should any law or ordinance be hereafter passed establishing a general system of conduits for electrical and telephone wires, the said company shall be subject to such regulations, respecting the placing of wires in said conduits as may from time to time be made by the Common Council.

All posts and poles used in the construction of the pole lines in connection with the said plant shall be placed within the line of the curb, and in such manner as not to impede public travel. Where practicable, said posts and poles shall be placed in alleys and in all places the work shall be done under the supervision of the Board of Public Works. All highways, streets, avenues and alleys along which said company may enter for the purposes herein authorized shall be left by said company in as good condition as they were at the time of said entry.

The said company shall not be permitted to charge for rental of telephones any greater sum or sums than the following:

For business places of all kinds not to exceed the sum of forty dollars per annum. For residences, not to exceed the sum of twenty-five dollars per annum. Provided, however, that said company shall not be compelled to construct a line to a given place outside of the two-mile circle at the above rates, unless there are at least ten subscribers for each mile of line so built outside the said circle.

The system shall not be a grounded wire system.

The said company, its successors and assigns shall pay to the City of Detroit two per cent of its gross earnings per annum, in addition to all other legal taxes.

Sec. 4. The words J. W. Martin in this ordinance shall be deemed in all cases to include its successors and assigns.

The word plant shall be deemed to include all tangible property of every kind and description of said company, its successors and assigns, used in or in connection with its business of furnishing electric telephones in said city.

Sec. 5. The construction of said plant shall be commenced within three months from the date of the acceptance of this ordinance, and shall be in operation within one year from the date of said acceptance. Unless its construction is commenced within the above limited time, the rights granted by this ordinance shall be considered forfeited.

Taxes.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes to whom was referred the petition of Mrs. Jane Kingston for permission to pay city taxes of 1891 to 1899 inclusive without penalty or interest, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of lot No. 7, block 35 of the so-called Baker farm, south side of Howard street, that she is an old lady 80 years of age, and that sickness has impoverished her resources, that she has had only a life interest in the above property but that now the five heirs have quit-claimed their interest to the old lady in order that she might raise the money on the property to pay the taxes. Your committee after considering the matter in all its details pronounce this to be a most worthy case and therefore recommend that the petitioner's prayer be granted and that she be allowed to pay the city taxes from the years 1891 to 1899 amounting to $477 32 without penalty or interest and herewith offer the following resolution:

Respectfully submitted,
HOMER M'GRAW,
OLIVER H. GRUNOW,
LOUIS E. TOSSY.

Accepted, and leave being granted, the following resolution was offered:

By Ald. McGraw:

Resolved, That the City Treasurer be and he is hereby authorized and instructed to receive from Mrs. Jane Kingston the sum of $477 32, being the original amount of assessment for the general city taxes for the years 1891 to 1899, both inclusive, as appears against lot 7, block 35 of the Baker farm.

Adopted as follows:

Yeas—Ald. Atkinson, Biehl, Coots, Dimmel, Fracher, Grunow, Hunter, Hunsinger, Heger, Jay, Krauss, Koch, Koenig, Lemke, McGraw, McGrath, Marx, Mathew, Morrell, Miller, Meier, Reinhardt, Schneider, Snow, Steiger, Tossy, Wethal, Widman and the President pro tem.—29.

Nays—None.

Street Openings.

To the Honorable the Common Council.

Gentlemen—Your Committee on Street openings to whom was referred the petition of Elias Aberle for permission to vacate plat known as Gray's plat of lot 6 of the Van Dyke farm in the City of Detroit, which said plat is recorded in liber 14 of plats on page 70, in the Wayne County Register's office, respectfully report that they have examined into the matter and find as follows:

Said property was platted by William J. Gray, in and at that time said plat conformed to the plan of the city and the proper streets and alleys were dedicated, certain lots fronting Van Dyke avenue and the remaining lots in said subdivision fronting on Medbury avenue, subsequently Maxwell avenue was projected upon the plan of the city so that it would take a portion of this plat upon the easterly side. All of the property excepting said lot 6 has been platted extending from Grandot avenue north to Kellogg street, a distance of about six blocks and Maxwell avenue has been dedicated 66 feet wide the entire distance, excepting at this particular point, where only one-half of the street has been dedicated.

Mr. Aberle has recently bought the entire subdivision of lot 6 and having platted the property adjoining it on the north is desirous of opening Maxwell avenue at this point and platting certain lots so that they will front upon Maxwell avenue and conform to the other plats in the neighborhood, he also desires to simplify the description of the property so that the same shall be hereafter known as "Aberle's plat of lot 6," etc. In this new plat the streets and alleys will remain the same with the exception of a 15 foot alley lying between Medbury and Conger streets which should be vacated so as to permit him to include it in his lots fronting on Maxwell avenue, an alley being given in the rear of the Maxwell avenue lots. As Mr. Aberle owns the property adjoining it on the north, your committee sees no objection to this, but there are other parties interested on the south of this plat who have not consented thereto, they having refused to authorize the vacation of the alley lying south of Maxwell avenue.

Your committee therefore recommends that Gray's plat of lot 6, etc., be vacated without affecting the streets or alleys dedicated by said plat excepting so much of the alley lying north of Medbury avenue as extended 100 feet in depth from the westerly line of Maxwell avenue when fully opened, as shown on the plan of the city. Said vacation to take effect upon his filing a new plat of said property dedicating the 33 feet now lying in the line of Maxwell avenue as a public street and highway.

Your committee herewith submits the proper resolution therefor, and recommends the adoption of the same.

Respectfully submitted,
HOMER M'GRAW,
JOHN J. STEIGER,
LOUIS F. FRACHER.

Accepted and leave being granted the following resolution was offered:

By Ald. McGraw:

Resolved, That the plat known as Gray's plat of Lot 6 of the Van Dyke farm of the City of Detroit, County of Wayne and State of Michigan as recorded in Liber 14 of Plats on page 70 in the Wayne County Register's office,

be and the same is hereby vacated, without in anywise affecting the streets and alleys dedicated by said plat, excepting so much of the alley as lies between Medbury and Conger avenues, and extending for a depth of 100 feet west of Maxwell avenue, when fully opened (the alley so vacated being 15 feet in width by 100 feet in depth fronting on Maxwell avenue, and the same to become private property as heretofore); said vacation to take effect upon Elias Aberle making, executing and recording in due form of law a new plat of said lot 6, which shall conform to the present plan of the city, and dedicate the necessary property for the opening of Maxwell avenue for its full width at said point.

Adopted as follows:

Yeas—Ald. Atkinson, Biell, Coots, Delmel, Fracher, Grunow, Haarer, Hansjosten, Hilger, Joy, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Snow, Steiger, Tossy, Weibel, Wildman and the President pro. tem.—29.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen — Your Committee on Street Openings, to whom was referred the petition of James Deering for the refunding of an assessment for opening Warren avenue, respectfully report that we have carefully considered the matter and beg leave to state that we are unable to see wherein your petitioner is entitled to any relief. In as much as the courts have held that the assessment roll was legal We therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,
HOMER M'GRAW,
JOHN J. STEIGER,
LOUIS F. FRACHER.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen — Your Committee on Street Openings, to whom was referred the petition of Fred Goldner for the vacation of part of a certain alley, respectfully report that we have carefully considered the matter and beg leave to state that the petitioners are unable to secure all the signatures necessary from the abutting property owners to consent to said vacation, and we therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,
HOMER M'GRAW,
JOHN J STEIGER,

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the resolution offered by Ald. Moeller, instructing the Board of Public Works to enter into a contract with Henry Frederick for the paving of Field avenue from Kercheval to Mack avenues, respectfully report that we have given the matter careful consideration and beg leave to state that we are satisfied that the bid submitted is a reasonable one, but that it is too late to complete said work before winter sets in. We therefore recommend that the contract entered into by the Board of Public Works with said contractor be approved and confirmed, and that the Board be instructed to so change the contract as will allow the completion of said work by July 1, 1909, and we herewith offer the following resolution:

Respectfully submitted,
WM. F. MOELLER.

Accepted, and on leave the following resolution was offered:

By Ald. Moeller:

Resolved, That the contract entered into by the Board of Public Works with Henry Frederick for grading, paving, etc., Field avenue from the south curb line of Kercheval avenue to the south curb line of Mack avenue 28 feet wide with cedar block on concrete foundation with Medina curbstone, be and the same is hereby approved and confirmed and further,

Resolved, That the Board of Public Works be and is hereby instructed to so change said contract as will allow the completion of said work by July 1, 1909.

Ald. Moeller moved the adoption of the resolution, which motion did not prevail as follows:

Yeas—Ald. Koch and Moeller—2.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the communication from the Board of Assessors relative to a certain assessment made against property located at the corner of Field and Gratiot avenues, for the paving of Field avenue, respectfully report that we have carefully considered the matter and beg leave to state that the owner of said property is of the opinion that he has been unjustly assessed for the paving of said street for the reason that upon the rolls it is shown that your petitioner is the owner of 178.80 feet frontage on Field avenue, whereas by the City Engineer's survey, he only owns 115 feet; that we submitted the matter to the Corporation Counsel and he informed the committee that in his opinion the property was assessed according to benefits under the ordinance recently passed by the Council and not according to the frontage, that the error in the roll in giving the wrong number of feet would not invalidate the assessment, and that the probabilities are that the Board would reassess the entire amount back on the property in question in case the roll was rescinded. The petitioner or owner of the property, Mr. F. J. Stahl, should have appeared before the Board during the time the roll was under consideration which he failed to do

After considering all the facts presented, your committee are unable to see wherein relief can be granted, and, therefore, rcommnd that the rolls, as prepared, stand, and the request of the petitioner be denied.

Respectfully submitted,
WM. F. MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the resolution directing the Controller to draw his warrant in favor of James Grant for the sum of $533.16, being the fourth and final estimate for repaving McDougall avenue, respectfully report that we have given the matter careful consideration, and beg leave to state that Mr. James Grant was the paving contractor for the repaving of McDougall avenue; that the Board of Public Works imposed a fine upon said contractor for not having said work completed within the required time as specified in the contract, but upon having found that they violated a clause in the contract relative to the notification of his having received the contract, the Board canceled said fine.

We submitted the matter to the Corporation Counsel and are informed in a lengthy opinion, after citing all the circumstances, that the essential facts were, of course, known to both the Board of Public Works and the contractor. Had the Board of Public Works given the notice to the contractor to begin work, and the contractor had delayed in commencing the performance thereof, and had not carried on the work regularily and uninterruptedly thereafter, with sufficient force to insure its full completion within the time specified in the contract, then the provision for enforcing stipulated damages would have become operative, and such damages enforced; but in the present cases there has been such flagrant disregard of the terms and conditions of these contracts by both parties, that I am satisfied that such provisions cannot be enforced.

It will readily be seen that it would be grossly unjust to refrain from telling a contractor when to begin work, and then impose upon him the damages of five dollars per day for the first five days, and fifteen dollars per day for each and every day thereafter, until the work was completed, when, if prompt notice had been given to commence work, the contractor might have completed his work within the time stipulated therefor in the contract

After summing up all the facts presented in the case, your committee recommend that the resolution as offered by Ald. Moeller at a session held on the 27th ult. (J. C. C. 1002), instructing the Controller to draw his warrant upon proper fund in favor of James Grant for the sum of $533.16, be adopted.

Respectfully submitted,
WM. F. MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

5. That the practice of some Boards and Commissions in making purchases from certain of their own members cannot be too strongly condemned.

6. That while removal from office may seem warranted in some cases, in others (in view of all the circumstances) removal, with its far-reaching consequence, would be a penalty far beyond the merits of the offense.

9. That this committee should be discharged from further consideration of the matter.

All of which is respectfully submitted.

Ald. Atkinson then moved as an amendment that both reports be ordered printed in proceedings and laid on the table, which motion prevailed.

Resolutions.

FIRST WARD.

By Ald. Coots:

Resolved, That permission be and is hereby granted to citizens to suspend in front of their places of business, either from the buildings or across the sidewalk an advertising banner, said banner to be at least 12 feet above the grade of the sidewalk, until January 1, 1901.

Adopted.

SECOND WARD.

By Ald. Joy:

Resolved, That the Board of Public Works be and is hereby authorized to issue a permit to Frank McGough to construct sign in front of building No. 16 Jefferson avenue.

Provided, That said work shall be performed under the supervision of the Board of Public Works and in accordance with plans submitted to and approved by said Board and provided further that no rights in the public streets shall be considered waived by this permission, which is granted expressly on the condition that said sign and all obstructions in connection therewith shall be removed at any time when so directed by the Common Council.

Adopted as follows:

Yeas—Ald. Atkinson, Bleil, Coots, Deimel, Frather, Grunow, Haarer, Hangsoten, Hilger, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Snow, Steiger, Tossy, Weibel, Wildman and the President pro tem.—28.

Nays—None.

SIXTH WARD.

By Ald. Wildman:

Resolved, That the Corporation Counsel be and he is hereby instructed to prepare an amendment to the charter of the city of Detroit, in accordance with his recent decision on the question of resurfacing streets, and that the matter be handled expeditiously in order that (providing the amendment becomes a law) in the preparation of their budget for the Board of Estimates, which meets next spring, the Board of Public Works may be able to submit a list of streets for resurfacing, in addition to the regular list for repaving.

Referred to the Committee on Charter and City Legislation.

Ald. Schneider and Weibel were excused.

NINTH WARD.

By Ald. Tossy:

Resolved, That the Committee on Parks and Boulevards, together with the Park and Boulevard Commission, be and are hereby instructed to consider the advisability of removing the Soldiers' Monument and the Bagley Bust from their present location to Cadillac Park or some other locality, and also the cost of said removal, to the end that said cost may be inserted in the tax levy for the coming fiscal year.

Adopted.

By Ald. Tossy:

Resolved, That a vote of thanks be extended to Controller Bades, his efficient deputy, Howard Beck, and the office staff for their very valuable report on the cost of levying and collecting general taxes and special assessments in the city of Detroit.

Adopted.

Ald. Tossy was excused.

FOURTEENTH WARD.

By Ald. Moeller:

Resolved, That the City Treasurer be and he is hereby authorized and instructed to receive from David Lorrimer the sum of $1,212, being the amount of the original assessment for the paving of Harrison avenue, in 1892, in front of lot 60 Crane & Wesson's section of the Logmon farm, upon receipt of an agreement from the contractor that he is willing to accept his share without penalty or interest.

The assessment roll of said street was examined and found defective as regards certificates, the Circuit Court having decided all such rolls invalid.

Adopted as follows:

Yeas—Ald. Atkinson, Bleil, Coots, Deimel, Frather, Grunow, Haarer, Hangsoten, Hilger, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Snow, Steiger, Wildman and the President pro tem.—25.

Nays—None.

By Ald. Moeller:

Resolved, That the City Treasurer be and he is hereby authorized and instructed to receive from the Peninsular Savings bank the sum of $117.15, being the amount of the original assessment for the paving, in 1891, of Beech street in front of lot 2, block 4, Crane & Wesson's section of the Forsyth farm, upon receipt of an agreement from the contractor that he is willing to accept his share without penalty or interest.

The assessment roll of said street was examined and found defective as

regards certificates, the Circuit Court having decided all such rolls invalid.

Adopted as follows:

Yeas—Ald. Atkinson, Biell, Coots, Deimel, Fracher, Grunow, Haarer, Hanajosten, Hilliger, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Mayhew, Merrell, Miller, Moeller, Reinhardt, Snow, Steiger, Wildman and the President—25.

Nays—None.

By Ald. Moeller:

Resolved, That the Board of Public Works be and is hereby requested to cause a sidewalk to be laid on the n. s. of River street, between Swain avenue and Minnie street, providing the property owners refuse to lay said walk after receiving notice from the Board of Public Works so to do.

Referred to the Board of Public Works.

SIXTEENTH WARD.

By Ald. Atkinson:

Resolved, That the Lighting Commission be and is requested to cause arm light to be substituted for pole light at intersection of McKinstry and Wabash R. R. tracks, light in its present situation not making for safety or use as would arm light.

Referred to the Public Lighting Commission.

By Ald. Atkinson:

Resolved, That the Board of Fire Commissioners be and is requested to consider the advisability of including in its estimates for ensuing year an amount sufficient to erect fire engine house in vicinity of intersection of Military and Dix avenues.

Referred to Fire Commission.

SEVENTEENTH WARD.

By Ald. Hilliger:

Resolved, That the Chair appoint a committee of five, of which committee the Chair shall be one, to investigate the methods of the Board of Public Works in awarding contracts and the safeguards employed for the protection of the city.

Adopted.

SECOND WARD.

By Ald. McGraw:

Whereas, Harry D. Kittle and Elizabeth Kunser, janitor and janitress in basement of the City Hall, are obliged to be on duty 10½ and 9½ hours each respectively, seven days per week, and as neither of the aforesaid persons has had a vacation this summer; therefore be it

Resolved, That the Controller be and he is hereby requested to make such arrangements as are necessary, to the end that each of the above named persons may obtain a vacation of one week's duration with pay.

Referred to the Committee on Ways and Means.

Special Committee.

The Chair announced the following on communication from City Treasurer, relative to canceling bonds: Ald. McGraw, Wildman and Merrell.

On resolution of Ald. Hilliger to investigate methods Board of Public Works: Ald. Joy, Moeller, Hilliger and Atkinson (under provision of resolution the President pro tem. is also a member of the committee.)

The Council then adjourned.

FRED W. SMITH,
President pro tem.

COMMUNICATION.

From the Board of Public Works.

To the Honorable the Common Council

Gentlemen—The Board of Public Works, in answer to a communication from Hetherington & Berner Indianapolis, lowest bidders for the asphalt plant, informed the firm that the matter was in the hands of the Council and that no move could be made by the Board until the Aldermen had taken action Understanding that the subject will be brought before the Council tonight the Board begs to submit a letter from Hetherington & Berner dated at Indianapolis, urging immediate action

Board of Public Works Detroit Mich

Dear Sirs—It is impossible to tell when any decisive action will be taken by your Council and it may be anywhere from two weeks to 10 months before the thing is settled one way or another Meanwhile we can not afford to have $50,000 lying idle that long We may also remark, incidentally, that the price of material has advanced somewhat and is liable to advance considerably more when spring opens We do not wish you to infer that we would refuse to sign a contract even at present prices but we should certainly refuse if the conditions, at the time you are ready to sign, are such as to cause us a loss We gave you the very low price for several reasons One was that we desired to build the plant during the winter when we would have less to do in the shape of the work but we desired to have one of these plants in operation as a show point Spring will soon be upon us and the outlook is so that we will have a rush of business work in which case we could not afford to take up the matter will your say for ninety days or even sixty days? Whether a bid will be given the check can, as you must readily see have to influence upon the signing of the contract by which we would not be

compelled to sign it now in any event. We wish to say, however, that at the present time we will be very glad to have this work from your city and, as far as we can tell at the present time, we will be ready to sign with you when your Council has come to a decision. Meanwhile we beg to say that unless our check is not returned by the 25th of this month we shall have to put the matter in the hands of our collecting agency.

Yours very truly,
HETHERINGTON & BERNER,
(Signed)
F. Hetherington, Secy.

Respectfully submitted, J. W. Millen, President.

Accepted and placed on file.

Ald. Moeller having withdrawn his motion, the resolution was again laid on the table.

Third Reading of Ordinance.

Ald. Haarer moved to take from the table an ordinance laid over Oct. 16, 1900, entitled "An ordinance changing the name of Twenty-seventh street to McKinley avenue," which motion prevailed.

The ordinance was then placed on the order of third reading.

The title to the ordinance was read a third time.

Ald. Weiler moved to amend the ordinance by striking out the name "McKinley" and to insert in lieu thereof the name "Bryan," which motion did not prevail.

Ald. Wildman entered and took his seat.

The ordinance was then adopted as follows.

Yeas—Ald. Beamer, Coots, Fracher, Haarer, Hanjosten, Hilliger, Joy, Koenig, Lemke, Merrell, Miller, Moeller, Peoples, Reinhardt, Schneider, Snow, Stelger, Tossy, Weiler, Wildman, President pro tem—21.

Nays—Ald. Atkinson, Deimel, Grunow, Koch, McGraw, McGuire, Marx, Welbel—8.

The title to the ordinance was confirmed.

Unfinished Business.

Ald. Beamer moved to take from the table a resolution laid on the table at this session, authorizing the purchase of an asphalt plant, which motion prevailed.

The resolution was then adopted as follows.

ing with some public ceremony the beginning of the new century. I note from the public press that societies religious commercial and historical throughout the land are arranging for a celebration of the event by ceremonials especially consistent with the work in which each society is engaged.

While time is continuous, the human race from the beginning of time has for its own purposes and convenience divided time into epochs, the greatest of which is the century. The passing of the last day in one of these great periods and the coming in of a new day that marks the inception of a new century has always been looked upon as a time for a review of the past, as well as a consideration, as far as it is possible, of what the future holds in store for us and what we may accomplish by a good beginning. What is true of the individual life as well as the lives of societies, is also true of the lives of nations and of cities. It occurred to me, therefore, that there is something for us as a city to do in this event not only as an evidence of our gratitude for the splendid favors that the closing of the century has brought to our good city in health and wealth, but that we may also emphasize some of the resolves for accomplishment as the years of the new century pass by.

I will be glad to co-operate in any suggestion that may emanate from your honorable body in furtherance of this suggestion.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and on motion of Ald. McBride the matter was referred to a special committee of three to be appointed by the Chair.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—This morning the Janitor of the Municipal Court Building, showed me a letter from Judge A. F. Sellers and added his own statements as to the needs of a new floor covering and room 1 of the Police Court. On investigation I find that it will cost $180.50.

The Council and Board of Estimates allowed me for this fiscal year for "new furniture, carpets, etc. for city offices," $1,000. The fund is so reduced that I do not see my way clear to exhaust the fund entirely for so large an item of expense with half the year before me, and the reasonable needs of the city to be met. If the Council can provide any way to provide the money to pay for the linoleum for Court Room No. 1 of the Police Court, I will have the work done as requested.

I recommend that this communication be referred to the Committees on Ways and Means and Public Buildings.

Respectfully,
F. A. BLADES,
Controller.

Accepted and recommendation concurred in.

From the Corporation Counsel.

To the Honorable the Common Council.

Gentlemen—I have the honor to inform you that Clarence O. Boyce on the 15th day of December 1900 commenced an action against the city of Detroit by due service of trespass on the case upon promises claiming $500 damages.

Now, therefore, on behalf of the City of Detroit I have this day commenced suit against each of the following parties for city tax assessment of 1900. Detroit Telephone Co., Michigan Mutual Life Insurance Co., Postal Telegraph Cable Co., Western Union Telegraph Co., Charles M. Burton and also against Charles M. Burton for taxes assessment of 1901, stating in each case a declaration of debt.

Respectfully yours,
TIMOTHY E. TARSNEY,
Corporation Counsel.

Accepted and placed on file.

FROM THE SAME

To the Honorable the Common Council

Gentlemen—After filing the petition for the paving of Mack avenue between Trumbull and Maxwell streets and the two Trumbull avenue bridges, I found that the petition must be laid before the Common Council by the Board of Public Works, and that the petition as set forth in the resolution of your honorable body of the 29th day of October, 1900, directing the Corporation Counsel to file the necessary petitions, together with the provisions of this law, be followed. In order to perfect the petition I find it necessary to take action. I am preparing the petition for the paving of Mack avenue, and will file the same with the Board of Public Works, and take the other steps necessary to be taken.

Respectfully,
V. P. HALL,
Assistant Corporation Counsel.

Accepted and referred to the Committee on Street Openings.

Ald. Grunow was excused.

From the Board of Public Works.

To the Honorable the Common Council:

Gentlemen—At the last meeting of your honorable body, following up a resolution presented by Ald. Hilger, the introducer made some serious charges against the Board of Public Works Commissioners, and at the same time conveyed the impression that they were responsible for Mack avenue not being paved during the past season. As a matter of fact there was no time, from the inception of the resolution until the close of the paving season that the Board was not doing everything within its power to have the street commenced and the work proceed. The records of the Common Council will show that Mr. Hilger was unmindful of the interests of his constituents in failing to follow up matters in connection with the Mack avenue paving, which had been referred to the Committee on Streets and Corporation Counsel, and the Board of Public Works does not propose to be held responsible for something that others are blamable for. The Commissioners herewith submit a brief history of the Mack avenue paving matter.

On Feb. 13, 1900, a resolution was introduced by Ald. Hilger for the paving of Mack, Baldwin to city limits, under the $200,000 clause, which was referred to the Board of Public Works.

March 13, 1900, the Board of Public Works sent a communication to the Council requesting that the question of street railway tracks and franchises on Mack avenue be disposed of, if possible, before the paving season started, in order to expedite the paving, and recommended its reference to the Committees on Streets and Franchises.

April 24, 1900, Special Committee on Streets and Franchises reported in favor of paving between Grand River and Maxwell, 46 feet wide, less single track. Adopted.

May 1, 1900, Board of Public Works sent an estimate with necessary resolutions for paving Mack, Crane to Maxwell, under the $200,000 clause. Adopted.

May 2, 1900, Board of Public Works sent a communication to street railway company, asking to be furnished with diagrams of proposed switches and changes on Mack east of Baldwin, without which the paving map and estimates could not be prepared.

June 5, 1900, petition of Fred Strehlow presented to Council by Ald. Hilger for paving Mack, Crane to city limits, which was referred to Board of Public Works.

June 12, 1900, B. P. W. sent an estimate with necessary resolutions for paving Mack avenue, Crane to city limits, under petition referred. Adopted.

June 19, 1900, resolution introduced in the Council by Ald. Hilger for the paving of Mack avenue from Baldwin to Maxwell, under the $200,000 clause, which was referred to the Board of Public Works.

June 20, 1900, Board of Public Works sent in report with necessary resolutions for paving Mack, from Baldwin to Maxwell, under the $200,000 clause.

Thus at this date, all three sections were ready for advertising, so far as authority from the Council was concerned, but the engineers' estimates were not all completed.

July 13, 1900, all three sections were advertised for proposals for paving

In the meantime a letter dated July 13th was received from the manager of the street railway company, as follows.

"In view of the fact that there has been some talk of paving the outer portion of Mack avenue this year, we deem it our duty to advise you that owing to circumstances now confronting us we shall not be able to rebuild and pave on that portion of Mack avenue during the present season. Should you, however, determine to proceed with the paving we will be able to move the present track over to the center of the street simultaneously therewith in order to avoid interruption of the car service. But the expense of laying and paving a new track, will, in as far as we are concerned, have to be deferred. We would hope to be so situated that we could proceed with the regular reconstruction of this track during the year 1901.

"We have already had to provide this year for the expenditure of more than $450,000 on new tracks, power house enlargements and new cars, and are unable to incur additional expenditures for such accounts."

July 14, 1900, Board of Public Works called a special meeting with the railway manager and City Engineer, to discuss the situation, and notified Mr du Pont by letter to be present

July 16, 1900, 11 30 a. m.

Special meeting in Board's office, with full Board present, Manager du Pont, Track Superintendent Dunne and City Engineer McCormick

President Millen read the letter from the street railway company, above quoted

Mr du Pont then stated that he was aware that the company's franchise provided for paving contemporaneously with the paving of streets, but his company would simply decline to do so at this time. If so ordered they would remove the tracks entirely from the street Mr. du Pont also suggested that if the street was paved that the track be moved to the middle of the street, the ties should be cut to the uniform length of seven feet, and a three-inch plank nailed longitudinally on the ends outside of the rails. The blocks to be laid up to this plank, which would serve as a retaining plank for the pavement Mr du Pont said that in 1901 he thought the company would be able to take up the matter of concreting and paving the track on Mack avenue under the girder groove rail ordinance

Engineer McCormick thought the plan proposed by Mr. du Pont reasonable and feasible, and President Millen instructed the Secretary to get an opinion from the Corporation Counsel as to whether the Board had the power to make such an arrangement with the company, if they considered the arrangement a proper one Mr. du Pont said the company would eventually pave and take care of the whole space covered by ties inside and outside the rails, as well as be to the expense of planking, and would also plank the

Aug 11, 1900, Board of Public Works sent a communication to the Council, detailing the letting of the contracts and the refusal of the company to pave their tracks, and stating: "During the two weeks which have intervened a number of conferences have been held by the committee on Streets, the Board of Public Works, Detroit City Street railway people and the contractor for the paving. The Board of Public Works is exceedingly anxious to compel with the requests of the property-owners on that street and the aldermen of the wards by having the work pushed along rapidly and if possible this paving season but on account of the season being so far advanced it is absolutely necessary that some steps be taken to right if the street is to be paved this season. The contractor has notified the Board that he will not commence work until the street car company's tracks are disposed of in some manner either by being removed entirely from the street or being placed in the center of the street.

"A plan was submitted to the Board by the City Engineer whereby the city's part of the work can be done at once, and an arrangement made for a temporary track, which has been agreed to by the street car company. A blue print sketch of the proposed plan accompanies this communication and shows the matter more clearly than can be expressed in words. The Engineer says the plan is an engineering possibility. * * * Considering all the circumstances the Board recommends that the company be allowed to place the track as suggested by the blue print of the City Engineer."

Ald Smith moved that the recommendation be concurred in and not prevail.

Communication was then referred to the Committee on Streets.

On the same date a resolution was offered by Ald Smith instructing the Corporation Counsel to commence proceedings to compel the Detroit Citizens Street Railway Co to lay girder groove rails and pave between its tracks on Mack avenue conformably with the paving of said street. Adopted.

Aug 20, 1900, previous notice having been given, Ald Smith moved to reconsider the vote by which the said resolution given above was passed at the meeting of the 13th.

Reconsideration prevailed and the resolution was referred to the Committee on Judiciary.

Aug 21, 1900, minutes of Streets report of the Board of Public Works communication of July 24 last, and offered the following resolution:

"That the Detroit City Railway Company be permitted to lay a temporary track on Mack avenue in accordance with the plan referred to in the letter of the City Engineer communicated with the paving of said street; the permission shall not be construed as a waiver of the right of the city to compel the relaying of the tracks of the company when the rails and other tracks shall be required in the original improvement. Approved April 2d 1896 after June 1st 1901."

Objected to, and on the table.

Aug 28, 1900, brief was considered and was sent to the Council by the Board of Public Works.

In a communication to your honorable body on Aug 14 pertaining to the paving of Mack avenue, the Board of Public Works stated that the contractor had notified them that he would not commence work until the street car company's tracks were disposed of in some manner either by being removed entirely from the street, or by being placed in the center of the street. Two weeks have elapsed since that time and the contractor has not been allowed to commence work under his contract. He has now notified the Board that owing to the status of the Mack avenue paving matter he does not desire to go ahead with his contracts on account of the lateness of the season and the probable increase in the price of material. He has asked the Board to return his certified checks deposited with his bid, as security that he would enter into contract, should the same be awarded him.

While the contracts are in the hands of the Common Council it is not within the province of the Board of Public Works to return Mr Grant's checks without the consent of your honorable body.

Referred to Committee on Streets.

The Committee on Streets has never reported on this communication and the statement that the return of the checks is a matter subject to the consent of the Council is unquestionably a mistake.

Aug 27 Ald Hilger introduced the following:

"That the Corporation Counsel be and is hereby instructed to commence proper legal proceedings against the Detroit Suburban Railway, the Detroit Citizens Street Railway Co and Archie Grant, either or all of them to enforce the laying of girder groove rails on Mack avenue and the paving of said street according to the terms of the contract already entered into with said Grant."

Referred to Committee on Streets.

Sept 4 1900 Committee on Streets report on Ald Hilger's resolution of Aug 27 that we have carefully considered the same and beg leave to state that this matter may as well be brought to an issue at this time. It is too late to have said street paved this year and if proceedings are commenced at this time to compel the company to comply with our wishes a decision may be had by next spring so that the work can be successfully carried on at that time and therefore recommend that the resolution offered by the 20th ult be adopted.

Recommendation concurred in.

"The Council having adopted the resolution of Ald Hilliger to proceed against me on my contract for Mack avenue (see Council Journal), and it being too late to do the work this season, I am willing to go on with the work and do it next season, if the contract is extended to July 1st 1901."

Referred to the Committee on Streets.

It is now nearly one month since this communication was sent to the Council and it has elicited no reply

By Ald. McGraw:

Resolved, That the Common Council of the City of Detroit do hereby approve and confirm Street Opening Assessment Roll No. 122 for defraying part of the expense and cost of taking private property for the opening and extending of Moore place, from Vinewood avenue to Chope place, where not already opened, 60 feet wide, as a public street and highway.

This roll has been prepared pursuant to and in accordance with the resolution adopted by your honorable body Sept. 18, 1900, that the description of the premises and the names of persons contained therein are received as correct; that the lots and parcels of land contained in said assessment roll and the several owners and occupants have been assessed in said roll in proportion to the benefits specially derived by them, and each of them from the opening and extending of said Moore place; that the benefits of such improvement to such lots and parcels of land, and the several owners thereof, equals the assessment levied against the property contained in said assessment roll that the benefits to the whole of property included in the taxing district equals the sum assessed thereon and that the sums which said assessment roll states to be the amount which each lot or parcel of land should be assessed and pay, be the assessment upon such lot or parcel of land and be collected from the several persons liable to pay the same according to law, and shall become due and payable within 60 days from the adoption and confirmation of said roll by the Common Council.

Adopted as follows:

Yeas—Ald. Atkinson, Beamer, Coots, Deimel, Fischer, Hanner, Hanajosten, Hilliger, Joy, Koch, Koenig, Lemke, McGraw, McGuire, Marx, Merrell, Miller, Moeller, Peoples, Reinhardt, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President pro tem.—28.

To the Honorable the Common Council.

Gentlemen: As provided for by city ordinance of Dec. 10, 1900, I report to the City Controller that I had impounded in the Eastern Pound one worthless horse and received the following instructions.

To Jacob L. Blumberg, Poundmaster Eastern District, having reported to me this day that there is now impounded in the Eastern Pound one bay horse impounded from the corner of Chene and Waterloo streets by a mounted policeman Thursday forenoon, Dec. 6, 1900. Said horse being worthless and in a dying condition I hereby authorize said Jacob Blumberg, Poundmaster, to kill or have killed above mentioned horse.

(Signed) F. A. BLADES,
Controller.

WALTER H. COOTS,
Chairman Committee on Pounds.

In compliance with above order, I had said horse killed on Dec. 11, 1900.

Respectfully yours,
JACOB L. BLUMBERG,
Poundmaster E. D.

Gentlemen: Your Committee on Ways and Means to whom was referred the resolution offered by Ald. McGraw requesting the Controller to make necessary arrangements to give the Janitor and Janitress in the basement of the City Hall one week's vacation, respectfully report that we have carefully considered the matter and beg leave to state that upon investigation we find that the Janitor and Janitress are obliged to be on duty 10½ and 9½ hours each per day respectively, seven days a week. Inasmuch as other employes of the city were allowed one week's vacation we think it no more than proper that they should also be given a vacation.

We therefore recommend that the resolution offered by Ald. McGraw at a session held on the 11th inst. (J. C. C. 1044) be adopted, the expense hereof to be paid out of the contingent fund.

Gentlemen: Your Committee on Ways and Means to whom was referred the communication from the City Controller relative to the matter of supplying the hospitals in the city with free water, respectfully report that we have carefully considered the matter and beg leave to state that, owing to the fact that Harper hospital during the year 1899 treated 2,000 patients free, over and above those for whom private rooms were occupied, free of charge, and 5,624 days' care of free patients in hospital. Grace hospital treated 1,537 cases in their free wards, and Receiving hospital 1,300 free patients, who remained 4,187 days; and as in both cases the hospitals are in fact doing public

tients. St. Mary's hospital keeps on its own account an average of 10 charity cases per month, and treat in their outdoor clinic an average of 2,000 cases per month, requiring about 1,400 prescriptions, which are filled and given away gratis.

Your committee, after looking over these figures, cannot but state that we believe that water should be furnished free to the hospitals, in return for the services that are furnished free to thousands of our citizens, who are unable to pay for medical assistance. The committee is in receipt of a communication from the President of the Board of Water Commissioners stating that the Board is willing to furnish the three hospitals with water for the sum of $500 per annum. Such being the facts, we recommend that said Commission be paid said sum for the present fiscal year, and we herewith offer the following resolution:

Respectfully submitted,
WATER H COOTS,
OSCAR B. MARX,

Streets.

To the Honorable the Common Council.

Gentlemen — Your Committee on Streets, to whom was referred the resolution directing the Controller to draw his warrant in favor of James Grant for the sum of $1,159.22, fourth and final estimate for the repaving of Field avenue, respectfully report that we have carefully considered the matter and beg leave to state that the facts in this case are almost similar to those set forth in a report presented by this Committee at the last session directing the Controller to pay to James Grant his final estimate for the repaving of McDougall avenue, except that Mr. Grant received a notice from the Board on July 12th to rush said work, which was several days after the contract was confirmed, but the Corporation Counsel takes the same position as in the other case, because of the fact that the notice was not sent within the time required by law, being 48 hours

We therefore recommend that the resolution offered by Ald. Moeller, at a session held on the 27th ult. (J. C. C. 1002), instructing the Controller to draw his warrant in favor of James Grant for the sum of $1,159.22, be adopted.

Minority Report.

To the Honorable the Common Council

Gentlemen — Your Committee on Taxes, to whom was referred the petition of Henry Russel for permission to pay certain general city taxes without penalty and interest added thereto, respectfully report that we have given the matter our most careful consideration and beg leave to state that the minority of your committee can see no reason why the petitioner should be relieved from the payment of any portion of the penalty or interest. I cannot but help taking the same stand on this petition that I have taken in the DeGraw matter, and therefore reiterate my former statement that it would be an injustice to the multitude to grant special privilege as is asked for in this case. We may as well throw open the doors to all who are in arrears in the payment of their taxes, and allow them to pay whatever amount they owe with 6 per cent interest added thereto. It is mighty poor public policy to make fish of one and fowl of another.

It might be well enough to make transactions of this kind in a commercial business, where circumstances govern settlements in innumerable cases, but in the transaction of municipal affairs there should be no distinction. Negligence on the part of a heavy taxpayer or his employes should be treated no different than negligence or carelessness on the part of the individual who only owns the home that he resides in.

As cited in a former denial of this same petition, which was signed by myself and Ald. Grunow (Ald. Tossy being out of the city), and offered at a session held on March 27th last (J. C. C 208), it was shown that it was purely carelessness on the part of his own employes that said parcel of property was omitted from his tax list, and not the fault of any of the officers or employes of the city.

In view of these facts, I cannot see any other course to pursue than recommend that the prayer of the petitioner be denied.

Respectfully submitted,
HOMER M'GRAW.

Ald Koenig moved as an amendment to the amendment that the matter be laid on the table, which motion prevailed.

Whereas According to the report of Director Bales the expense of levying and collecting special assessments is so far in excess of the cost of levying and collecting general taxes as to throw doubt upon the wisdom of continuing the system and

Whereas That expense might be saved entirely by having all improvements in the city paid for by general taxation; therefore be it,

Resolved That the Committee on Charter and City Legislation and Taxes be requested to report to this body on the advisability of preparing a bill for the legislature abolishing the special assessment system and giving to Detroit the right to raise all its taxes by annual levy on the land values within the city provided the electors of the city shall decide to do so by popular vote

Whereas A majority of the citizens are complaining about the poor quality of gas that is being furnished them by the Detroit City Gas company and

Whereas We firmly believe that the time has come when a gas plant can be operated under municipal ownership as well as we are now operating our public lighting plant and

Whereas We believe that if such a plant was established by the city that gas could be furnished to the citizens of this city for about one half the price that is being paid for it to the gas company at the present time, therefore, be it

Resolved That the Committee on Charter and City Legislation be and is hereby requested to consider the advisability of preparing a bill for presentation at the next session of the Legislature giving the city of Detroit the right to construct, operate and maintain a municipal gas plant, and also to bond the city for a sufficient amount to cover the expense of construction thereof

BOARD OF ASSESSORS.
By BENJ. GUINEY,
President.

AN ORDINANCE to regulate the use of wires for telegraph, telephone and electric lighting and all other service wires in the city of Detroit.

It is hereby ordained by the people of the city of Detroit:

Section 1. Any person or corporation may apply to and receive a permit from the Public Lighting Commission, to lay conduits, erect poles and place thereon or therein wires or other conductors for the purpose of furnishing telephone, telegraph and electric lighting or other service wires to any person or persons desiring the same, and within the district to be designated in the application to be made for such permit. Said Public Lighting Commission is hereby authorized to grant such permits for the laying of conduits, erection of poles, placing of wires therein or thereon in the streets, alleys or other public places in the city, subject, however, to the conditions and restrictions imposed by this ordinance and all other general ordinances now in force or which may hereafter be adopted concerning the same.

Sec. 2. The person or corporation, to whom such permit shall be granted, shall do no injury to any street, avenue, alley, lane, park or public square or to any shade trees or in any manner disturb or interfere with any water or gas pipes or with any public or private sewer now or hereafter laid or constructed by any authorized person, persons or corporations or the wires and conduits of any telephone, telegraph or electric lighting or street railway company or of the Police, Fire or Lighting Commissions, and shall fully indemnify and save harmless the city of Detroit from any and all claims or damages for which said city might be made or become liable to pay by reason of the construction, maintaining or repairing or operating of said poles, conduits, wires or other conductors or any apparatus connected therewith or otherwise arising from the use or the possession of the rights and privileges granted or from any neglect on the part of said corporation or person or its or his employes to comply with any of the ordinances of the city of Detroit, and especially shall indemnify the city against and assume all liabilities and damages which may arise, come or occur to the city of Detroit from any injury to persons or property from the doing of any work herein mentioned or the neglect of any person or company, or its employes, to comply with any ordinance relative to the use of streets or other public places, especially as to the putting up of lights or barriers at or around excavations and the acceptance by the person persons or corporations of such permit of this ordinance shall be an agreement by it to pay to the city of Detroit any sum of money for which the city may become liable from or by reason of such injury.

Sec. 3. All poles erected under such permit shall be firmly set in the ground and in streets next to and within the curbstone, so as to cause the least obstruction in such manner and of such uniform height, size, color and material as shall be approved by the Public Lighting Commission and the Board of Public Works, the number of cross-arms, minimum distance of same from the surface of the street, the proximity of different wires to each other, their arrangement, including guy wires, etc., to be approved by the Public Lighting Commission.

Sec. 4. All operating and conducting mains and wires of any such person, persons or corporation shall be thoroughly and securely insulated with a material of sufficient thickness and durability to be not easily abraded or injured mechanically, and impervious to water where deemed necessary by the Public Lighting Commission, and to be approved by the Public Lighting Commission. All conduits shall be laid in streets and avenues in a line parallel with the curb line thereof at such distance from the curbstone, or where the curbstone should be, as shall be designated by the Board of Public Works, and to a depth to be designated by the Board of Public Works. It is especially required that all service wires used by such person, persons or corporation shall be connected only with a main laid in a conduit in the alley or at the side of the street nearest to the building into which it is desired to conduct such service wires.

Sec. 5. At least twenty-four hours before opening or excavating in any street, alley or any public space for the above or for any other purpose, said person, persons or corporation shall notify the Board of Public Works in writing of such desire, stating the place where, and the object for which such opening is to be made, and obtain the permit of said Board, and in the opening and refilling of all openings and excavations made as aforesaid, the relaying of the pavement and other work necessary to the complete restoration of the street, pavement, sidewalks or grounds to equally good condition as when disturbed, the said person, persons or corporation, or its servants or employes, shall be under the supervision of the Board of Public Works, or its authorized agents, and shall promptly comply with any order or resolution of said Board or its agents, or the Common Council in reference thereto, nor shall any street, avenue or public place be allowed to remain open or incumbered for a longer period than shall be necessary to execute the work for which the same has been opened, and the Board of Public Works, or the Common Council, may determine the question of such necessity.

The earth removed in making such excavation shall be restored and the pavement be relaid by such person, persons or corporation in as good a condition as before the making of such excavation, and thereafter be maintained in as good a condition as the surrounding pavement, until the street or alley in each case is repaved. No excavation in any street, or alley or public place shall be allowed to remain open, or said street, alley or public place be incumbered for a longer period than it shall be necessary to execute the work for which the same is made.

The cost of restoring the earth or other cost arising from such excavations and the relaying of the pavement, and the repairs thereto caused by the opening of any such street, alley or public place shall be at the expense of said person persons or corporation, and said work shall be done under the supervision of the Board of Public Works and the expense of such supervision shall be paid by said company on presentation of bills certified by said board and any expense to which the city shall be put from the neglect of said company or its employes in the doing of any work or the doing of the same in any unworkmanlike manner of the digging of ditches or holes and erection of poles, or restoring the earth or any excavation, or relaying or replacing of any pavement shall be paid in like manner by said company on presentation of the bill of costs certified by said Board of Public Works. And it shall be the duty of said person persons or corporation in each instance to promptly pay all bills for labor and material supervision etc., incurred by the Board of Public Works in relaying and restoring any pavement or surface disturbed by said person persons or corporation and if said bills properly certified by the Board of Public Works remain unpaid for the space of thirty (30) days after the presentation to said person, persons or corporation it shall be the duty of the Board of Public Works to pay over to the credit of the proper fund the amount of any bills so remaining unpaid from the guarantee money deposited by said person persons or corporation with said Board, and on refusal, neglect or failure by said person persons or corporation to make such guaranty money good to its full extent as herein first named prior to the next meeting of the Common Council the Board of Public Works shall report the facts in the case to the Common Council for such action by the latter body, as is permitted or deemed proper under the terms of the ordinance.

Sec. 6. The Public Lighting Commission shall have the supervision of the construction of all lines of wire erected in pursuance of the authority hereby granted and all connections made with any building or buildings. In the stringing of lines of wires or the laying of any conduits as herein provided said Lighting Commission shall prescribe and determine the street or streets in which it shall be lawful to erect or construct lines of wires above ground and lay conduits in the ground, and no person shall erect any pole or train any wire for such lines above or in the ground in any street, alley or highway, excepting the same be authorized by such permit. Any person violating the provisions of this section shall be punished by a fine not exceeding five hundred dollars and in the imposition of such fine the court may make a further sentence that the offender be imprisoned in the Detroit House of Correction until such fine be paid; provided, the term of imprisonment shall not exceed the period of six months.

Sec. 7. Any permit hereby authorized shall not become operative and authorize the construction of any line of wires above ground, or the laying of any conduits until the person, persons or corporation to whom the same may be granted, shall have filed with the City Controller a satisfactory bond, to be approved by the Controller, in the sum of twenty-five thousand dollars ($25,000), conditioned that the person, persons or corporation to whom such permit is granted will faithfully comply with and perform the terms and conditions of this ordinance, and such person or corporation shall also have deposited and shall keep on deposit with the City Treasurer the sum of two hundred dollars ($200) to cover the expense of the replacing of the earth in making the repairs to pavements required to be relaid by such person or company under the provisions of this ordinance, and as a guarantee for the prompt payment of any bills for such work presented by the Board of Public Works. Such deposit shall be kept good to the amount of two hundred dollars, and on failure to keep the same good to that amount, such permit shall become void.

Sec. 8. Whenever the Public Lighting Commission shall deem it for the public interest the) may require as a condition to the issuing of any permit that the wires shall be laid in the public conduits and if any wires shall be strung on poles along any highway and public conduits shall afterwards be laid therein said commission may require the wires so strung upon poles to be taken down and in their stead suitable wires put in the public conduit and upon any refusal to do so may remove the same. Said commission may prescribe the terms and conditions upon which the public conduits shall be used for such purpose.

Sec. 9. Any rights acquired under any such permit shall cease whenever the Common Council shall so direct and all poles and wires shall thereupon be removed at the expense of the person persons or corporation erecting or controlling the same.

Sec. 10. When any wires erected under any such permit shall interfere with any wires of the Public Lighting Commission or with any telephone or telegraph wires of the Fire Commission or of the Police Department or other public service wires, the Public Lighting Commission may direct the removal of the same, or such alterations in relation thereto as will obviate or prevent such interference. When any person or corporation shall have erected a pole on any portion of the street or alley it shall be subject to the conditions that the Public Lighting Commission may authorize other persons or corporations to whom such permits may be granted to use such pole already erected and upon such terms and conditions as the Public Lighting Commission may direct.

The Public Lighting Commission may require that all poles shall be used to their maximum capacity and the lines thereon so distributed as to obtain such result. The Public Lighting Commission may require any person, persons or corporation occupying a certain right of way with line or lines of poles of insufficient capacity to accommodate the requirements of that locality to replace said poles with such other poles as may be approved by the Public Lighting Commission.

Approved Dec. 10, 1910.

WILLIAM C. MAYBURY,
Mayor.

Nays—None.

FROM THE MAYOR.

To the Honorable the Common Council:

Gentlemen—In responding to your honors' body with approval that portion of the proclamation at the last session, stating that a motor line be entered into for an asphalt plant for the use I desire to say that I am wholly in accord with your honorable body in the matter of the necessity of providing a plant for the repair of such streets as are already paved with asphalt, and this also in accordance with my recommendation at the last meeting to your honorable body.

I do not infer however that this action shall be controlled as would bring me to any other view than that which I have pursued in the past viz: objecting to the further laying of asphalt until we can have better assurance that it will prove a permanent pavement. I believe it will be wise for us to have our own repairing plant ever for streets now paved with asphalt, if no other reasons be given. The guarantees under the contract now in existence on 15 streets will expire in the course of one year. The repair of these streets will then fall on the city, and it will be wise to have a plant for this purpose. I am not sure but that a portable plant of less capacity might be more desirable at first, as the number of streets now under bids that will soon be paved should be considered. I have referred the subject thereto.

This communication is sent with all respect, and only that my views in the premises may not be misconstrued or cited against my future action, I may be obliged to take in the premises regarding asphalt extension.

I respectfully request that this communication be received and placed on file.

Respectfully submitted,
WILLIAM C. MAYBURY,
Mayor.

Accepted and placed on file.

F A BLADES
Controller

Accepted and referred to Committee on Claims and Accounts

FROM THE SAME

To the Honorable the Common Council.

Gentlemen—In response to an advertisement of this office inviting proposals for furnishing the City of Detroit with fifteen hundred (more or less) bronze medals for the militia and three hundred (more or less) for the naval reserve in commemoration of the Spanish American war the following proposal was received and I recommend that the same be referred to the special committee upon whose recommendation this advertisement was made

Respectfully
F A BLADES
Controller

The following is the proposal

F A Blades City Controller Detroit Mich

Dear Sir In reply to advertisement dated Dec 15 submitting proposals for war medals we herewith respectfully submit designs and propose to furnishing the City of Detroit with such medals

We propose to furnish fifteen hundred (1,500) more or less of militia and three hundred (300) more or less of naval reserve medals for the sum of fifty (50) cents each made after the description and designs which we herewith submit. As price also stated we will furnish medals each of these patterns in every particular from solid bronze with pin joint and ring and ribbon loop that are attached to pin bar with board order We will also have solder for attaching bar or ring to medallion same as is exhibited by sample marked Exhibit No 1" If only pin bar is desired as per sample Exhibit No 2 we will furnish the medals for 45 cents each We will engrave the name of the party to whom the

medals are awarded on each medal after list to be furnished by your committee. We will place each medal in a box of equal quality as those in which samples that we submit are contained.

As to designs that we submit: We will allow your committee to make any combination of the designs that we send. The design on the medallion proper can be changed to anything your committee may desire or suggest. You will notice that in our design marked "A" we have a small view showing the military camp, on the naval reserve badges we propose to change this view to a naval scene. If desirable, we could place the seal of the City of Detroit on the medallion in a smaller form i. e. leave a margin around the seal and place the lettering, "Presented by the City of Detroit for service in the Spanish-American war." Doing this would allow of elaborating the design on the reverse of the medal and also at same time leave a larger space for name.

Samples that we submit to you are not specially selected from ours, but such as we have taken from our regular sample cases at random. Ribbon that we intend to furnish on these badges will be of all silk, either grosgrain or satin finish. We would recommend the using of ribbon like shown on one of our samples with the large white center stripe and red and blue edges. We also submit a sample of ribbon having a large red center stripe with white and blue edges, and also one with blue center stripe and white and red edges. These ribbons are customarily used by the United States government on award medals, or if preferable, we will furnish ribbon in the form of a flag, same as used on the regulation G. A. R. badges. We wish to impress upon your committee that we do not intend to insist upon any fixed design that we submit, but we will furnish the goods engraved with any emblem or lettering or any reasonable design that your committee desires with the exception that price quoted would not include such engraving as a particular portrait, but any other emblem could be engraved on the medals. The small attachments like cross guns, capstan and anchors can be placed either between the ribbon and the medallion proper or we can suspend them on the ribbon from the pin bar. We offer these designs only as suggestions to be criticised and changed as your committee may desire. Furthermore if your committee sees fit to award us the contract and so notify us one of our firm will call on your committee at any appointed time to perfect details as to design, etc.

Our facilities for producing goods are unsurpassed by any in the United States and we are in a position to execute such orders promptly. Awaiting the pleasure of your committee we are,

Respectfully yours,
(Signed)
THE SCHWAB STAMP & SEAL CO.
A. SCHWAB
Prest. and Treas.

(Dictated by A. S.)

P. S. We enclose certified check of $200 as conditioned in advertisement, and we are prepared to furnish proper bond for the execution of contract if awarded to us.

S. S. & S. CO.

Accepted and referred to Special Committee.

From the Corporation Counsel.

To the Honorable the Common Council:

Gentlemen—I have the honor to inform you that on Dec. 22, 1900 George L. Beecher commenced suit in chancery against the City of Detroit and Thos. M. Lucking by service of subpoena on Controller, on the same date Susan Lacroix commenced suit in the United States Circuit Court Eastern District of Michigan, Southern Division in equity, against the City of Detroit and Wm. B. Thompson, by service of subpoena and restraining order on Controller, and on Dec. 24, 1900, Merton E. Farr commenced suit in chancery against the City of Detroit and Thos. M. Lucking to restrain advertisement and sale of certain lots on Grummond avenue by service of subpoena and injunction upon City Clerk.

Very respectfully,
T. E. TARSNEY,
Corporation Counsel.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—On Nov. 20, 1900, James Howe by next friend, secured a verdict against the city, for personal injuries on account of a defective sidewalk, the jury placing his damages at $150.

The city should be entirely satisfied with this verdict. Any additional proceedings taken on behalf of this department we feel could not bring about a verdict more reasonable. There was absolutely no defense, so far as the sidewalk was concerned, and the judgment of the jury in this matter should be final.

We respectfully recommend the payment of this sum to the plaintiff.

I have the honor to remain,
Respectfully,
P. J. M. HALLY,
Assistant Corporation Counsel.

Accepted and referred to Committee on Claims and Accounts.

From the Board of Public Works.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works herewith submits the first and final estimate for kalsomining rooms in the Municipal Court Building, as follows:

City of Detroit,
To John A. DeTar.

To first and final estimate on contract for furnishing labor and material and kalsomining rooms in the Municipal Court Building $45 00

Resolved, That the lateral sewers described are hereby accepted and that said assessment rolls therefor are hereby approved and confirmed and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection

Referred to the Committee on Sewers.

FROM THE SAME

To the Honorable the Common Council.

Gentlemen—The Board of Public Works begs leave to submit the following communication relative to the paving of Mack avenue, received Dec 20:

"To the Honorable the Board of Public Works:

"Gentlemen—As my proposition to your honorable body of Nov. 19, transmitted to the Common Council Nov 20, to pave Mack avenue, under the terms of my original contracts, if the same were extended to July 1, 1901, has not been accepted, I hereby withdraw the same.

"Respectfully yours,

President.

Accepted and referred to the Committee on Streets.

From the Commissioners of Parks and Boulevards.

To the Honorable the Common Council:

Gentlemen—By action of the Commissioners of Parks and Boulevards at their last session, held Dec. 24, I was directed to request of your honorable body that you consider the matter of giving to the United States Government a deed of sufficient ground on Belle Isle Park on which to erect a biological fish station and permanent fish hatchery, provided that the United States Government appropriates a sufficient amount of money to erect a suitable building for the purpose and in keeping with other permanent structures on Belle Isle Park.

Praying that your honorable body will give this matter favorable consideration, I have the honor to remain.

Respectfully,

M P HURLBUT,
Secretary and General Manager

Accepted and referred to the Committee on Parks and Boulevards.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—At the last session of the Commissioners of Parks and Boulevards, held Dec 24, the question of a retaining wall on the east side of the Jefferson Avenue Belle Isle bridge approach was discussed. In this connection, a letter was read from the Corporation Counsel, dated Sept. 28, 1900, as follows:

"Geo. T Abrey has recently recovered a verdict of $1,000 against the city for damages to his property on the Boulevard approach by the pressure of earth which was filled in against his building. We may take the case to the Supreme Court, but in any event, your Board should protect his premises from damage, and even though this judgment should be reversed, I am inclined to think that he is entitled to some compensation, and if damage continues he may be entitled to continuing damages. The Board should either build a retaining wall or bank the earth as it is below, opposite the slip, placing a gutter at the base of the bank so as to carry the surface water beyond his premises. If the Board decides to do this, it should notify Abrey by a written communication served upon him, directing him to remove his sidewalk, and as the work is done full memoranda should be made of the conditions, as they exist now and during the work."

Plans and specifications by C. C. Bothfeld, mechanical engineer, have been prepared with an estimate of cost amounting to $16,517.

After due and careful consideration by this Board, I was directed to place this matter before your honorable body, suggesting that a sufficient amount of the adjoining property be purchased on the east side of the right-of-way so that it will not be necessary to erect a retaining wall.

This Board is of the opinion that this would be a wise course to pursue, as the cost of a retaining wall would go largely toward paying for the property, besides. Should Belle Isle bridge ever be widened, it would call for a wider approach and the probabilities are that a retaining wall would be in the way.

Praying that your honorable body will give this early and favorable consideration, I have the honor to remain.

Respectfully yours,

M. P. HURLBUT,
Secretary and General Manager

To the Honorable the Common Council:

Gentlemen—In a communication from this Commission brought before your honorable body Nov. 13, 1900, in reference to the running of the mains to, connection with, and wiring two circuits in the G. A. R building, Cass and Grand River avenues, was the following paragraph:

"We understand certain portions of the building are to be used for private purposes, stores, etc. Is it the desire of your honorable body that the Public Lighting Commission shall furnish illumination for such private purposes at the cost of the city and without charge to the tenants?"

So far as we can learn no reply has been made by your honorable body to this portion of our communication.

Franchises.

To the Honorable the Common Council

Gentlemen—Your Committee on Franchises, to whom was referred back the ordinance granting permission to J W Martin et al, to operate and maintain a telephone plant in the City of Detroit, respectfully report that we have given the matter our careful consideration, and beg leave to state that your committee are anxious to obtain some lasting and legitimate competition to the present telephone company, and we believe that the adoption of the ordinance heretofore offered with the amendments herewith presented, will be to the best interests of our citizens, and we therefore recommnd that the ordinance as presented at a session held on the 11th inst (J C C 1037,) with the following amendments be adopted. The following are the amendments'

Line 66. After "Ordinance" insert "now in force or."

Line 65-66. Strike out all after "may," in line 65, and all of line 66, and insert "therein to be provided."

Line 92. After "annum" insert "No pay stations shall be established for the use of lines to and from points within the said city, but all subscribers to said telephones shall have the right to permit any person to use said telephones to points within the city."

Line 113: Strike out "tangible."

Line 134: Strike out "one year," and insert "Fifteen (15) months."

Line 200 After 'unless" insert "Said grantee, or his assigns, shall procure 3,500 bona fide subscribers in said city within four months from the acceptance hereof, and also that."

Line 217: After "assigns" insert "or make or enter into any bargain, stipulation or contract, with the Michigan Bell Telephone Co., its successors or assigns, or any other telephone company, and that the said business thereof shall be so conducted as not to impair or destroy competition in the use of telephones in said city, or the rates to be charged therefor."

Line 228: After "thirty" insert "miles."

Section 12: Strike out all after "Sec. 12," and insert in lieu thereof the following: "Or should said grantee, his successors, or assigns, at any time during the continuance of this ordinance consolidate with, sell or dispose of his or its rights, privileges, property and franchises to said Michigan Bell Telephone Co., or its successors or assigns, or to any other telephone company, or make or enter into any bargain stipulation or contract, with said Michigan Bell Telephone Co., its successors or assigns, or with any other telephone company, or if the business thereof should be so conducted as to impair or destroy competition in the use of telephones in said city, or the rates to be charged therefor, then all rights and privileges hereby granted, and all poles, conduits, wires, cables and all other property of said grantee, in all the streets, alleys and public places within said city shall become forfeited to the city of Detroit, and the said bond provided in section 11 hereof may be enforced and the full penal sum provided for therein shall be paid to the city of Detroit."

Add a new section to be known as section 13, to read as follows:

"Sec. 13.—This ordinance is conditioned upon the acceptance thereof by said grantee or his successors, within thirty days from the passage thereof, and shall take effect as soon as accepted."

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the communication from the Board of Public Works relative to paving of Mack avenue, together with the letter submitted by Archibald Grant, asking for an extension of time in which to complete said paving, respectfully report that we have carefully considered the matter and beg leave to state that we have given the matter our most careful consideration, and beg leave to state that inasmuch as it is too late to complete the pavement at

this time, and we do not feel disposed to allow the completion thereof before July 1, 1901 because lower bids may be obtainable at that time we recommend that the resolutions offered by Ald Moeller at a session held on the 24th day of July, 1900 (J C C 539) confirming the contracts entered into by the Board with A Grant for the paving of sections 1 2 and 3 of Mack avenue, be indefinitely postponed

On June 7th, 1898, an assessment roll for the paving of said Chandler avenue was confirmed, of which parts one and two have been sold to the city, parts three and four being still in the Receiver's office. The city having accepted the property, we can see nothing else to do but cancel the assessment, and therefore recommend that the City Treasurer be instructed to cancel the sale against said property for the paving of said street, and that the City Controller be instructed to draw his warrant in favor of the Receiver of Taxes for the sum of $26.72, being the amount due upon parts three and four for the paving of Chandler avenue, in 1898, and we herewith offer the following resolution

Gentlemen — Your Committee on Taxes, to whom was referred the petition of Karl Uhlik for the cancellation of a personal assessment, respectfully report that the petitioner is assessed upon a valuation of $500 for a stock of boots and shoes located at No. 571 Hastings street; that upon examination we find that the entire stock is not now and never has been worth the amount that it is assessed for; that the petitioner is barely able to make a living for himself and family, as the income from repairing shoes and the sale of what few pairs he might be able to sell, is insignificant. Gentlemen — Your Committee on Taxes, to whom was referred the petitions of Emery Wendell for the refunding of a tax; Traub Bros. & Co., for the cancellation of a tax; Charlotte F. Mason for the cancellation of a tax, A. H. Finn, for the cancellation of a mortgage tax, and James C. McGregor, for the correction of an erroneous tax, respectfully report that we have carefully considered the several petitions, and beg leave to submit the following facts.

In the case of Emery Wendell we find that through a clerical error in copying the amount from his statement, he was assessed upon a valuation of $1,750 instead of $750, which error is acknowledged. We therefore recommend the refund of the taxes upon $1,000.

In the case of Traub Bros & Co, we find that they were assessed upon a valuation of $1 800 for Waltham-Comet bicycles located at 15 Grand River avenue whereas said bicycles had been included in their statement filed covering their entire jewelry stock, making the same a double assessment. We recommend the cancellation thereof, the same being a double assessment

In the petition of Charlotte F Mason, we find that she was assessed upon a valuation of $1 800 whereas in reality she has not a dollar's worth of property, stock, etc in her possession Said assessment being erroneous, we recommend the taxes upon said amount be refunded

In the case of A H Finn we find that he has been assessed upon a mortgage of $1 00 which has been out of existence for seven or eight years although not discharged from the records Upon a former opinion of the Corporation Counsel we recommend the cancellation thereof

In the case of James C McGregor et al we find that they have been assessed upon a valuation of $50, whereas said valuation should have been only $30 which occurred through a clerical error in copying the figures from the field book to the rolls Such being the facts we recommend the granting of the petitions hereinbefore mentioned, and herewith offer the following resolutions

Gentlemen Your Committee on Taxes to whom was referred the petition of D L Davis for permission to pay certain general City taxes with a reasonable rate of interest added thereto upon certain property owned by him, her in after described, respectfully report that the petitioner is the owner of lot 15 Secor & Davis's sub of e 1 of south part St A on farm, s e corner of an alley south of Ferry avenue and west of St Aubin avenue, also lots 20 21 25 and 26 of Davis's sub of e 1 30 of the sub of St Aubin farm lying n and s south of Theodore street and w of St Aubin avenue, that the petitioner has been the owner of said lots since 1886 and left the collecting of rents and payments of taxes in the hands of agents, but that for some reason or another the taxes from 1886-1899 inclusive, upon those particular lots were left unpaid, so that the taxes with the heavy penalty and interest now due thereon amount to nearly the value of the property We find that the petitioner is willing to straighten this matter out, and asks that he be allowed to pay the face value of the taxes due upon those lots as appears upon the Treasurer's books with 6 per cent interest added thereto, which your committee believe to be a good settlement

We also find that the petitioner is the owner of lot 19 of said sub, which, although it has been used for street purposes, has never been deeded to the City of Detroit and therefore the Board of Assessors placed the same upon the general tax roll s

Mr Davis is willing to give the City a warranty deed of said lot 19 if it will have the City taxes due thereon cancelled, he taking care of whatever tax titles may be held against the same, in lieu of said lot 19 and interest due upon the lots previously described

Your committee believe it to be to the best interests of all parties concerned to close the matter up in this way and therefore recommend that the City Treasurer be instructed to accept from D L Davis the face value of the taxes for 1886 to 1899 inclusive on lots 15 20 21 25 and 26 hereinbefore described with 6 per cent interest added thereto, also that he be instructed to cancel the sales against lot 19 of said sub for whatever general taxes may be due thereon

Is benefited by opening and extending Theodore street, from Grandy avenue to Field avenue, where not already opened 80 feet wide as a public street and highway, except between Joseph Campau avenue and Mitchell avenue, which is 51.90 feet wide

And further resolved It is hereby determined that the sum of $11,000.00 is a just proportion of the compensation awarded by the jury for the property taken for said improvement, which should be paid by the owners or occupants of the pieces or parcels of real estate which will thus be benefited by said improvement.

And further resolved, That there be assessed and levied upon said several pieces and parcels of real estate included in the above description, the amount of $11,000.00, in proportion, as near as may be, to the advantage which each lot or parcel is deemed to acquire by such improvement.

And further resolved, That the Board of Assessors of the City of Detroit be, and they are hereby directed and instructed to proceed forthwith to prepare an assessment roll in conformity with the requirements of the charter of the city of Detroit relating to special assessments for collecting the expense of public improvements where a street is graded comprising the property hereinbefore described, upon which they shall assess and levy the amount of $11,000.00, each lot or parcel to be assessed at a ratable proportion as near as may be of said amount, in accord-

ance with the amount of benefit derived by such improvement

And it is further resolved That $5,934 19 of the award of the jury be paid by the city of Detroit out of the street opening fund

And further resolved, That said assessment shall be made in one part, which shall become due and payable in sixty days after the first publication by the Receiver of Taxes of the notice of said assessment.

To the Honorable the Common Council

Gentlemen — Your Committee on Parks and Boulevards to whom was referred the resolution of Ald McGraw relative to the purchase of property in the line of the West Grand boulevard from 16th street to the river bank, respectfully report that we have carefully considered the matter and personally visited the property, and beg leave to state that we are of the opinion, that this property should be secured by the city at this time if it can be secured at all as it can be purchased for less money than at a later period. Your committee recommend the acquirement of the property but are unable to state whether it is best to purchase the right of way by condemnation proceedings and therefore recommend that the matter be referred to the Corporation Coun-

sel for his written opinion as to which course will be the best to pursue.

The above statement shows the exact condition of the Board of Public Works General Road Fund and the amount of money that stands to their credit on Dec 1st last but which requires some explanation as to why this money is not on hand

There is included in the assets a bill against the Detroit Railway for $23 046.96 which is in litigation at this time and which may not be paid for some time to come There is also the Sidewalk Construction account, amounting to approximately $24 650 00, of which probably not more than one-half will be collected before the expiration of the present fiscal year so that the Board is practically bankrupt in the General Road Fund but on the other hand should the Board receive all that is due it from these

several sources, together with that money which it derives through the issuance of permits to gas and telephone companies, etc., which is estimated to be about $10,000.00 from Dec. 1st to June 30th, 1901, they would still have a comfortable credit amounting to about $12,000.00.

The following statement shows for itself the amount of money spent by the Board in resurfacing and patching streets during the past season, also the inventory of the stock and materials located in the Eastern and Western Yards:

While examining the members of the Board of Public Works, President Miller, in reply to several questions, stated that the city was divided into three districts, of which the Central District is controlled by him; the Eastern by Col Kallman, and the Western by Marshall H. Godfrey; that in the matter of selecting the streets that were to be resurfaced during the season, each member of the Board makes his own selections in the district under his control, instead of being selected by the Board as a whole, because the member in charge of the district is familiar with the conditions and knows the necessities better than the other members. The Board does not go over the streets but once or twice a year, and that is when the members of the Common Council and the Board of Estimates consider the necessity of repaving certain streets which have been submitted in the annual estimates.

Your committee would recommend a change of tactics in this matter and suggest that the streets that are to be resurfaced in the several districts be submitted to the entire Board for their final action. This rule is important, because the members of the Board would know exactly what amount of money would be necessary for this portion of the work, which comes out of the General Road Fund.

Upon looking over the appropriation for the present fiscal year, we find that the Board of Estimates appropriated the sum of $218 904 00 for the General Road Fund, out of which the sum of $60,004.00 had to be taken for the purpose of paying fixed obligations, leaving the sum of $158 900.00 for the carrying out of all the balance of the work necessary where the expense was to be taken out of this fund. The Board spent of this sum $77,152.18 for resurfacing (repairing) and patching streets, leaving only $32,647 82 for paying for material, paving street and alley intersections, bridge and dock repairs, etc.

In the opinion of your committee, the amount used for the resurfacing and patching of pavements is largely in excess of the amount allowed by the Board of Estimates for that purpose, thereby depleting the General Fund of moneys that ought to be used and were appropriated for other purposes.

Considerable money could have been saved by the Board had they invested less in the matter of materials, etc., purchased and now on hand in the Eastern and Western Yards, we believing that there is about twice as much stock on hand as is necessary for the Board's purposes.

While your committee cannot charge the members of the commission, after considering all the facts before them,

as being guilty of willful or corrupt malfeasance or misfeasance in office, we are strongly of the opinion that they were faulty in their executive ability. Had they taken proper care and supervision to husband their general road fund, it would not be in the depleted condition that it is in today.

The result is, therefore, as set forth in their communication that the Board requires the sum of $25,000 to carry them through to the end of the fiscal year. The question as to whether or not the Board could have this money legally loaned to them was submitted to the Corporation Counsel for his opinion, and in reply are informed, after quoting section 5, chapter 8, of the charter as amended in 1895, page 103, also section 4 of said act, also section 18, chapter 11, page 116 also section 15, title 11, that it is quite clear that where the Board of Estimates has acted upon specific items or funds, and has fixed the aggregate amount of money which may be levied and collected for such items or funds, no expenditure whatever beyond such limitation can be made. It is the policy of the law to safeguard the interest of the public by having the estimates for each fiscal year carefully considered by both the Common Council and the Board of Estimates, and it certainly is not permissable for either the Common Council or any board of the city or any officer thereof, to create any liability or to expend any money beyond that authorized in such estimates as approved.

The transfer of moneys from one fund to another except to the sinking fund is prohibited, although a special provision is made in section 22, title 11 as amended in 1896 page 96, for the distribution of liquor taxes to other funds but the express limitation upon expenditures for any specific purpose to the amount allowed for that purpose would prevent the incurring of any liability, or the payment of moneys beyond the amount allowed, even if the money could be obtained.

In conclusion, he states that if it be deemed advisable to provide other funds for any of the purposes included in the general road fund, that it will be necessary to apply to the legislature for an enabling act, hence it will be seen that the only possible way for the Board of Public Works to get out of the dilemma is for the Council to get an enabling act passed at the next session of the legislature allowing the Common Council to borrow an amount sufficient to meet the indebtedness of the general road fund.

We further find upon investigation that the policy that has been pursued for the last thirty years in the matter of paying the expense of repairing, resurfacing or patching streets out of the general road fund has not according to the opinion of the Corporation Counsel, been in compliance with the strict letter of the law. After giving a lengthy opinion of his examination of the various provisions of the charter of the city relative to the repairing of streets and street pavements and the proper method to be pursued in paying and expending money therefor, we are advised that the expense of repairing or patching streets or street pavements must be paid out of the ward district fund in which said streets or portions of streets are situated, and cannot be paid out of the general road fund.

Therefore, inasmuch as we are unable after exhaustive investigation to comply with the request of the Board of Public Works by loaning them the sum of $25,000, and whereas proper legislation must be first secured before any further steps can be taken, we recommend that both of the above matters, together with the Corporation Counsel's opinions, be referred to the Committee on Judiciary for its consideration and disposition.

Gentlemen: Your Special Committee on Ways and Means and Public Buildings, to whom was referred the communication from the City Controller relative to a letter received by him from Judge A. F. Sellers, calling attention to the necessity of a new floor covering in room No. 1 of the Police Court, respectfully report that we have carefully considered the matter and beg leave to state that there is no question, but what the covering is needed, and needed immediately, but your committee think it unwise to appropriate money from the contingent fund to pay for enough linoleum to cover this floor when there is money enough on hand to do this work. If this expense exhausts the fund let it do so. That which arises hereafter, can and will be taken care of when the time arrives.

Your committee, therefore, recommend that the Board of Public Works proceed with said work as requested by the Judge of the Court, and pay the expense thereof out of the public building fund.

Special.

To the Honorable the Common Council:

Gentlemen—Your Special Committee appointed on resolution of Ald. Tossy relative to the printing of the Fire Department's annual report by a non-union firm located outside of the City of Detroit, respectfully report that we have given the matter careful investigation and beg leave to state that the Secretary of the Fire Commission appeared before the committee at its session and made the following explanation:

At the time that the Fire Commission were preparing to have their annual report printed and bound, about 18 letters were sent out to all the printers in the city whose names appeared in the city directory under the head of "Printers," and one letter to George W Mattice, whose name did not appear among said list, which was accounted for by the fact that he was formerly a member of the firm known as the Wolverine Printing Co., but had entered into business for himself since the city directory was published. This would probably not have been sent had he not personally notified the Fire Commission that he was in business for himself and would like to place a bid upon work required by them.

It was not discovered until after the contract had been let to George W Mattice, who was the lowest bidder, that instead of having said work done in this city, that he either sublet the work to some firm in Hamilton, O., or was acting as their agent. This firm, upon investigation, was found to be what is commonly called an "open shop," employing other than union men to do their work. Had the Commission been aware of these facts prior to the time that the contract was entered into, said contract would not have been awarded to him, but as it was, the truth was not brought to light until after the contract had been let and part of the reports received by the Secretary.

Your committee would suggest, that hereafter, when printing contracts are to be let, that the Secretaries of the several Commissions and Boards of the city thoroughly inform themselves as to who the successful bidders are and get all the information possible so that there will not be a repetition of this kind. We recommend that the City Clerk be instructed to forward a copy of this report to the Secretary of every Board and Commission of the city.

Respectfully submitted,
LOUIS E. TOSSY,
EDWARD WILDMAN,
HOMER M'GRAW.

COMMUNICATIONS.

From the Mayor.

To the Honorable the Common Council

Gentlemen I have returned with approval, the ordinance entitled "An ordinance granting permission to J W Martin to construct operate and maintain a telephone plant in the City of Detroit" and I beg to submit to your honorable body that in the consideration of this ordinance, and in view of the fact that ordinances of similar character have not been practically successful in carrying out the main purposes of their enactment, I have conferred with the Corporation Counsel and find that it is his judgment the ordinances adopted by your honorable body entitled above, as an effective one as his judgment as any that can be adopted under existing laws

The clause providing for forfeitures in cases of combination with existing companies in telephone or other service does not seem to accomplish its purpose, as it has been held that forfeiture provided in such case cannot be enforced In his communication to me the Assistant Corporation Counsel closes his letter by saying that with a further legislation he is inclined to think that the ordinance could be materially strengthened It is far to differ from the text of the letter that proper legislation were enacted ordinances of this character might be made more effective

I shall take this opportunity to suggest that the subject matter of further legislation giving to the Common Council power to enact ordinances of this character but would further that the rights of the people be referred to the Corporation Counsel and the Committee on Legislation and Charter Amendments for such consideration and report as to how may seem most advisable and proper

Respectfully submitted

From the Corporation Counsel.

To the Honorable the Common Council

Gentlemen—I have the honor to inform you that on the thirty first day of December 1900 Theodore Melms commenced a suit against the City of Detroit and John McClellan, by service upon the City Clerk

Very respectfully,
JOHN W. McGRATH,
Chief Assistant Corporation Counsel

Accepted and placed on file

Ald Haarer and Grunow were excused.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—This office has, this day, been notified by the Controller that the street opening fund out of which the expenses of street opening cases are paid is exhausted

When I was placed in charge of this branch of the work in the office of the Corporation Counsel I found that a number of petitions had been filed, and were pending in the Recorder's Court as they had already been ordered by your honorable body I deemed it my duty to try them as rapidly as possible and the consequence has been that on the first day of July seven cases have been tried and disposed of, four of them being important cases involving large awards

The total amount of the cases tried by me is $100,156 while 11 cases were tried during the fiscal year 1899 and the awards involved $59,821 07

The Board of Estimate made no new provision for the street opening fund for this year leaving simply the amount left over from previous years in this fund which is reported to be $4,000 which could be properly expended for the expenses of these trials

The expenses for the trials of the preceding year as shown by the Controller's letter amounted to $7,148 There still remains to be tried on the docket of the Recorder's Court 30 streets and four alleys Not having been informed of the state of the fund I had arranged to take up the pending cases of John R street, from Holbrook avenue to the city limits tomorrow morning The jury has been summoned and witnesses subpoenaed The expenses of summoning the jury, and one day's pay, and the expenses for summoning witnesses and witnesses fees will amount to about $150, and this amount must be met

If it is the desire of your honorable body to proceed with these cases it will be necessary to appropriate the necessary money

It seems to me that at least John R street should be provided for as otherwise the expenses already incurred will be wasted

I had assumed from the fact that the Common Council had instructed the Corporation Counsel to proceed with these cases that it was the desire of your honorable body that they should be tried as rapidly as possible and I have pursued this policy until now I find that the fund is exhausted and unless your honorable body provides the means of defraying court expenses, advertising etc it will be necessary to suspend the trials until the next meeting of the Board of Estimates

The only recommendation I desire to make in the matter is that at least John R street should be provided for and this will involve an appropriation of at least $1,200 When estimating these expenses, it is, of course necessary to take into consideration the importance of the openings

The time involved in trying a case in which the award is small is necessarily short the witnesses are less numerous and the expenses are therefore materially lessened You will notice however, that among the cases tried by me are Belvidere avenue, where the award was $12,732 the widening of Beaubien street where the award was $29,068 75, St Paul avenue $28,371 85 Cavalry avenue $25,827 59 besides there were Twenty fifth street $1,956 41 Stanley avenue $3,682 and Church street where the jury returned a verdict of no necessity

If it is the desire of your honorable body to proceed with John R street, or any other street I would suggest that it would be necessary for your honorable body to provide the necessary money from the only fund available for this purpose namely, the House of Correction fund

Whatever action is taken should be taken immediately so that the cases may proceed tomorrow, and the amount of expenses already incurred saved to the city

I would further call the attention of your honorable body to the fact that $1 has been paid out of the Street Opening Fund to meet the cost of settlement with the American Savings Bank for a claim made by them for the amount of a mortgage which the bank held where they were not made a party to the petition consequently were not awarded any damages I am not informed at present when this case was tried though, I believe it was about two years ago, or at any event it was prior to July 1 last At present it appears to me that this money should not have been taken from the Street Opening Fund as it was clearly a contingent expense that the bank had been made a party to the petition and an award given them by the jury that amount would have been included in the assessment upon the property holders in the assessment dis-

trict. I think that this $1,600 might be transferred from the Contingent Fund to the Street Opening Fund, and this would allow us to proceed with the trial of John R. street.

I have the honor to remain,
Very respectfully,
A. B. HALL,
Assistant Corporation Counsel.

Accepted and referred to the Committee on Ways and Means and Street Openings.

From the Board of Public Works.

To the Honorable the Common Council.

Gentlemen—In reply to a notice from this office the following proposals for constructing a public brick sewer were received

In Maple street, from St Aubin avenue to Chene street, 994 lineal feet,

John Jeynes	$3,386 45
T. G Whittaker	4,672 40
Langley & Jeynes	3,517 00
John Wagner, Jr	3 849 00
Julius Porath	4,496 00
J. A. Mercier	3,685 50
G. E. Currie	3,929 00

The board has entered into contract with Langley & Jeynes the lowest bidders therefor, and asks approval and confirmation of same by your honorable body

Respectfully submitted,
J. W. MILLEN,
President.

Accepted, and leave being granted, the following resolution was offered:
By Ald Koch:

Resolved, That the contract entered into by the Board of Public Works with Langley & Jeynes for constructing a brick public sewer

In Maple street, from St Aubin avenue to Chene street, 994 lineal feet, 3.0x4.0, two manholes

be and the same is hereby approved and confirmed

Referred to the Committee on Sewers.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—The Board of Public Works respectfully reports that lateral sewers Nos. 1195 and 1218, heretofore ordered constructed, have been fully completed according to contracts and specifications therefor, and that all parties interested have been duly notified as required by ordinance, and the board herewith transmits assessment rolls Nos. 6283 and 6284, for constructing said sewers, and respectfully asks their approval and confirmation.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted, and leave being granted, the following resolution was offered:
By Ald Koch:

Whereas, It appears from a communication from the Board of Public Works that lateral sewers,

No 1195 In Sixth street, from Lysander street to Forest avenue,

No 1218. In alley between Morrell, Ferdinand, Christiancy and Dix avenues,

Have been fully completed in accordance with the contracts and specifications for the same;

Whereas, No person has appeared to object to assessment rolls Nos. 6283 and 6284, and due notice having been given as required by ordinance;

Resolved, That the laterals above described, are hereby accepted, and that said assessment rolls therefor are hereby approved and confirmed, and the Controller is hereby directed to place the same in the hands of the Receiver of Taxes for collection.

Referred to the Committee on Sewers.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—On Nov. 21, 1899, the Common Council adopted a report from the Committee on Streets, recommending that the Corporation Counsel take such proceedings as may be necessary to compel the Grand Trunk Railway Co. to vacate Hastings street, where they had built spur tracks without authority from the Common Council On Dec 29, 1900, the Board of Public Works received a communication from the Corporation Counsel's office in reference to the matter. After briefly stating the history of the case, the letter says, "Under the circumstances, the railroad company being trespassers, it is not necessary to take any legal proceedings, but in compliance with the recommendation of the Council, I beg leave to inform you that the proper course is for your board to remove these spur tracks crossing Hastings street The railroad company has been repeatedly requested by this office to show by what authority these tracks were laid, and the attorney for the company has admitted that he can show no such authority."

On Monday afternoon a representative of the Grand Trunk Railway Co. visited the office of the Board of Public Works in reference to the matter, and stated the company were perfectly willing to test the matter in the courts The Board believes that that would be a better way to handle the matter than to tear up the tracks, and suggests that the recommendation of the Committee on Streets, adopted Nov. 21, 1899, be carried out, and the Corporation Counsel instructed to commence legal proceedings.

Respectfully submitted,
J. W. MILLEN,
President.

Accepted and placed on file.

From the Board of Assessors.

To the Honorable the Common Council:

Gentlemen—We herewith transmit to your honorable body assessment roll No 591, for grading and paving River street, from the west line of Porter farm to the east line of Clark avenue.

The usual notice required by law has been given to the parties in interest, as will appear by the annexed notice and affidavit of publication. We have, therefore, signed the same, and report it to your honorable body.

Very respectfully
THE BOARD OF ASSESSORS.
By BENJ. GUINEY,
President.

Accepted and leave being granted the following was offered:
By Ald Mosier:

Resolved, That assessment roll No. 591, for paving and grading River street

from the west line of Porter farm to the east line of Clark avenue, is hereby approved and confirmed, that the description of premises and the names of persons contained therein are received as correct, and that the sums which the said assessment roll states to be the correct ones which each individual or set of individuals should be assessed at and pay, be the assessment and be collected from the several persons liable to pay the same according to law.

To the Honorable the Common Council.

Gentlemen: I beg to inform your honorable body that I have been served with a copy of summons issued out of the Circuit Court for the County of Wayne, in a cause therein commenced, wherein Theodore Mains is plaintiff and the City of Detroit et al. are defendants.

I have referred the same to the Corporation Counsel.

Very respectfully,
JOHN A. GROGAN,
City Clerk.

Accepted and placed on file.

Ald. Biehl was called to the chair.

REPORTS OF COMMITTEES.

Ways and Means.

To the Honorable the Common Council.

Gentlemen: Your Committee on Ways and Means to whom was refer-

red the reports of the various city officers for the week ending Dec. 29, 1900, respectfully report that with the Chief Accountant we have examined the same, and believing them to be correct, recommend their approval.

Respectfully submitted,
WALTER H. COOTS,
OLIVER H GRUNOW,
JOHN WEIBEL,
WM. C. HOUGHTON.

Accepted and adopted as follows:

Yeas—Ald. Atkinson, Barrie, Beamer, Coots, Frecher, Hanajosten, Hilliger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President Pro. Tem.—23.

Nays—None.

Claims and Accounts.

To the Honorable the Common Council:

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of Jan. 2, 1901. Also voucher No. 10, Edward A. Shilling, $200, respectfully report that we have examined the same, and believing the same to be correct, recommend that they be paid from the proper funds.

Respectfully submitted,
JOHN C. BLEIL,
EDWARD WILDMAN,
BASIL A. LEMKE,
M. W. M'GUIRE.

Accepted and adopted as follows:

Yeas—Ald Atkinson, Barrie, Beamer, Coots, Frecher, Hanajosten, Hilliger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Weller, Wildman and the President Pro. Tem.—23.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the petition of Theodore Melms vs. City of Detroit, asking for damages for the destruction of property on account of its unsanitary condition, respectfully report that we have given the matter our careful consideration and beg leave to state that we submitted the testimony taken to the Corporation Counsel for his opinion, and in reply are advised that there is no legal liability against the city. We therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,
JOHN C BLEIL,
E WILDMAN,
BASIL A. LEMKE,
M W M'GUIRE.

Accepted and adopted.

Grade Separation.

To the Honorable the Common Council:

Gentlemen—Your Committee on Grade Separation upon completing their labor for the year 1900, take pleasure in announcing that substantial progress has been made. The work of separating the Woodward avenue crossing has been fully completed with the exception of placing the bridge on the abutments. This delay has been caused by the inability of the Detroit Bridge & Iron Works to secure the material necessary for the construction of the bridge, as promptly as had been expected, but your committee have the assurance that this part of the work will be completed on or before February 1 next.

The question of damages to abutting property owners will not be settled until the work is fully completed.

Your committee recommend that the crossings at Grand River, Warren, Fourteenth and Michigan avenues, be next considered, owing to the heavy traffic at these points, and to the fact that the City Engineer has made complete surveys and drawings of the work at these crossings. We also recommend that at all of these points the elevation of the railway tracks be placed at not less than six feet above the present level of the tracks.

We desire to state further that we have been unable to reach any agreement with the Grand Trunk railway covering their line from Congress street to the Milwaukee Junction, the company giving as their reason, that it is financially unable to undertake the work. We therefore recommend, in as much as it is considered unwise to attempt to force the separation in this territory under the present law, that the Corporation Counsel be instructed to draft, for the consideration of the Legislature, such a bill as will enable the city to force the separation of grades at all points where an amicable agreement cannot be reached with the railway companies. The provisions of the bill to be such as will provide for the division of expense between the city and the railway companies substantially as in the case of the Woodward avenue separation.

Your committee believe that with the exception of the territory on the east side previously mentioned, the city will be able to reach agreements in all cases, but it deems it necessary to have an equitable law under which proceedings may be had in case agreements cannot be amicably reached.

Respectfully submitted,
W H. BEAMER,
WALTER H COOTS,
JOHN C BLEIL,
JOSEPH M'ERRELL,
JOHN WEIBEL.

Accepted and adopted.

Streets.

To the Honorable the Common Council:

Gentlemen—Your Committee on Streets, to whom was referred the petition of Henry Frederick, asking for return of check put up with bid for the paving of Field avenue, respectfully report that we have carefully considered the matter and beg leave to state that on Sept 19 last, the petitioner tendered a bid to the Board of Public Works for the paving of Field avenue from Kercheval to Mack avenues, and in compliance with the rules and regulations governing such bids, said bid was accompanied by a certified check of $1,000 that he, being the lowest bidder, said bid was accepted by the Board of Public Works and a contract entered into by the petitioner; that on Dec. 11 last, a resolution was offered in the Council by which the time for completion was extended to July 1, 1901, and the Board

instructed to enter into a contract accordingly but which resolution did not prevail. Your committee recommend inasmuch as the resolution extending the time for completion was not adopted that the Board of Public Works be requested to return to him the certified check above referred to.

Respectfully submitted.
WM F MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted and the recommendation concurred in as follows:

Yeas—Ald Atkinson, Barrie, Beamer, Coats, Fracher, Hansjosten, Heger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Welker, Wildman and the President, Pro Tem—25.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen: Your Committee on Streets, to whom was referred the petition of Amanda Weems for permission to pay a paving assessment without penalty and interest, respectfully report that we have carefully considered the matter and beg leave to state that the petitioner is the owner of lot 52 of Albert Trinks' sec. of the Rivard farm, on Wilkins street, Fifth Ward, that she is a widow with no means of support other than that she receives from her neighbors, and that she has been sick and confined for the last two months, that she is compelled to mortgage her home in order to pay her doctor bill, who refuses to attend her unless he receives some compensation, that she cannot mortgage her home, because of the fact that certain taxes and special assessments remain unpaid. Your committee feel satisfied that this is a case worthy of consideration, and therefore recommend that the petitioner be allowed to pay her paving assessment without penalty and interest, and we herewith offer the following resolution:

Respectfully submitted,
WM F MOELLER,
MICHAEL MILLER,
JOSEPH MERRELL.

Accepted and on leave the following resolution was offered:

By Ald Moeller:

Resolved, That the City Treasurer be and is hereby authorized and instructed to receive from Amanda Weems the petitioner of a paving tax lien against lot 52 of Albert Trinks' sec. of the Rivard farm, on Wilkins street, Fifth Ward, for the payment of paving assessment, No. as appears upon his books.

Accepted as follows:

Yeas—Ald Atkinson, Barrie, Beamer, Coats, Fracher, Hansjosten, Heger, Houghton, Knauss, Koch, Koenig, Lemke, McGraw, McGuire, Mayhew, Merrell, Miller, Moeller, Reinhardt, Schneider, Smith, Snow, Steiger, Tossy, Weibel, Welker, Wildman and the President, Pro Tem—25.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen: Your Committee on Streets, to whom was referred the petition of J. G. Pautze for permission to operate and maintain a lunch wagon, respectfully report that the petitioner is desirous of maintaining a lunch wagon on the business corner of the city, because of the fact that he is an invalid and unable to do any manual labor, his health having become impaired while serving as a private in the 33d Michigan regiment. Your committee can see no harm in granting this permission, because of the fact that the one that has been there for some six years past has been of little or no inconvenience to any one. As we do not think that another one located near the soldiers' monument will be of harm to any one we recommend that the request of the petitioner be granted, and herewith offer the following resolution.

Respectfully submitted,
WM F MOELLER.

Accepted, and on leave the following resolution was offered:

By Ald Moeller:

Resolved, That permission be and is hereby granted to J. G. Pautze to operate and maintain a lunch wagon near the soldiers' monument from 7:30 p. m. to 9 o'clock a. m. daily.

Ald Moeller moved the adoption of the resolution, which motion did not prevail, as follows:

Yeas—Ald Beamer, Fracher, Hansjosten, Heger, Houghton, Koenig, Lemke, Moeller, Reinhardt, Steiger, Tossy, Wildman and the President, Pro Tem—13.

Nays—Ald Atkinson, Barrie, Coats, Knauss, McGraw, McGuire, Mayhew, Merrell, Miller, Schneider, Smith, Snow, Weibel and Welker—14.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen: Your Committee on Streets, to whom was referred the petitions of Julius Poreth, Thomas J. Kennedy, E. K. Roberts & Co., William Lappin and John McLoughlin & Co., for a refund of fines imposed upon them, as contractors, by the Board of Public Works, respectfully report that we have carefully considered the matter and beg leave to state that we submitted the several petitions to the Corporation Counsel for his written opinion, and in reply were advised in part as follows: "I have the honor to inform you that upon the facts as stated to me by your committee namely, that in the several cases none of the contractors were directed by the Board of Public Works when to commence proceedings under their contracts, nor were said several fines imposed in pursuance of the stipulations contained in the contract for stipulated damages, at a fixed sum per day.

The several contracts contain a clause that the Board of Public Works shall give notice when to commence work thereunder, but it cannot be said that the contractor is in default until he has received such notice. As I have before advised you, the provision in the several contracts for the payment of stipulated damages is a contractual relation between the contractors and the city, and where contractors are in default such stipulations may be enforced according to its terms, but such facts do not seem to be the case here. Although these so called fines were imposed without authority, it does not necessarily follow that

they could by suit recover it back but inasmuch as it has been imposed against their consent Justice would seem to require that it be refunded.

Your committee agree with the views of the Corporation Counsel, and therefore recommend that the several contractors be refunded the amounts of the liens imposed upon them, and herewith offer the following resolution

Respectfully submitted,
WM F MOELLER
MICHAEL MILLER,
JOSEPH MERRELL

Accepted and on leave, the following resolution was offered.

By Ald Moeller

Taxes.

To the Honorable the Common Council

Gentlemen: Your Committee on Taxes to whom was referred the petition of Wm Currie Engle for refunding of taxes respectfully report that we have carefully considered the matter and beg leave to report that the petitioner was assessed for the year 1900 for the sum of $[illegible] on lot [illegible] and offers to pay the taxes thereon and offers to pay $[illegible]

The facts having been found to be such recommend that the petitioner be refunded the amount of said tax and herewith offer the following resolution

Respectfully submitted

FROM THE SAME

To the Honorable the Common Council.

Gentlemen Your Committee on Taxes to whom was referred the petition of Wm Dannstadter for the cancellation of certain tax F L Baker for the refunding of a tax Mrs Katie Andre for permission to pay taxes without interest and Goodrich & Williams for the cancellation of certain taxes respectfully report that we have carefully considered the matter and beg leave to state that in regard to the petition of Wm Dannstadter we find that he was assessed upon a valuation of $2 400 personal without filing a statement as required and that he was assessed a valuation of $4 000 personal in the Seventh Ward which is admitted that he should be assessed for which is acknowledged by the Assessors

We recommend that the taxes so illegally assessed be cancelled amounting to $31 48

In the case of F L Baker we find that he represents the First Free Methodist Church and that said church purchased lots 11 12 13 Block 3 and of lots 9 of the T J & D J Campau sub of frac sec 29 and 4 T 1 S R 12 E corner Chene street and Brainbey avenue on the 19th day of February 1900 being the date of record of the deed and that said property was bought expressly for use and occupancy by the church, but that for the reason it should not be put upon the rolls for the year 1900, the taxes of which they believe they should have been exempt, and which belief is concurred in by your committee We recommend a refund of the amount paid

In the matter of the petition filed by Mrs Katie Andre for permission to pay certain taxes without interest the following explanation is given She is the owner of lot 9 block 24 of the Log Cabin farm s side of Maple street which was given her by her aged father in consideration that she support him during the remainder of his years That through some oversight the taxes upon said lot for the year 1899 remained unpaid and that on account of not having any income other than that received by herself she asks that she be allowed to pay the face value of said tax as appears upon the City Treasurer's books

The committee believing this to be a worthy case recommend the granting of the request

In re petition of Caroline D Williams for cancellation of a double assessment respectfully report that per agent filed a statement with the Board of Assessors from her place of residence No 45 Chester avenue showing her assessable property to be worth $2 500, which said statement was accepted that in said statement was included the personal effects located at 115 Congress street, known as the Dewery stable of Williams Bros that the Assessors were not aware of said facts and therefore assessed said property located at 115 Congress street against Williams Bros for $4 000 but for which no statement was filed There is no question but that this is a double assessment and we recommend that the taxes on the $4 000 assessment be canceled, and we herewith offer the following resolutions

Charter and City Legislation.

To the Honorable the Common Council:
Gentlemen Your Committee on Charter and City Legislation to whom was referred the resolution offered by Ald Koch, requesting this committee to consider the advisability of introducing a bill at the next session of the Legislature providing for the issue of special assessment lateral sewer bonds similar to the present system of issuing street paving bonds respectfully report that we have carefully considered the matter and beg leave to state that we are heartily in accord with the idea conveyed in said resolution as we believe that it will result in securing lower bids for the construction of lateral sewers because of the fact that the contractors will receive their money upon completion of the work instead of waiting until such time as the abutting property owner pays his assessment
We therefore recommend that the Corporation Counsel be instructed to draft such a bill and present it at the next session of the Legislature and urge upon them the necessity of the passage thereof

To the Honorable the Common Council
Gentlemen Your Special Committee appointed to represent the city of Detroit at the Detroit Day at Lookout Mountain Tennessee, held at the city of Charleston S C, Dec 12 1900 beg leave to report that the committee duly obeyed and executed their trust in behalf of the city of Detroit in meeting the committee of the city of Charleston and the Detroit Day Committee at Lookout Mountain and participating with them in the exercises as well as the addresses to be published at length at the Detroit Day dinner of the evening of the same day, the fact constantly in the minds of the committee was for the purpose of securing all possible advantage and experience for the benefit of the city of Detroit and to that end made such observations as to many matters and things of interest information on which will undoubtedly greatly benefit the city and your committee will avail themselves of the opportunity to give such information and the subjects concerned to the city from time to time
It is of course the duty of every citizen of Detroit to do everything in his power to

ters were intensely interesting, for they were participated in by men who had given the subjects careful consideration consequently their opinions might be considered as those of experts

Your committee would be pleased to place at the disposal of the Council such information as it has accumulated, but feel that in printing a report that could not be read as complete as the official proceedings of the convention (which will be in your hands at an early date) would be useless expenditure of money

However your committee would be gratified, pleased to give your honorable body or any committee thereof the benefit of the experience of the convention, or to take up any matter that may be discussed with any individual member

Your committee feel as did the committee representing the city of Detroit in the convention of 1899, that it was a great honor and privilege to represent our city in an assemblage of representatives of the leading cities of the continent, our fair Detroit
